≡ Welcome ≡

**Dear resident,
Welcome to the Leeton Shire and thank you for choosing to make your home here. You are joining us in discovering the wonderful benefits of living in modern regional Australia which has so much to offer.**

Leeton Shire acknowledges the Wiradjuri people, the traditional custodians of this Land. As a community, we pay our respects to elders past and present, and to future generations. We also acknowledge and recognise the strength, resilience and capacity of all Aboriginal people of this Land.

Highlights of the Leeton Shire include our rich heritage, diverse agricultural production and manufacturing, quality health, education and sporting services, affordable housing and a strong community spirit. Community events are regular occurrences and you'll also discover some of the best food and wine in Australia.

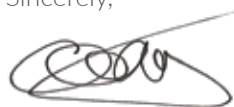

The Shire's current population of around 11,500 comprises a rich blend of cultures. We're very proud to be a supportive, vibrant community that welcomes new settlers, migrants and refugees.

Leeton Shire Council hopes that the information contained in this New Residents' Kit provides you with an introduction to services, facilities and places in the Leeton Shire and assists you to settle in smoothly.

There are several more community groups working towards making the Leeton Shire an enjoyable, supportive and rewarding place to live. More information on these groups can be found in the Leeton Shire Community Services Directory available online at www.bit.ly/LeetonCSD. If at any time you need more information, please contact Council and we will be delighted to help you.

Again, a warm welcome to the beautiful Leeton Shire and best wishes as you settle into your new community!

Sincerely,

Tony Reneker
Mayor

Shire Overview

Leeton Shire is a local government area in the Western Riverina region of New South Wales. Around 1,167 square kilometres in size, Leeton Shire includes the towns of Leeton, Yanco and Whitton and the villages of Murrami and Wamoon.

The Western Riverina region enjoys a semi-arid climate with hot dry summers and cool winters. The maximum average summer temperature is 32 degrees Celsius and the maximum average winter temperature is 15 degrees Celsius. The average annual rainfall is 457 millimetres.

Leeton Shire is well connected and easily accessible by air, coach, rail and road to regional centres and capital cities. The distance to Sydney is 584 kilometres; to Melbourne is 470 kilometres; to Canberra is 371 kilometres; and to Wagga Wagga is 125 kilometres.

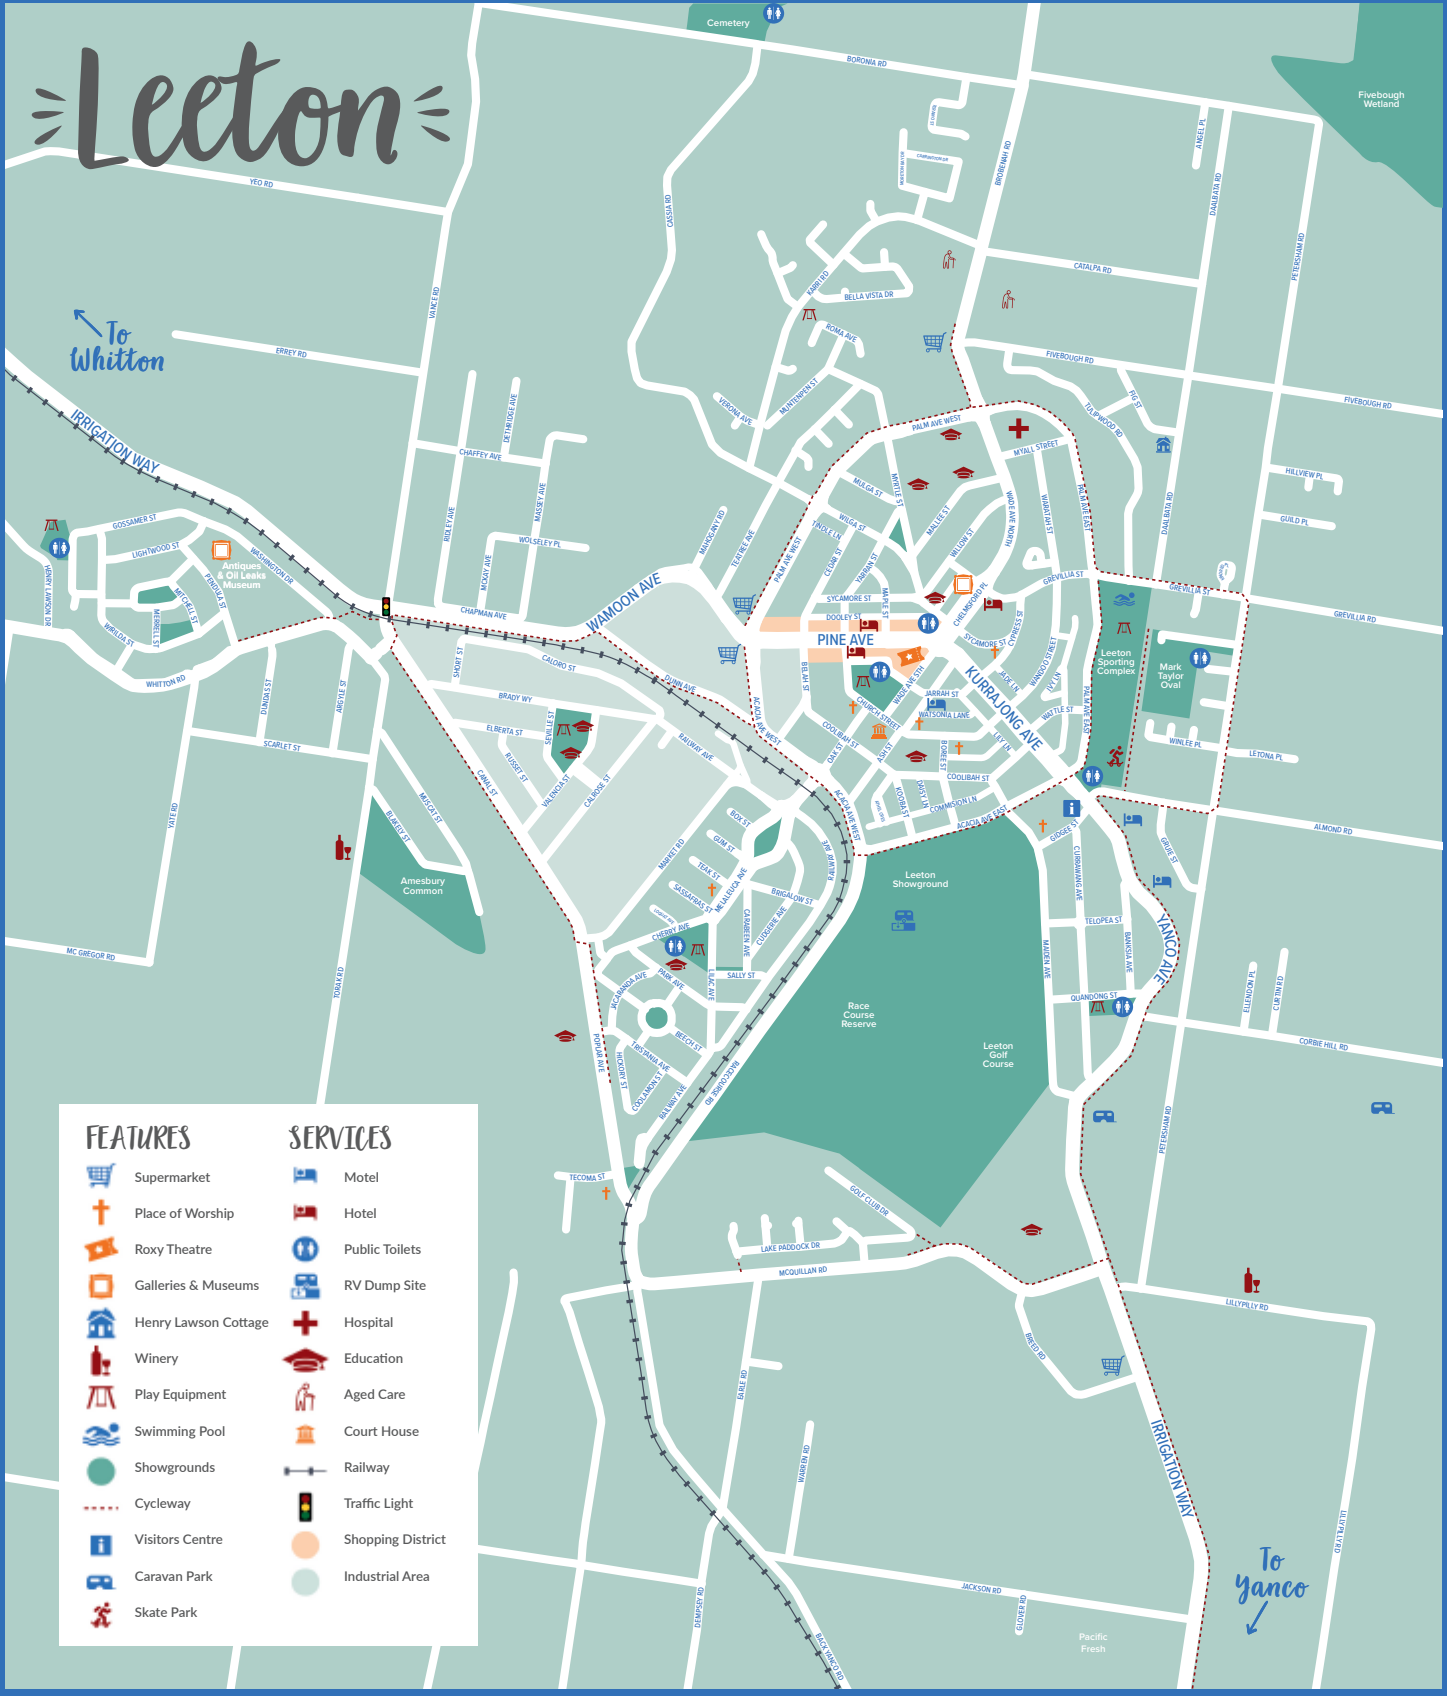

Located adjacent to the Murrumbidgee River, the Leeton Shire is also the centre of the Murrumbidgee Irrigation Area (MIA). The MIA was purposely built over one hundred years ago as part of the Murrumbidgee Irrigation Scheme through the extraordinary vision and hard work of pioneers and governments. The irrigation scheme was designed to drought proof inland Australia and provide national food security.

Today the MIA is one of the most diverse and productive regions in Australia and the heart of Australia's food bowl. Citrus, grapes, grains, nuts, vegetable, livestock, cotton farms and other crops are found abundantly throughout the area, playing a significant role in feeding and clothing people from around the nation and the globe.

The town of Leeton was designed by Sir Walter Burley Griffin who also designed Canberra, the nation's capital. Thirty-five buildings in the Leeton Shire are listed with the Australian Institute of Architects' Register of Significant 20th Century Buildings, including the landmark Roxy Community Theatre.
