

The **Government Information (Public Access) Act 2009** is designed to meet community expectations for more open, accountable and transparent government. The Act requires councils to record and publish information about contracts when entered into with the private sector. A register of government contracts is mandatory open-access information, required under sections 6 and 18 of the GIPA Act. How this information is made available is prescribed in Part 3, Division 5 (sections 27 - 40 inclusive). The register must be published on Council's website and made public in any other way Council decides.

*Refer Contract Class definitions on Last page of Report

Class 1 Contracts:

All contracts over \$150,000 (including GST) are class 1 contracts unless they meet the specific requirements of classes 2 or 3.

Class 2 Contracts:

A Class 2 contract is any contract valued between \$150,000 and \$5 million (including GST):

- That wasn't awarded as the result of a tender process but:
 - Was negotiated directly with the contractor, and
 - The contract isn't publicly disclosed.
- That was awarded from a tender but whose terms and conditions have been substantially negotiated with the successful bidder.
- Under which obligations to maintain or operate infrastructure or assets will continue for 10 years or more.
- That involves a 'private financed project' as defined by the Treasury (TPP17-07 NSW PPP Guidelines).
- Which involves the transfer of a significant asset to another party in exchange for another asset.

Class 3 Contracts:

Class 3 contracts are **Class 2 contracts** with an estimated value over the life of the contract of \$5 million or more (including GST)
