

**LEVEL CROSSING UPGRADE  
MAHER ROAD,  
LEETON  
23 – 26 JAN 2021**

**JOHN  
HOLLAND**

**Improving the Country Regional Network**

Transport for New South Wales (TfNSW) is upgrading the level crossing on Maher Rd, Leeton as part of the NSW Government's rail infrastructure program across the Country Regional Network.

Works are being completed by TfNSW's contractor, John Holland Rail (JHR). JHR operate and maintain the Country Regional Network across NSW under a ten-year contract with TfNSW.

**Why is the work being completed?**

These works are being undertaken to remove and replace deteriorated elements of the existing level crossing and ensure continued safe access for the community.

**When will work commence?**

Works are currently scheduled to be completed on Saturday 23 January to Tuesday 26 January 2021, subject to final approvals and weather conditions.

**Site operations will run from 6.00am to 6.00pm.**

**How will I be affected?**

The Maher Rd level crossing will be closed to all traffic from 6.00am on Saturday 23 January to 6.00pm on Tuesday 26 January 2021.

Traffic control boards will be posted on the approach to the works, outlining changes to traffic. There is potential for noise and dust from the work.

We will endeavour to minimise disruptions to local traffic and business as best as feasibly possible.

Please contact our Community Relations team on **1300 661 390** or email **crn.enquiry@jhg.com.au** for further enquiries.
