

Government Information (Public Access) Act 2009 – Last Updated 4 December 2020

The **Government Information (Public Access) Act 2009** is designed to meet community expectations for more open, accountable and transparent government. The Act requires councils to record and publish information about contracts when entered into with the private sector. A register of government contracts is mandatory open-access information, required under sections 6 and 18 of the GIPA Act. How this information is made available is prescribed in Part 3, Division 5 (sections 27 - 40 inclusive). The register must be published on Councils website and made public in any other way Council decides.

**\*Refer Contract Class definitions on Last page of Report**

### **Class 1 Contracts:**

All contracts over \$150,000 (including GST) are class 1 contracts unless they meet the specific requirements of classes 2 or 3.

### **Class 2 Contracts:**

A class 2 contract is any contract valued between \$150,000 and \$5 million (including GST):

- that wasn't awarded as the result of a tender process but:
  - was negotiated directly with the contractor, and
  - the contract isn't publicly disclosed.
- that was awarded from a tender but whose terms and conditions have been substantially negotiated with the successful bidder.
- under which obligations to maintain or operate infrastructure or assets will continue for 10 years or more.
- that involves a 'privately financed project' as defined by the Treasury ([TPP17-07 NSW PPP Guidelines](#)).
- which involves the transfer of a significant asset to another party in exchange for another asset.

### **Class 3 Contracts:**

Class 3 contracts are **Class 2 contracts** with an estimated value over the life of the contract of \$5 million or more (including GST).
