#### **Overview**

Leeton Shire Council is constituted under the Local Government Act 1993 (NSW) and has its principal place of business at:

23-25 Chelmsford Place Leeton NSW 2705

Council's guiding principles are detailed in Chapter 3 of the LGA and includes:

- · principles applying to the exercise of functions generally by council,
- principles to be applied when making decisions,
- principles of community participation,
- · principles of sound financial management, and
- · principles for strategic planning relating to the development of an integrated planning and reporting framework.

A description of the nature of Council's operations and its principal activities are provided in Note 2(b).

Through the use of the internet, we have ensured that our reporting is timely, complete and available at minimum cost. All press releases, financial statements and other information are publicly available on our website: www.leeton.nsw.gov.au.

# Understanding Council's financial statements

#### Introduction

Each year, individual local governments across New South Wales are required to present a set of audited financial statements to their council and community.

## What you will find in the statements

The financial statements set out the financial performance, financial position and cash flows of Council for the financial year ended 30 June 2018.

The format of the financial statements is standard across all NSW Councils and complies with both the accounting and reporting requirements of Australian Accounting Standards and requirements as set down by the Office of Local Government.

## About the Councillor/Management Statement

The financial statements must be certified by senior staff as 'presenting fairly' the Council's financial results for the year and are required to be adopted by Council – ensuring both responsibility for and ownership of the financial statements.

## About the primary financial statements

The financial statements incorporate five 'primary' financial statements:

#### 1. The Income Statement

Summarises Council's financial performance for the year, listing all income and expenses.

This statement also displays Council's original adopted budget to provide a comparison between what was projected and what actually occurred.

#### 2. The Statement of Comprehensive Income

Primarily records changes in the fair value of Council's Infrastructure, Property, Plant and Equipment.

#### 3. The Statement of Financial Position

A 30 June snapshot of Council's financial position indicating its assets, liabilities and "net wealth".

## 4. The Statement of Changes in Equity

The overall change for the year (in dollars) of Council's "net wealth".

#### 5. The Statement of Cash Flows

Indicates where Council's cash came from and where it was spent. This statement also displays Council's original adopted budget to provide a comparison between what was projected and what actually occurred.

#### About the Notes to the Financial Statements

The Notes to the Financial Statements provide greater detail and additional information on the five primary financial statements.

## About the Auditor's Reports

Council's annual financial statements are required to be audited by the NSW Audit Office. In NSW the auditor provides 2 audit reports:

- an opinion on whether the financial statements present fairly the Council's financial performance and position, and
- 2. their observations on the conduct of the audit, including commentary on the Council's financial performance and financial position.

## Who uses the financial statements?

The financial statements are publicly available documents and must be presented at a Council meeting between seven days and five weeks after the date of the Audit Report.

The public can make submissions to Council up to seven days subsequent to the public presentation of the financial statements.

Council is required to forward an audited set of financial statements to the Office of Local Government.

# General Purpose Financial Statements

for the year ended 30 June 2018

# Statement by Councillors and Management

made pursuant to Section 413(2)(c) of the Local Government Act 1993 (NSW) (as amended)

#### The attached General Purpose Financial Statements have been prepared in accordance with:

- the Local Government Act 1993 (NSW) (as amended) and the regulations made thereunder,
- the Australian Accounting Standards and other pronouncements of the Australian Accounting Standards Board
- the Local Government Code of Accounting Practice and Financial Reporting.

#### To the best of our knowledge and belief, these financial statements:

- present fairly the Council's operating result and financial position for the year,
- accord with Council's accounting and other records.

We are not aware of any matter that would render these statements false or misleading in any way.

Signed in accordance with a resolution of Council made on 24 October 2018.

# Notes to the Financial Statements

for the year ended 30 June 2018

# Note 1. Basis of preparation

These financial statements were authorised for issue by Council on 29/10/2018.

Council has the power to amend and reissue these financial statements.

The principal accounting policies adopted in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

#### **Basis of preparation**

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Australian Accounting Interpretations, the *Local Government Act 1993 (NSW)* and Regulations, and the Local Government Code of Accounting Practice and Financial Reporting. Council is a not for-profit entity for the purpose of preparing these financial statements.

The financial statements are presented in Australian dollars and are rounded to the nearest thousand dollars.

Full dollars have been used in Note 20 Related party disclosures in relation to the disclosure of specific related party transactions.

Unless otherwise indicated, all amounts disclosed in the financial statements are actual amounts.

Specific budgetary amounts have been included for comparative analysis (to actuals) in the following reports and notes:

- Income statement
- Statement of cash flows
- Note 18 Material budget variations

and are clearly marked.

#### (a) New and amended standards adopted by Council

There have been no new (or amended) accounting standards adopted by Council in this year's financial statements which have had any material impact on reported financial position, performance or cash flows.

## (b) Historical cost convention

These financial statements have been prepared under the historical cost convention, as modified by the revaluation of certain financial assets and liabilities and certain classes of infrastructure, property, plant and equipment and investment property.

#### (c) Significant accounting estimates and judgements

The preparation of financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Council's accounting policies.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Council and that are believed to be reasonable under the circumstances.

## Critical accounting estimates and assumptions

Council makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk

## Notes to the Financial Statements

for the year ended 30 June 2018

# Note 1. Basis of preparation (continued)

of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year include:

- (i) estimated fair values of infrastructure, property, plant and equipment refer Note 9,
- (ii) estimated fair value of intangible assets (water licences) Refer Note 10
- (iii) employee benefit provisions refer Note 12.

#### Significant judgements in applying the Council's accounting policies

(iii) Impairment of receivables

Council has made no significant judgements about the impairment of a number of its receivables in Note 7.

## Monies and other assets received by Council

#### (a) The Consolidated Fund

In accordance with the provisions of Section 409(1) of the *Local Government Act 1993 (NSW)*, all money and other assets received by Council is held in the Council's Consolidated Fund unless it is required to be held in the Council's Trust Fund.

Cash and other assets of the following entities have been included as part of the Consolidated Fund:

- General purpose operations
- Water service
- Sewerage service

#### (b) The Trust Fund

In accordance with the provisions of Section 411 of the Local Government Act 1993 (NSW) (as amended), a separate and distinct Trust Fund is maintained to account for all money and other assets received by the Council in trust which must be applied only for the purposes of, or in accordance with the trusts relating to those monies. Trust monies and other assets subject to Council's control have been included in these reports.

## Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the taxation authority. In this case it is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to the taxation authority is included with other receivables or payables in the Statement of Financial Position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which that are recoverable from, or payable to the taxation authority are presented as operating cash flows.

# Notes to the Financial Statements

for the year ended 30 June 2018

# Note 1. Basis of preparation (continued)

#### New accounting standards and interpretations issued not yet effective

Certain new accounting standards and interpretations have been published that are not mandatory for the current reporting period and which have not been applied.

As at the date of authorisation of these financial statements, Council considers that the standards and interpretations listed below will have an impact upon future published financial statements ranging from additional and / or revised disclosures to actual changes as to how certain transactions and balances are accounted for.

#### Effective for annual reporting periods beginning on or after 1 July 2018

AASB 9 Financial Instruments - This replaces AASB 139 Financial Instruments: Recognition and Measurement, and addresses the classification, measurement and disclosure of financial assets and liabilities. The standard introduces a new impairment model that requires impairment provisions to be based on expected credit losses, rather than incurred credit losses. As Council already values investments at fair value, Council does not expect any financial impact from these developments.

#### Effective for annual reporting periods beginning on or after 1 July 2019

AASB 15 Revenue from Contracts with Customers, AASB 1058 Income of Not-for-Profit Entities and AASB 2016-8 Amendments to Australian Accounting Standards - Australian Implementation Guidance for Not-for-Profit Entities - AASB 15 will replace AASB 118 Revenue, AASB 111 Construction Contracts and a number of Interpretations. AASB 2016-8 provides Australian requirements and guidance for not-for-profit entities in applying AASB 9 and AASB 15, and AASB 1058 will replace AASB 1004 Contributions.

Together they contain a comprehensive and robust framework for the recognition, measurement and disclosure of income including revenue from contracts with customers. Council has reviewed the way that income is measured and recognised and does not believe there will be any material impact arising from these standards, apart from affecting the timing of the recognition of some grants and donations.

AASB 16 Leases - Council is currently a party to leases that are not recognised in the Statement of Financial Position. It is likely that some of these leases will need to be included in the Statement of Financial Position when this standard comes into effect. A lease liability will initially be measured at the present value of the lease payments to be made over the lease term. A corresponding right-of-use asset will also be recognised over the lease term. This standard is not expected to have a material impact on Council's future financial statements.

## Notes to the Financial Statements

for the year ended 30 June 2018

## Note 2(b). Council functions/activities – component descriptions

## Details relating to the Council's functions/activities as reported in Note 2(a) are as follows:

#### Governance

Includes costs relating to Council's role as a component of democratic government, including elections, members' fees and expenses, subscriptions to local authority associations, meetings of Council and policy-making committees, public disclosure (e.g. GIPA), and legislative compliance.

#### Administration

Includes corporate support and other support services, Crown Land administration, engineering works, and any Council policy compliance.

#### Public order and safety

Includes Council's fire and emergency services levy, fire protection, emergency services, enforcement of regulations and animal control.

#### Health

Includes inspection, food control, administration

#### **Environment**

Includes noxious plants and insect/vermin control; other environmental protection; solid waste management, including domestic waste; other waste management; street cleaning, drainage and stormwater management.

#### **Community services and education**

Includes administration social protection (welfare); migrant, youth services; aged and disabled persons services; child care; and other family and children services.

#### Housing and community amenities

Includes public cemeteries; public conveniences; street lighting; town planning; other community amenities, including housing development and accommodation for aged persons.

#### Water supplies

Includes the supply of water services.

#### Sewerage services

Includes the supply of sewerage services.

#### Recreation and culture

Includes public libraries; museums; community centres and halls, performing arts venues; sporting grounds and venues; swimming pools; parks; gardens; lakes; and other sporting, recreational and cultural services.

## Mining, manufacturing and construction

Includes building control, quarries and pits.

#### **Transport and communication**

Urban local, urban regional, includes sealed and unsealed roads, bridges, footpaths, parking areas, and aerodromes.

## **Economic affairs**

Includes camping areas, tourism and area promotion; industrial development promotion; events; real estate development and other business undertakings.

## Notes to the Financial Statements

for the year ended 30 June 2018

# Note 3. Income from continuing operations

| \$ '000  | 2018   | 2017   |
|--|--------|--------|

| Less: pensioner rebates (Council policy)                                 | (125)  | (125)  |
| Total annual charges   | 5,430  | 5,139  |
| TOTAL RATES AND ANNUAL CHARGES   | 12,102 | 11,683 |

#### Accounting policy for rates and annual charges

Rates, annual charges, grants and contributions (including developer contributions) are recognised as revenue when the Council obtains control over the assets comprising these receipts. Developer contributions may only be expended for the purposes for which the contributions were required, but the Council may apply contributions according to the priorities established in work schedules.

Control over assets acquired from rates and annual charges is obtained at the commencement of the rating year as it is an enforceable debt linked to the rateable property or, where earlier, upon receipt of the rates

| (b) User charges and fees   | 2018  | 2017  |

| Other   | 60   | 34   |
| TOTAL OTHER REVENUE                                     | 613  | 639  |

#### Accounting policy for other revenue

Council recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Council and specific criteria have been met for each of the Council's activities as described below. Council bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

Parking fees and fines are recognised as revenue when the service has been provided, or when the penalty has been applied, whichever occurs first.

Rental income is accounted for on a straight-line basis over the lease term.

Miscellaneous sales are recognised when physical possession has transferred to the customer which is deemed to be the point of transfer of risks and rewards.

Other income is recorded when the payment is due, the value of the payment is notified, or the payment is received, whichever occurs first.

## **Accounting policy for contributions**

Control over grants and contributions is normally obtained upon their receipt (or acquittal) and is valued at the fair value of the granted or contributed asset at the date of transfer.

Where grants or contributions recognised as revenues during the financial year were obtained on condition that they be expended in a particular manner or used over a particular period and those conditions were un-discharged at reporting date, the unused grant or contribution is disclosed above.

A liability is recognised in respect of revenue that is reciprocal in nature to the extent that the requisite service has not been provided at reporting date.

| Number of 'full-time equivalent' employees (FTE) at year end (incl. vacancies) | 136    | 136    |

## Accounting policy for employee benefits and on-costs

Employee benefit expenses are recorded when the service has been provided by the employee

#### Retirement benefit obligations

All employees of the Council are entitled to benefits on retirement, disability or death. Council contributes to various defined benefit plans and defined contribution plans on behalf of its employees.

#### Superannuation plans

Contributions to defined contribution plans are recognised as an expense as they become payable. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

Council participates in a Defined Benefit Plan under the Local Government Superannuation Scheme, however, when sufficient information to account for the plan as a defined benefit is not available and therefore Council accounts for its obligations to defined benefit plans on the same basis as its obligations to defined contribution plans, i.e. as an expense when it becomes payable – refer to Note 16 for more information

| (b) Borrowing costs                             | 2018 | 2017 |

#### Accounting policy for depreciation, amortisation and impairment expenses

#### Depreciation and amortisation

Depreciation and amortisation are calculated using the straight line method to allocate their cost, net of their residual values, over their estimated useful lives. Useful lives are included in Note 9 for IPPE assets.

#### Impairment of non-financial assets

Intangible assets that have an indefinite useful life or are not yet available for use are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows that are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date.

Impairment losses for revalued assets are firstly offset against the amount in the revaluation surplus for the class of asset, with only the excess to be recognised in the Income Statement.

#### Impairment of financial assets

Council assesses at the end of each reporting period whether there is objective evidence that a financial asset or group of financial assets is impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated.

## Accounting policy for cash and cash equivalents

For Statement of Cash Flow presentation purposes, cash and cash equivalents includes cash on hand; deposits held at call with financial institutions; other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value; and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the Statement of Financial Position.

#### **Accounting policy for investments**

#### Classification

Council classifies its financial assets in the following categories: financial assets at fair value through profit or loss; loans and receivables; held-to-maturity investments; and available-for-sale financial assets. The classification depends on the purpose for which the investments were acquired. Management determines the classification of its investments at initial recognition and, in the case of assets classified as held-to-maturity, re-evaluates this designation at each reporting date.

#### Held to maturity investments

Held-to-maturity investments are non-derivative financial assets with fixed or determinable payments and fixed maturities that Council's management has the positive intention and ability to hold to maturity. Assets in this category are measured at amortised cost.

## Recognition and de-recognition

Regular purchases and sales of financial assets are recognised on trade-date: the date on which Council commits to purchase or sell the asset. Investments are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed in the income statement. Investments are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and Council has transferred substantially all the risks and rewards of ownership.

When securities classified as available-for-sale are sold, the accumulated fair value adjustments recognised in equity are included in the income statement as gains and losses from investment securities.

# Notes to the Financial Statements

for the year ended 30 June 2018

## Note 7. Receivables (continued)

#### Accounting policy for receivables

#### Recognition and measurement

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for those with maturities greater than 12 months after the reporting date which are classified as non-current assets. Loans and receivables are included in inventories and other assets (Note 8) and receivables (Note 7) in the Statement of Financial Position. Receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. Receivables are generally due for settlement within 30 days.

Cash flows relating to short-term receivables are not discounted if the effect of discounting is immaterial.

#### **Impairment**

For loans and receivables the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced and the amount of the loss is recognised in profit or loss.

Collectability of receivables is reviewed on an on-going basis. Debts that are known to be uncollectible are written off by reducing the carrying amount directly. An allowance account (provision for impairment of receivables) is used when there is objective evidence that Council will not be able to collect all amounts due according to the original terms of the receivables.

Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation, and default or delinquency in payments (more than 30 days overdue) are considered indicators that the receivable is impaired. When a receivable for which an impairment allowance had been recognised becomes uncollectable in a subsequent period it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against other expenses in the Income statement.

#### Note 8. Inventories and other assets

#### **Accounting policy**

#### Raw materials and stores, work in progress and finished goods

Raw materials and stores, work in progress and finished goods are stated at the lower of cost and net realisable value. Costs are assigned to individual items of inventory on basis of weighted average costs. Costs of purchased inventory are determined after deducting rebates and discounts. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

#### Inventory held for distribution

Inventory held for distribution is held at cost, adjusted where applicable for any loss of service potential

#### Land held for resale/capitalisation of borrowing costs

Land held for resale is stated at the lower of cost and net realisable value. Cost is assigned by specific identification and includes the cost of acquisition, and development and borrowing costs during development. When development is completed borrowing costs and other holding charges are expensed as incurred.

Borrowing costs included in the cost of land held for resale are those costs that would have been avoided if the expenditure on the acquisition and development of the land had not been made. Borrowing costs incurred while active development is interrupted for extended periods are recognised as expenses.

Renewals are defined as the replacement of existing assets (as opposed to the acquisition of new assets).

## Notes to the Financial Statements

for the year ended 30 June 2018

Note 9(a). Infrastructure, property, plant and equipment (continued)

#### Accounting policy for infrastructure, property, plant and equipment

Infrastructure, property, plant and equipment are held at fair value. Independent valuations are performed at least every five years, however the carrying amount of assets is assessed at each reporting date to confirm that it is not materially different from current fair value.

Water and sewerage network assets are indexed at each reporting period in accordance with the Rates Reference Manual issued by Crown Lands and Water (CLAW).

Increases in the carrying amounts arising on revaluation are credited to the asset revaluation reserve. To the extent that the increase reverses a decrease previously recognising profit or loss relating to that asset class, the increase is first recognised as profit or loss. Decreases that reverse previous increases of assets in the same class are first charged against revaluation reserves directly in equity to the extent of the remaining reserve attributable to the class; all other decreases are charged to the Income Statement.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to Council and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the income statement during the financial period in which they are incurred.

Land is not depreciated. Depreciation on other assets is calculated using the straight line method to allocate their cost, net of their residual values, over their estimated useful lives as follows:

| Plant and equipment               | Years     | Other equipment                      | Years     |
|-----------------------------------|-----------|--------------------------------------|-----------|
| Office equipment                  | 5 to 10   | Playground equipment                 | 5 to 15   |
| Office furniture                  | 10 to 20  | Benches, seats etc.                  | 10 to 20  |
| Computer equipment                | 3 to 5    |                                      |           |
| Vehicles                          | 5 to 10   | Buildings                            |           |
| Heavy plant/road making equipment | 5 to 15   | Buildings: masonry                   | 50 to 100 |
| Other plant and equipment         | 5 to 15   | Buildings: other                     | 20 to 150 |
| Water and sewer assets            |           | Stormwater assets                    |           |
| Dams and reservoirs               | 100       | Drains                               | 100       |
| Water Treatment Plants            | 30 to 70  | Culverts                             | 100       |
| Sewer Treatment Plants            | 25 to 90  |                                      |           |
| Reticulation pipes: PVC           | 70 to 80  |                                      |           |

| Transportation assets             |           | Other infrastructure assets          |           |
| Sealed roads: surface             | 20        | Bulk earthworks                      | Infinite  |
| Sealed roads: structure           | 50        | Swimming pools                       | 60        |
| Unsealed roads                    | 20 to 150 | Other open space/recreational assets | 15 to 200 |
| Bridge: concrete                  | 100       | Other infrastructure                 | 15 to 100 |
| Other Road assets                 | 40 to 100 |                                      |           |
| Road pavements                    | 60        |                                      |           |
| Kerb, gutter and footpaths        | 100       |                                      |           |
|                                   |           |                                      |           |

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each reporting date. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Income statement.

## Notes to the Financial Statements

for the year ended 30 June 2018

Note 9(a). Infrastructure, property, plant and equipment (continued)

#### Accounting policy for infrastructure, property, plant and equipment(continued)

#### Land under roads

Land under roads is land under roadways and road reserves including land under footpaths, nature strips and median strips.

Council has elected not to recognise land under roads acquired before 1 July 2008 in accordance with AASB 1051 Land Under Roads.

#### Crown reserves

Crown Reserves under Council's care and control are recognised as assets of the Council. While ownership of the reserves remains with the Crown, Council retains operational control of the reserves and is responsible for their maintenance and use in accordance with the specific purposes to which the reserves are dedicated. Improvements on Crown Reserves are also recorded as assets, while maintenance costs incurred by Council and revenues relating to the reserves are recognised within Council's Income Statement.

#### **Rural Fire Service assets**

Under section 119 of the *Rural Fire Services Act 1997 (NSW)*, "all fire fighting equipment purchased or constructed wholly or from money to the credit of the Fund is to be vested in the council of the area for or on behalf of which the fire fighting equipment has been purchased or constructed".

Until such time as discussions on this matter have concluded and the legislation changed, Council will not recognise the rural fire service's plant and vehicles.

#### **Capitalisation Thresholds**

Items of infrastructure, property, plant and equipment are not capitalised unless their cost of acquisition exceeds the following;

Land: All purchases are capitalised, but land resumed for public works need

not be capitalised if the resumption costs are less than \$5,000.

Buildings and Land Improvements: Capital expenses totalling less than \$2,000 need not be capitalised.

Plant & Equipment and Office

Furniture & Equipment; Capital expenses totalling less than \$1,000 need not be capitalised.

Water & Sewer Assets: Capital expense totalling less than \$5,000 need not be capitalised.

Stormwater Assets: Capital expense totalling less than \$5,000 need not be capitalised.

Transport Assets: Capital expense totalling less than \$10,000 on any road or other asset

need not be capitalised.

Other Infrastructure Assets: Capital expenses on swimming pools less than \$10,000 or on any other

recreational asset less than \$1,000 need not be capitalised.

#### Accounting policy for intangible assets

#### **Water Licences**

Council holds a number of high and general security water licences which it recognises as an intangible asset. The water licences are individually tradable on the open water licence sales market.

The licences were obtained principally through land acquisitions where the water licence was attached to the land. The water licences are individually tradable separated from the land and can be sold on a permanent or temporary transfer basis. At present Council only trades the water entitlement associated with the water licences on a temporary basis. Income received from the sale of water entitlements are disclosed as other revenue.

The licences are recorded in Council's accounts at fair value based on market valuations obtained from the open water licence sales market at balance date.

No amortisation costs are applicable, as high and general security water licences have an indefinite life. Water licences purchased are initially recorded at cost and are revalued at least every 5 years based on market evidence. Water licences are tested for impairment annually based on market sales evidence. If the recoverable amount is less than the carrying amount the carrying amount is reduced to the recoverable amount and the reduction is recognised as an impairment loss.

# Notes to the Financial Statements for the year ended 30 June 2018

# Note 11. Payables and borrowings (continued)

#### Accounting policy for payables and borrowings

#### **Payables**

These amounts represent liabilities for goods and services provided to the Council prior to the end of financial year that are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition.

#### **Borrowings**

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the income statement over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the Statement of Financial Position when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in other income or finance cost.

Borrowings are classified as current liabilities unless Council has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

#### **Employee Leave Entitlements**

Employee leave entitlements and on-costs represent those benefits accrued and payable and an estimate of those that will become payable in the future as a result of past service.

# **Accounting policy for provisions**

Provisions are recognised when Council has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and the amount has been reliably estimated.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the reporting date. The discount rate used to determine the present value reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

# Notes to the Financial Statements

for the year ended 30 June 2018

Note 12. Provisions (continued)

#### **Employee benefits**

#### **Short-term obligations**

Liabilities for wages and salaries, including non-monetary benefits, annual leave and accumulating sick leave expected to be wholly settled within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liability for annual leave and accumulating sick leave is recognised in the provision for employee benefits. All other short-term employee benefit obligations are presented as payables.

#### Other long-term employee benefit obligations

The liability for long service leave and annual leave that is not expected to be wholly settled within 12 month after the end of the period in which the employees render the related service is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method.

Consideration is given to expected future wage and salary levels, experience of employee departures, and periods of service. Expected future payments are discounted using market yields at the end of the reporting period on national government bonds with terms to maturity and currency that match, as closely as possible, the estimated future cash outflows.

The obligations are presented as current liabilities in the Statement of Financial Position if the Council does not have an unconditional right to defer settlement for at least 12 months after the reporting date, regardless of when the actual settlement is expected to occur.

# Note 13. Accumulated surplus, revaluation reserves, changes in accounting policies, changes in accounting estimates and errors

#### Nature and purpose of reserves

#### Infrastructure, property, plant and equipment revaluation reserve

The infrastructure, property, plant and equipment revaluation reserve is used to record increments / decrements of non-current asset values due to their revaluation.

#### Water Licences

The reserve for high security water licences is used to record increments/decrements in the value of tradeable water licences.

# **Details of capital commitments**

Capital commitments includes Purchase Orders raised but items not yet supplied, unfinished works and revoted works.

# Notes to the Financial Statements

for the year ended 30 June 2018

# Note 16. Contingencies and other liabilities/assets not recognised

The following assets and liabilities do not qualify for recognition in the Statement of Financial Position, but their knowledge and disclosure is considered relevant to the users of Council's financial report.

#### **LIABILITIES NOT RECOGNISED:**

#### 1. Guarantees

#### (i) Defined benefit superannuation contribution plans

Council participates in an employer-sponsored defined benefit superannuation scheme, and makes contributions as determined by the superannuation scheme's trustees.

Member councils bear responsibility of ensuring there are sufficient funds available to pay out the required benefits as they fall due.

While the scheme's most recent full actuarial review indicated that the net assets of the scheme were sufficient to meet the accrued benefits of the scheme's defined benefit member category, member councils are required to make contributions in future years where the scheme goes into deficit (as has occurred in previous years).

The Local Government Superannuation Scheme however is unable to provide Council with an accurate estimate of its share of the net deficit and accordingly Council has not recorded any net liability from its defined benefit scheme obligations in accordance with AASB 119.

Future planned contributions being made to the defined benefit scheme to rectify past (and projected) deficit positions will be recognised as an expense when they become payable – similar to the accounting for defined contributions plans.

Member councils are treated as Pooled Employers for the purposes of AASB119. Pooled Employers are required to pay standard employer contributions and additional lump sum contributions to the Fund.

The standard employer contributions were determined using the new entrant rate method under which a contribution rate sufficient to fund the total benefits over the working life-time of a typical new entrant is calculated. The current standard employer contribution rates are:

| Division B | 1.9 times employee contributions  |
|------------|-----------------------------------|
| Division C | 2.5% salaries                     |
| Division D | 1.64 times employee contributions |

The additional lump sum contribution for each Pooled Employer is a share of the total additional contributions of \$40.0 million per annum from 1 July 2017 for 4 years to 30 June 2021, apportioned according to each employer's share of the accured liabilities as at 30 June 2017. These additional lump sum contributions are used to fund the defect of assets to accrued liabilities as 30 June 2017.

The adequacy of contributions is assessed at each triennial actuarial investigatoin and monitored annually between triennials.

As stated above, each sponsoring employer is exposed to the actuarial risks associated with current and former employees of other sponsoring employers and hence shares in the associated gains and losses.

# Notes to the Financial Statements

for the year ended 30 June 2018

# Note 16. Contingencies and other liabilities/assets not recognised (continued)

#### LIABILITIES NOT RECOGNISED (continued):

#### 1. Guarantees (continued)

However, there is no relief under the Fund's trust deed for employers to walk away from their defined benefit obligations. Under limited circumstances, an employer may withdraw from the plan when there are no active members, on full payment of outstanding additional contributions. There is no provision for allocation of any surplus which may be present at the date of withdrawal of the entity.

There are no specific provisions under the Fund's trust deed dealing with deficits or suplus on wind-up.

There is no provision for the allocation of any surplus which may be present at the date of withdrawal of an employer.

The plan is a defined benefit plan. However, each sponsoring employer is exposed to the actuarial risks associated with current and former employees of other sponsoring employers and hence shares in the associated gains and losses (to the extent that they are not bourne by members). As such, there is not sufficient reliable information to allow each sponsoring employer to account for its proportionate share of the defined benefit obligation, sub-group assets and costs associated with the sub-group in the same way as it would for a single employer sponsored defined benefit plan.

The amount of Council employer contributions to the defined benefit section of the Fund and recognised as an expense and disclosed as part of superannuation expenses at Note 4 (a) for the year ending 30 June 2018 was \$81,000.00.

The last valuation of the Fund was by the Actuary, Mr Richard Boyfield, FIAA on 12 December 2017, relating to the period ended 30 June 2017.

Council's expected contributions to the Fund for the next annual reporting period is \$99,800.00.

The estimated employer reserves financial position for the Pooled Employers at 30 June 2018 is:

| Employer reserves only * | \$ millions | Asset Coverage |
|--------------------------|-------------|----------------|
| Assets                   | 1,817.8     |                |
| Past Service Liabilities | 1,787.5     | 101.7%         |
| Vested Benefits          | 1,778.0     | 102.2%         |

<sup>\*</sup> excluding member accounts and reserves in both assets and liabilites.

The key economic long term assumptions used to calculate the present value of accrued benefits are:

| Investment return  | 6.0% per annum |
|--------------------|----------------|
| Salary inflation * | 3.5% per annum |
| Increase in CPI    | 2.5% per annum |

<sup>\*</sup> Plus promotional increases

The contribution requirements may vary from the current rates if the overall sub-group experience is not in line with the actuarial assumptions in determining the funding program, however any adjustment to the funding program would be the same for all sponsoring employers in the Pooled Employers group.

Please note that the estimated employer reserves financial position above is a preliminary calculation and once all the relevant information has been received by the Funds Actuary, the 2018 triennial review will be completed around December 2018.

Council's additional lump sum contribution is around 0.215% of the total additional lump sum contributions for all Pooled Employers (of \$40m each year from 1 July 2017 to 30 June 2021) provides an indication of the level of participation of Council compared with other employers in the Pooled Employer sub-group.

# Notes to the Financial Statements

for the year ended 30 June 2018

# Note 16. Contingencies and other liabilities/assets not recognised (continued)

#### (iv) Other guarantees

Council has provided no other guarantees other than those listed above.

#### 2. Other liabilities

#### (i) Third party claims

The Council is involved from time to time in various claims incidental to the ordinary course of business including claims for damages relating to its services.

Council believes that it is appropriately covered for all claims through its insurance coverage and does not expect any material liabilities to eventuate.

#### (ii) S94/94A Plans

Council levies section 94/94A contributions upon various development's across the Council area through the required contribution plans.

As part of these plans, Council has received funds for which it will be required to expend the monies in accordance with those plans.

As well, these plans indicate proposed future expenditure to be undertaken by Council, which will be funded by making levies and receipting funds in future years or where a shortfall exists by the use of Council's general funds.

These future expenses do not yet qualify as liabilities as of the reporting date, but represent Council's intention to spend funds in the manner and timing set out in those plans.

#### (iii) Tips and quarries

Council operates tips and quarries and will have to rehabilitate the sites at some future date. As at 30 June 2018 Council is unable to reliably estimate the financial cost of such work.

#### **ASSETS NOT RECOGNISED:**

# (i) Land under roads

As permitted under AASB 1051, Council has elected not to bring to account land under roads that it owned or controlled up to and including 30/6/08.

# Notes to the Financial Statements

for the year ended 30 June 2018

# Note 16. Contingencies and other liabilities/assets not recognised (continued)

#### ASSETS NOT RECOGNISED (continued):

#### (ii) Infringement notices/fines

Fines and penalty income, the result of Council issuing infringement notices is followed up and collected by the Infringement Processing Bureau.

Council's revenue recognition policy for such income is to account for it as revenue on receipt.

Accordingly, at year end, there is a potential asset due to Council representing issued but unpaid infringement notices.

Due to the limited information available on the status, value and duration of outstanding notices, Council is unable to determine the value of outstanding income.

# Notes to the Financial Statements

for the year ended 30 June 2018

# Note 17. Financial risk management

\$ '000

#### Risk management

Council's activities expose it to a variety of financial risks including (1) price risk, (2) credit risk, (3) liquidity risk and (4) interest rate risk.

The Council's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Council.

Council does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by Council's finance section under policies approved by the Council.

The fair value of Council's financial assets and financial liabilities approximates their carrying amount.

Council's objective is to maximise its return on cash and investments whilst maintaining an adequate level of liquidity and preserving capital.

Council's finance area manages the cash and Investments portfolio with the assistance of independent advisers.

Council has an investment policy which complies with the Local Government Act 1993 and Ministerial Investment Order 625. This policy is regularly reviewed by Council and its staff and a monthly Investment report is provided to Council setting out the make-up and performance of the portfolio as required by Local Government regulations.

The risks associated with the investments held are:

- Price risk the risk that the capital value of Investments may fluctuate due to changes in market prices
  whether their changes are caused by factors specific to individual financial instruments or their issuers
  or are caused by factors affecting similar instruments traded in a market.
- Interest rate risk the risk that movements in interest rates could affect returns and income.
- Credit risk the risk that the investment counterparty will not complete their obligations particular to a financial instrument, resulting in a financial loss to Council – be it of a capital or income nature.

Council manages these risks (amongst other measures) by diversifying its portfolio and only purchasing investments with high credit ratings or capital guarantees.

Council also seeks advice from independent advisers before placing any funds in cash equivalents and investments.

#### (a) Market risk – price risk and interest rate risk

The following represents a summary of the sensitivity of Council's Income Statement and accumulated surplus (for the reporting period) due to a change in either the price of a financial asset or the interest rates applicable.

It is assumed that the change in interest rates would have been constant throughout the reporting period.

|  | Increase of val | ues/rates     | Decrease of values/rates |              |  |
|--|-----------------|---------------|--------------------------|--------------|--|
| <b>2018</b> Possible impact of a 1% movement in interest rates | Profit<br>274   | Equity<br>274 | Profit (274)             | Equity (274) |  |
| 2017 Possible impact of a 1% movement in interest rates        | 383             | 383           | (383)                    | (383)        |  |

# Notes to the Financial Statements

for the year ended 30 June 2018

# Note 17. Financial risk management (continued)

\$ '000

#### (b) Credit risk

Council's major receivables comprise (i) rates and annual charges and (ii) user charges and fees.

The major risk associated with these receivables is credit risk – the risk that debts due and payable to Council may not be repaid in full.

Council manages this risk by monitoring outstanding debt and employing stringent debt recovery procedures. It also encourages ratepayers to pay their rates by the due date through incentives.

Credit risk on rates and annual charges is minimised by the ability of Council to secure a charge over the land relating to the debts – that is, the land can be sold to recover the debt. Council is also able to charge interest on overdue rates and annual charges at higher than market rates which further encourages the payment of debt.

There are no significant concentrations of credit risk, whether through exposure to individual customers, specific industry sectors and/or regions.

The level of outstanding receivables is reported to Council monthly and benchmarks are set and monitored for acceptable collection performance.

Council makes suitable provision for doubtful receivables as required and carries out credit checks on most non-rate debtors.

There are no material receivables that have been subjected to a re-negotiation of repayment terms.

A profile of Council's receivables credit risk at balance date follows:

|                                    | 2018      | 2018        | 2017      | 2017        |

# Note 17. Financial risk management (continued)

\$ '000

## (c) Liquidity risk

Payables and borrowings are both subject to liquidity risk – the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due.

Council manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer.

Payment terms can (in extenuating circumstances) also be extended and overdraft facilities utilised as required.

Borrowings are also subject to interest rate risk – the risk that movements in interest rates could adversely affect funding costs and debt servicing requirements. Council manages this risk by borrowing long term and fixing the interest rate on a 4-year renewal basis. The Finance Section regularly reviews interest rate movements to determine if it would be advantageous to refinance or renegotiate part or all of the loan portfolio.

The contractual undiscounted cash outflows (ie. principal and interest) of Council's payables and borrowings are set out in the maturity table below:

| \$ '000                     | Weighted      | Subject  |          |             |           | Total    | Actual   |

# Note 18. Material budget variations

#### \$ '000

Council's original financial budget for 17/18 was adopted by the Council on 26 April 2017 and is not required to be audited

While the Income Statement included in this General Purpose Financial Report must disclose the original budget adopted by Council, the *Local Government Act 1993* requires Council to review its financial budget on a quarterly basis, so that it is able to manage the various variations between actuals versus budget that invariably occur throughout the year.

This note sets out the details of **material variations** between Council's original budget and its actual results for the year as per the Income Statement – even though such variations may have been adjusted for during each quarterly budget review.

#### Note that for variations\* of budget to actual :

Material variations represent those variances that amount to 10% or more of the original budgeted figure.

**F** = Favourable budget variation, **U** = Unfavourable budget variation

## (2) Transfers between level 1 and level 2 fair value hierarchies

During the year, there were no transfers between level 1 and level 2 fair value hierarchies for recurring fair value measurements.

# Notes to the Financial Statements

for the year ended 30 June 2018

# Note 19. Fair value measurement (continued)

\$ '000

#### (3) Valuation techniques used to derive level 2 and level 3 fair values

Where Council is unable to derive fair valuations using quoted market prices of identical assets (ie. level 1 inputs) Council instead utilises a spread of both observable inputs (level 2 inputs) and unobservable inputs (level 3 inputs).

The objective of using a valuation technique is to estimate the price at which an orderly transaction to sell or to transfer the liability would take place between market participants at the measurement date under current market conditions. Three widely used valuation techniques are the market approach, the cost approach and the income approach. Leeton Shire Council use valuation techniques consistent with one or more of those approaches to measure fair value on all its asset classes.

#### **Cost Approach**

A valuation technique that reflects the amount that could be required to replace the service capacity of an asset.

#### Income Approach

Valuation technique that converts future amounts (cash flows or income and expenses) to a single current (discount) amount. The fair value measurement is determined on the basis of the value indicated by current market expectations about those future amounts.

#### **Market Approach**

A valuation technique that uses prices and other relevant information, generated by the market transactions involving identical or comparable assets, liabilities or a group of assets and liabilities such as a business.

| Other assets   | 35                                   | Cost used to approximate fair value                    | Gross replacement cost, useful life and residual value  |

# Notes to the Financial Statements

for the year ended 30 June 2018

# Note 19. Fair value measurement (continued)

\$ '000

#### (4). Fair value measurements using significant unobservable inputs (level 3)(continued)

#### d. The valuation process for level 3 fair value measurements

Council assesses the expertise required for the valuation of all assets classes in determining who will undertake the valuations. All asset classes with the exception of Operational and Community Land and Buildings are undertaken by council's assets officer in conjunction with the various technical staff.

Operational Land and Building valuations are conducted by a qualified external valuer, Community Land is valued using the Valuer Generals valuation.

Management reviews the valuations reports for consistency and accuracy and to ensure all valuations movements are fully explained.

#### (5). Highest and best use

All of Council's non-financial assets are considered as being utilised for their highest and best use.

# Notes to the Financial Statements

for the year ended 30 June 2018

# Note 20. Related party transactions

# a. Key management personnel

Key management personnel (KMP) of the Council are those persons having the authority and responsibility for planning, directing and controlling the activities of the council, directly or indirectly.

The aggregate amount of KMP compensation included in the Income Statement is:

| Compensation:            | 2018 | 2017 |
|--------------------------|------|------|
| Short-term benefits      | 743  | 792  |
| Post-employment benefits | 51   | 57   |
| Other long-term benefits | 35   | 7    |
| Termination benefits     | 18   | 41   |
| Total                    | 848  | 898  |

# Notes to the Financial Statements for the year ended 30 June 2018

# Note 20. Related party transactions

# b. Other transactions with KMP and their related parties

Council has determined that transactions at arm's length between KMP and Council as part of Council delivering a public service objective (e.g. access to library or Council swimming pool by KMP) will not be disclosed.

<sup>1</sup> Council enters into an as needs basis with Weston and Weston after they lost the service agreement contract, a company which is controlled by a member of the KMP of Council. The contract was awarded through a competitive tender process based on market rates for these services.

# Notes to the Financial Statements

for the year ended 30 June 2018

# Note 21. Statement of developer contributions

#### \$ '000

Under the *Environmental Planning and Assessment Act 1979*, Council has significant obligations to provide Section 7.11 (contributions towards provision or improvement of amenities or services) infrastructure in new release areas.

It is possible that the funds contributed may be less than the cost of this infrastructure, requiring Council to borrow or use general revenue to fund the difference.

for the year ended 30 June 2018

# Note 23(c). Statement of performance measures – consolidated results (graphs)

Purpose of operating performance ratio

This ratio measures
Council's
achievement of
containing operating
expenditure within
operating revenue.

# Commentary on 2017/18 result

2017/18 ratio 12.86%

Council's Operating Performance Ratio continues to remain well above the benchmark due to additional grants, fees and charges income and improved interest returns on investments.

Benchmark:

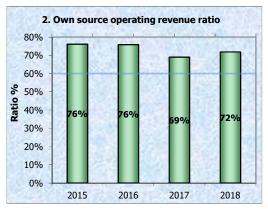

Minimum >=0.00%

Source for benchmark: Code of Accounting Practice and Financial Reporting #26

Ratio achieves benchmark

Ratio is outside benchmark

Purpose of own source operating revenue ratio

This ratio measures fiscal flexibility. It is the degree of reliance on external funding sources such as operating grants and contributions.

Commentary on 2017/18 result

2017/18 ratio 71.84%

With an increase in fees and charges income and improved interest on investments Council's Own Source Revenue ratio has improved on 2016/17

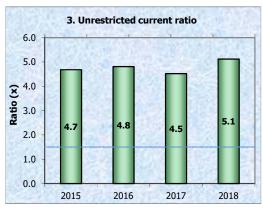

Benchmark:

Minimum >=60.00%

Source for benchmark: Code of Accounting Practice and Financial Reporting #26

Ratio achieves benchmark Ratio is outside benchmark

Purpose of unrestricted current ratio

To assess the adequacy of working capital and its ability to satisfy obligations in the short term for the unrestricted activities of Council.

#### Commentary on 2017/18 result

2017/18 ratio 5.12x

Council remains well above the industry benchmark which indicates a strong capacity to pay debts as and when they fall due.

Benchmark:

Minimum >=1.50

#### INDEPENDENT AUDITOR'S REPORT

# Report on the general purpose financial report Leeton Shire Council

To the Councillors of the Leeton Shire Council

#### **Opinion**

I have audited the accompanying financial report of Leeton Shire Council (the Council), which comprise the Income Statement and Statement of Comprehensive Income for the year ended 30 June 2018, the Statement of Financial Position as at 30 June 2018, the Statement of Changes in Equity and Statement of Cash Flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the Statement by Councillors and Management.

In my opinion,

- the Council's accounting records have been kept in accordance with the requirements of the Local Government Act 1993, Chapter 13, Part 3, Division 2 (the Division)
- the financial report:
  - has been presented, in all material respects, in accordance with the requirements of this Division
  - is consistent with the Council's accounting records
  - presents fairly, in all material respects, the financial position of the Council as at 30 June 2018, and of its financial performance and its cash flows for the year then ended in accordance with Australian Accounting Standards
- · all information relevant to the conduct of the audit has been obtained
- no material deficiencies in the accounting records or financial report have come to light during the audit.

My opinion should be read in conjunction with the rest of this report.

#### **Basis for Opinion**

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Financial Report' section of my report.

I am independent of the Council in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants' (APES 110).

I have fulfilled my other ethical responsibilities in accordance with APES 110.

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as auditor of councils
- precluding the Auditor-General from providing non-audit services.

I believe the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

#### Other Information

Other information comprises the information included in the Council's annual report for the year ended 30 June 2018, other than the financial report and my Independent Auditor's Report thereon. The Councillors are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprise the special purpose financial statements and Special Schedules (the Schedules).

My opinion on the financial report does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information. However, as required by the *Local Government Act 1993*, I have separately expressed an opinion on the special purpose financial statements and Special Schedule 2 - Permissible income for general rates.

In connection with my audit of the financial report, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

#### The Councillors' Responsibilities for the Financial Report

The Councillors are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards and the *Local Government Act 1993*, and for such internal control as the Councillors determine is necessary to enable the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Councillors are responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting except where the Council will be dissolved or amalgamated by an Act of Parliament, or otherwise cease operations.

#### Auditor's Responsibilities for the Audit of the Financial Report

My objectives are to:

- obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the financial report.

A description of my responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: <a href="www.auasb.gov.au/auditors\_responsibilities/ar4.pdf">www.auasb.gov.au/auditors\_responsibilities/ar4.pdf</a>. The description forms part of my auditor's report.

My opinion does *not* provide assurance:

- that the Council carried out its activities effectively, efficiently and economically
- on the Original Budget information included in the Income Statement, Statement of Cash Flows, and Note 18 Material budget variations
- on the Special Schedules. A separate opinion has been provided on Special Schedule 2 Permissible income for general rates
- about the security and controls over the electronic publication of the audited financial report on any website where it may be presented
- about any other information which may have been hyperlinked to/from the financial report.

Lawrissa Chan

Director, Financial Audit Services

Our ref: D1825642/FA1753

29 October 2018

Dear Cr Maytom

# Report on the Conduct of the Audit for the year ended 30 June 2018 Leeton Shire Council

I have audited the general purpose financial statements of the Leeton Shire Council (the Council) for the year ended 30 June 2018 as required by section 415 of the *Local Government Act 1993* (the Act).

I expressed an unmodified opinion on the Council's general purpose financial statements.

This Report on the Conduct of the Audit (the Report) for the Council for the year ended 30 June 2018 is issued in accordance with section 417 of the Act. This Report should be read in conjunction with my audit opinion on the general purpose financial statements issued under section 417(2) of the Act.

#### **INCOME STATEMENT**

#### **Operating result**

|   | 2018   | 2017   | Variance |
|---|--------|--------|----------|
|   | \$'000 | \$'000 | %        |
| Rates and annual charges revenue            | 12,102 | 11,683 | 3.6      |
| User charges and fees                       | 9,005  | 8,083  | 11.4     |
| Grants and contributions revenue            | 8,918  | 9,666  | 7.7      |
| Operating result for the year               | 5,339  | 6,110  | 12.6     |
| Net operating result before capital amounts | 4,340  | 4,985  | 12.9     |

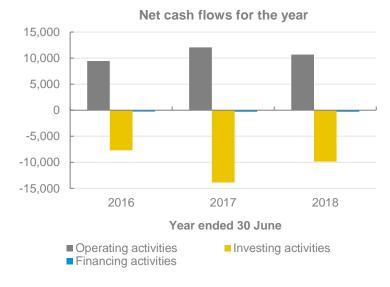

The following comments are made in respect of Council's operating result for the year:

- The Council's operating result for the year was a surplus of \$5.3 million (\$6.1 million surplus for the year ended 30 June 2017). This is mainly attributed to a decrease in grants and contributions and an increase in materials and contracts expenses. The Council budgeted for a surplus of \$3.7 million.
- The Council's net operating result before capital grants and contributions was a surplus of \$4.3 million (\$4.9 million surplus for the year ended 30 June 2017). This is mainly attributed to a decrease in operating grants and contributions and an increase in materials and contracts expenses.
- Rates and annual charges revenue was \$12.1 million (\$11.7 million for the year ended 30 June 2017). The movement is mainly due to the permissible rate increase of 1.5% granted by the Minister for Local Government and the rise in the total number of rateable properties.
- User charges and fees was \$9.0 million (\$8.1 million for the year ended 30 June 2017). The movement is mainly due to the increase in water supply services.
- Grants and contributions revenue was \$8.9 million (\$9.7 million for the year ended 30 June 2017). The movement is mainly due to the reduction in financial assistance grants.

#### STATEMENT OF CASH FLOWS

- Council's cash and cash equivalents was \$2.8 million (\$2.2 million for the year ended 30 June 2017). There was a net increase in cash and cash equivalents of \$0.6 million at 30 June 2018 (2017: net decrease of \$2.1 million).
- Net cash provided by operating activities has decreased by \$1.4 million. This is mainly due to the reduction in receipts from grants and contributions of \$1.1 million.
- Net cash used in investing activities decreased by \$4.0 million. This is due to the reduction in purchases of investment securities.
- There was minimal movement in net cash used in financing activities. The repayments of borrowings remain consistent compared with the prior year (2018: \$0.3 million, 2017: \$0.3 million).

### **FINANCIAL POSITION**

#### **Cash and Investments**

| Cash and Investments  | 2018  | 2017  | Commentary   |
|-----------------------|---|---|--|
| Ī                     | \$'000  | \$'000  |  |
| External restrictions | 24,978  | 22,334  | Externally restricted cash and investments are   |
| Internal restrictions | 14,798  | 14,647  | restricted in their use by externally imposed requirements. Council's externally restricted cash   |
| Unrestricted          | 2,122 1,358 and investments have primarily due to Council | and investments have increased by \$2.6 million primarily due to Council's water supplies |  |
| Cash and investments  |   | (\$2.1 million) and sewerage services (\$0.6 million).                                    |  |
|                       |   |   | <ul> <li>Internally restricted cash and investments have<br/>been restricted in their use by resolution or policy of<br/>Council. Internal restrictions are consistent with the<br/>prior year.</li> </ul> |
|                       |   |   | <ul> <li>Unrestricted cash was \$2.1 million, which is<br/>available to provide liquidity for day-to-day<br/>operations of the Council.</li> </ul>   |

#### **Debt**

- Council has \$1.9 million of borrowings as at 30 June 2018 (2017: \$2.2 million).
- Council have an unrestricted overdraft facility of \$0.5 million which was undrawn as at 30 June 2018.

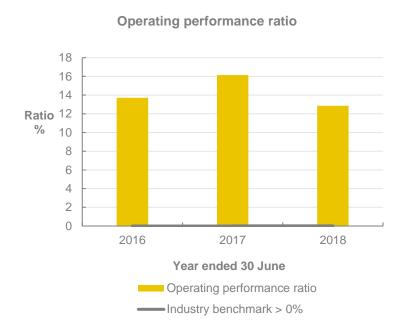

#### PERFORMANCE RATIOS

The definition of each ratio analysed below (except for the 'building and infrastructure renewals ratio') is included in Note 23 of the Council's audited general purpose financial statements. The 'building and infrastructure renewals ratio' is defined in Council's Special Schedule 7 which has not been audited.

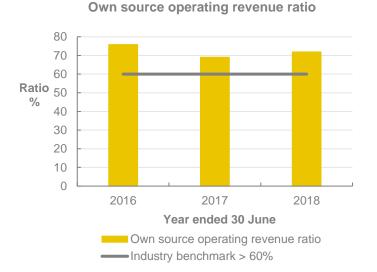

#### **Operating performance ratio**

- The 'operating performances ratio' measures how well council contained operating expenditure within operating revenue (excluding capital grants and contributions, fair value adjustments, and reversal of revaluation decrements). The benchmark set by the Office of Local Government (OLG) is greater than 0%.
- The operating performance ratio of 12.9% is above the industry benchmark of greater than 0%.
- The operating performance ratio decreased to 12.9% (2017: 16.2%) due to the reduction in operating grant income from financial assistance grants.

#### Own source operating revenue ratio

- The 'own source operating revenue ratio' measures Council's fiscal flexibility and the degree to which it relies on external funding sources such as operating grants and contributions. The benchmark set by OLG is greater than 60 per cent.
- The Council's own source operating revenue ratio of 71.8% is above the industry benchmark of 60%. Council has a diversified source of income and does not have an overly strong reliance on operating grants and contributions.
- The own source operating revenue ratio increased to 71.8% (2017: 69.0%) due to the reduction in grant income in the current financial year.

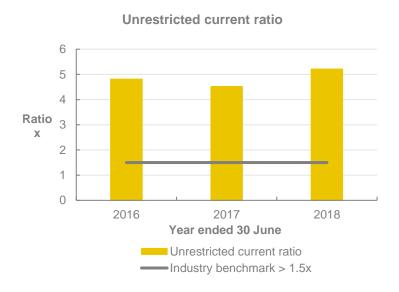

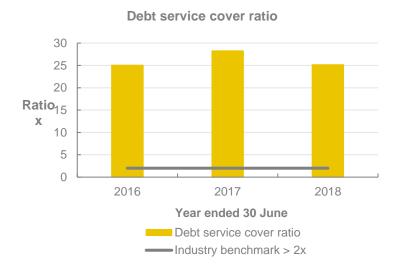

#### **Unrestricted current ratio**

- The 'unrestricted current ratio' is specific to local government and represents Council's ability to meet its short-term obligations as they fall due. The benchmark set by OLG is greater than 1.5 times.
- The Council's liquidity ratio of 5.2 times is greater than the industry benchmark minimum of greater than 1.5 times. The indicates that Council has sufficient liquidity to meet its current liabilities as and when they fall due.
- The unrestricted current ratio increased to 5.2 times (2017: 4.5 times) due to an increase in current investments.

- The 'debt service cover ratio' measures the operating cash to service debt including interest, principal and lease payments.
   The benchmark set by OLG is greater than two times.
- The Council's debt service cover ratio is greater than the industry benchmark of greater than 2 times. The ratio indicates that the Council has adequate operating cash to fund its debt obligations.
- The Council's debt service cover ratio of 25.2 times (2017: 28.3 times) has decreased due to the reduction in the operating result.

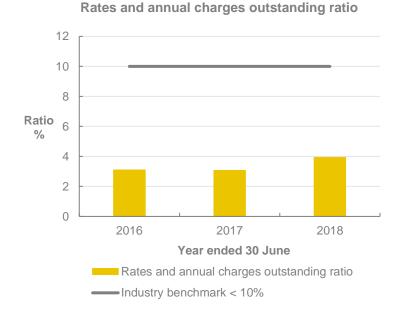

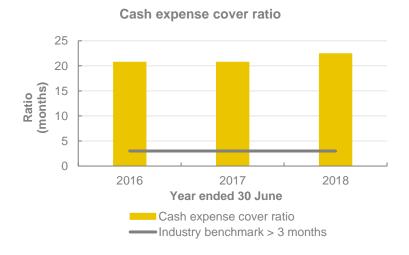

#### Rates and annual charges outstanding ratio

- The 'rates and annual charges outstanding ratio' assesses the impact of uncollected rates and annual charges on Council's liquidity and the adequacy of debt recovery efforts. The benchmark set by OLG is less than 10 per cent for regional and rural Councils.
- The Council's rates and annual charges outstanding ratio of 3.9% meets the industry benchmark of less than 10% for regional and rural councils.
- The rates and annual charges ratio has remained consistent over the last three years, indicating that the Council's rate recovery measures continue to be effective in collecting and reducing outstanding debts

#### Cash expense cover ratio

- The cash expense cover ratio indicates the number of months the Council can continue paying for its immediate expenses without additional cash inflow. The benchmark set by OLG is greater than three months.
- The Council's cash expense cover ratio was 22.5 months, which is above the industry benchmark of greater than 3 months. This indicates that Council had the capacity to cover 22.5 months of operating cash expenditure without additional cash inflows at 30 June 2018.
- The Council's cash expense cover ratio increased to 22.5 months (2017: 20.7 months) due to the increase in cash and cash equivalents.

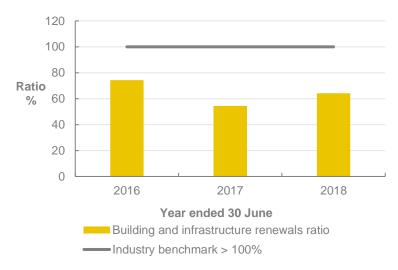

#### Building and infrastructure renewals ratio (unaudited)

- The 'building and infrastructure renewals ratio' assesses the rate at which these assets are being renewed against the rate at which they are depreciating. The benchmark set by OLG is greater than 100 per cent.
- This ratio is sourced from council's Special Schedule 7 which has not been audited.
- The Council's building and infrastructure renewals ratio of 63.8% is below the industry benchmark of greater than 100%. This indicates the Council is renewing assets at a ratio of less than 1:1 to its depreciation, amortisation and impairment expenses.
- The Council's building and infrastructure renewals ratio increased to 63.8% (2017: 54.0%) due to the reduction in depreciation and amortisation expense.

#### **OTHER MATTERS**

#### New accounting standards implemented

#### AASB 2016-2 'Disclosure Initiative - Amendments to AASB 107'

Effective for annual reporting periods beginning on or after 1 January 2017

This Standard requires entities to provide disclosures that enable users of financial statements to evaluate changes (both cash flows and non-cash changes) in liabilities arising from financing activities.

Council's disclosure of the changes in their liabilities arising

from financing activities is disclosed in Note 11(c).

### AASB 2016-4 'Recoverable Amount of Non-Cash Generating Specialised Assets of Not-for-Profit Entities' – Amendment to AASB 116 & 136

Effective for annual reporting periods beginning on or after 1 January 2017

This Standard no longer requires not-for-profit entities to consider AASB 136 Impairment of Assets for non-cash-generating specialised assets at fair value.

It is expected for not-for-profit entities holding non-cash-generating, the recoverable amount of these assets is expected to be materially the same as fair value, determined under AASB 113 Fair Value Measurement.

#### Legislative compliance

My audit procedures did not identify any instances of non-compliance with legislative requirements or a material deficiency in the Council's accounting records or financial reports. The Council's:

- accounting records were maintained in a manner and form to allow the general purpose financial statements to be prepared and effectively audited; and
- staff provided all accounting records and information relevant to the audit.

| 3. Notes to the Special Purpose Financial Statements  | 7             |
| 4. Auditor's Report   | 17            |

#### **Background**

- (i) These Special Purpose Financial Statements have been prepared for the use by both Council and the Office of Local Government in fulfilling their requirements under National Competition Policy.
- (ii) The principle of competitive neutrality is based on the concept of a 'level playing field' between persons/entities competing in a market place, particularly between private and public sector competitors.
  - Essentially, the principle is that government businesses, whether Commonwealth, state or local, should operate without net competitive advantages over other businesses as a result of their public ownership.
- (iii) For Council, the principle of competitive neutrality and public reporting applies only to declared business activities.
  - These include (a) those activities classified by the Australian Bureau of Statistics as business activities being water supply, sewerage services, abattoirs, gas production and reticulation, and (b) those activities with a turnover of more than \$2 million that Council has formally declared as a business activity (defined as Category 1 activities).
- (iv) In preparing these financial statements for Council's self-classified Category 1 businesses and ABS-defined activities, councils must (a) adopt a corporatisation model and (b) apply full cost attribution including tax-equivalent regime payments and debt guarantee fees (where the business benefits from Council's borrowing position by comparison with commercial rates).

### Special Purpose Financial Statements

for the year ended 30 June 2018

#### Statement by Councillors and Management

made pursuant to the Local Government Code of Accounting Practice and Financial Reporting

#### The attached Special Purpose Financial Statements have been prepared in accordance with:

- the NSW Government Policy Statement 'Application of National Competition Policy to Local Government',
- the Division of Local Government Guidelines 'Pricing and Costing for Council Businesses –
   A Guide to Competitive Neutrality',
- the Local Government Code of Accounting Practice and Financial Reporting,
- the NSW Office of Water Best-Practice Management of Water and Sewerage Guidelines.

#### To the best of our knowledge and belief, these financial statements:

- present fairly the operating result and financial position for each of Council's declared business activities for the year, and
- accord with Council's accounting and other records.

We are not aware of any matter that would render these statements false or misleading in any way.

Signed in accordance with a resolution of Council made on 24 October 2018.

# Special Purpose Financial Statements for the year ended 30 June 2018

### Contents of the notes accompanying the financial statements

| Note | Details  | Page |
|------|--|------|
| 1    | Summary of significant accounting policies                             | 8    |
| 2    | Water Supply Business Best-Practice Management disclosure requirements | 12   |
| 3    | Sewerage Business Best-Practice Management disclosure requirements     | 14   |

### Notes to the Special Purpose Financial Statements

for the year ended 30 June 2018

### Note 1. Significant accounting policies

A statement summarising the supplemental accounting policies adopted in the preparation of the Special Purpose Financial Statements (SPFS) for National Competition Policy (NCP) reporting purposes follows.

These financial statements are SPFS prepared for use by Council and the Office of Local Government. For the purposes of these statements, the Council is a non-reporting not-for-profit entity.

The figures presented in these Special Purpose Financial Statements have been prepared in accordance with the recognition and measurement criteria of relevant Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board (AASB) and Australian Accounting Interpretations.

The disclosures in these Special Purpose Financial Statements have been prepared in accordance with the Local Government Act 1993 (NSW), the Local Government (General) Regulation, and the Local Government Code of Accounting Practice and Financial Reporting.

The statements are prepared on an accruals basis. They are based on historic costs and do not take into account changing money values or, except where specifically stated, current values of non-current assets. Certain taxes and other costs, appropriately described, have been imputed for the purposes of the National Competition Policy.

The Statement of Financial Position includes notional assets/liabilities receivable from/payable to Council's general fund. These balances reflect a notional intra-entity funding arrangement with the declared business activities.

#### **National Competition Policy**

Council has adopted the principle of 'competitive neutrality' in its business activities as part of the National Competition Policy which is being applied throughout Australia at all levels of government.

The framework for its application is set out in the June 1996 NSW government policy statement titled 'Application of National Competition Policy to Local Government'.

The Pricing and Costing for Council Businesses, A Guide to Competitive Neutrality issued by the Office of Local Government in July 1997 has also been adopted.

The pricing and costing guidelines outline the process for identifying and allocating costs to activities and provide a standard for disclosure requirements.

These disclosures are reflected in Council's pricing and/or financial reporting systems and include taxation equivalents, Council subsidies, return on investments (rate of return), and dividends paid.

#### **Declared business activities**

In accordance with *Pricing and Costing for Council Businesses – A Guide to Competitive Neutrality,* Council has declared that the following are to be considered as business activities:

#### Category 1

(where gross operating turnover is over \$2 million)

#### a. Water Supply

Comprising the whole of the operations and net assets of Council's water supply activities servicing the towns of Leeton, Yanco, Whitton and Murrami which are established as a separate Special Rate Fund.

### Notes to the Special Purpose Financial Statements

for the year ended 30 June 2018

#### Note 1. Significant accounting policies (continued)

#### b. Sewerage Service

Comprising the whole of the operations and net assets of Council's sewerage reticulation & treatment activities servicing the towns of Leeton, Whitton & Yanco, which are established as a separate Special Rate Fund.

#### Category 2

(where gross operating turnover is less than \$2 million)

Council has no Category 2 Business Activities.

#### **Monetary amounts**

Amounts shown in the financial statements are in Australian currency and rounded to the nearest thousand dollars, except for Note 2 (Water Supply Best-Practice Management Disclosures) and Note 3 (Sewerage Best-Practice Management Disclosures).

As required by Crown Lands and Water (CLAW), the amounts shown in Note 2 and Note 3 are disclosed in whole dollars.

#### (i) Taxation-equivalent charges

Council is liable to pay various taxes and financial duties. Where this is the case, they are disclosed as a cost of operations just like all other costs.

However, where Council does not pay some taxes which are generally paid by private sector businesses, such as income tax, these equivalent tax payments have been applied to all Council-nominated business activities and are reflected in Special Purpose Financial Statements.

For the purposes of disclosing comparative information relevant to the private sector equivalent, the following taxation equivalents have been applied to all Council-nominated business activities (this does not include Council's non-business activities):

#### Notional rate applied (%)

Corporate income tax rate - 30%

Land tax – the first \$629,000 of combined land values attracts 0%. For the combined land values in excess of \$629,001 up to \$3,846,000 the rate is 1.6% + \$100. For the remaining combined land value that exceeds \$3,846,000 a premium marginal rate of 2.0% applies.

Payroll tax – **5.45%** on the value of taxable salaries and wages in excess of \$750,000.

In accordance with Crown Lands and Water (CLAW), a payment for the amount calculated as the annual tax equivalent charges (excluding income tax) must be paid from water supply and sewerage business activities.

The payment of taxation equivalent charges, referred to in the NSW Office of Water Guidelines to as a 'dividend for taxation equivalent', may be applied for any purpose allowed under the *Local Government Act,* 1993.

Achievement of substantial compliance to the NSW Office of Water Guidelines is not a prerequisite for the payment of the tax equivalent charges, however the payment must not exceed \$3 per assessment.

### Notes to the Special Purpose Financial Statements

for the year ended 30 June 2018

#### Note 1. Significant accounting policies (continued)

#### Income tax

An income tax equivalent has been applied on the profits of the business activities.

Whilst income tax is not a specific cost for the purpose of pricing a good or service, it needs to be taken into account in terms of assessing the rate of return required on capital invested.

Accordingly, the return on capital invested is set at a pre-tax level - gain/(loss) from ordinary activities before capital amounts, as would be applied by a private sector competitor. That is, it should include a provision equivalent to the corporate income tax rate, currently 30%.

Income tax is only applied where a gain/ (loss) from ordinary activities before capital amounts has been achieved.

Since the taxation equivalent is notional – that is, it is payable to Council as the 'owner' of business operations - it represents an internal payment and has no effect on the operations of the Council. Accordingly, there is no need for disclosure of internal charges in the SPFS.

The rate applied of 30% is the equivalent company tax rate prevalent at reporting date. No adjustments have been made for variations that have occurred during the year.

#### Local government rates and charges

A calculation of the equivalent rates and charges payable on all category 1 businesses has been applied to all land assets owned or exclusively used by the business activity.

#### Loan and debt guarantee fees

The debt guarantee fee is designed to ensure that council business activities face 'true' commercial borrowing costs in line with private sector competitors.

In order to calculate a debt guarantee fee, Council has determined what the differential borrowing rate would have been between the commercial rate and Council's borrowing rate for its business activities.

#### (ii) Subsidies

Government policy requires that subsidies provided to customers, and the funding of those subsidies, must be explicitly disclosed.

Subsidies occur when Council provides services on a less-than-cost-recovery basis. This option is exercised on a range of services in order for Council to meet its community service obligations.

Accordingly, 'subsidies disclosed' (in relation to National Competition Policy) represents the difference between revenue generated from 'rate of return' pricing and revenue generated from prices set by Council in any given financial year.

The overall effect of subsidies is contained within the Income Statement of each reported business activity.

#### (iii) Return on investments (rate of return)

The NCP policy statement requires that councils with Category 1 businesses 'would be expected to generate a return on capital funds employed that is comparable to rates of return for private businesses operating in a similar field'.

### Notes to the Special Purpose Financial Statements

for the year ended 30 June 2018

#### Note 1. Significant accounting policies (continued)

Such funds are subsequently available for meeting commitments or financing future investment strategies.

The actual rate of return achieved by each business activity is disclosed at the foot of each respective Income Statement.

The rate of return is calculated as follows:

Operating result before capital income + interest expense

Written down value of I,PP&E as at 30 June

As a minimum, business activities should generate a return equal to the Commonwealth 10 year bond rate which is 2.63% at 30/6/18.

#### (iv) Dividends

Council is not required to pay dividends to either itself (as owner of a range of businesses) or to any external entities.

Local government water supply and sewerage businesses are permitted to pay an annual dividend from its water supply or sewerage business surplus.

Each dividend must be calculated and approved in accordance with the DPIW guidelines and must not exceed:

- (i) 50% of this surplus in any one year, or
- (ii) the number of water supply or sewerage assessments at 30 June 2018 multiplied by \$30 (less the payment for tax equivalent charges, not exceeding \$3 per assessment).

In accordance with the DPIW guidelines a Dividend Payment form, Statement of Compliance, Unqualified Independent Financial Audit Report and Compliance Audit Report are required to be submitted to the DPIW.

#### **END OF AUDITED SPECIAL PURPOSE FINANCIAL STATEMENTS**

#### INDEPENDENT AUDITOR'S REPORT

# Report on the special purpose financial report Leeton Shire Council

To the Councillors of the Leeton Shire Council

#### **Opinion**

I have audited the accompanying special purpose financial report (the financial report) of Leeton Shire Council's (the Council) Declared Business Activities, which comprise the Income Statement of each Declared Business Activity for the year ended 30 June 2018, the Statement of Financial Position of each Declared Business Activity as at 30 June 2018, notes comprising a summary of Significant accounting policies and other explanatory information for the Business Activities declared by Council, and the Statement by Councillors and Management.

The Declared Business Activities of the Council are:

- water supply
- sewerage

In my opinion, the financial report presents fairly, in all material respects, the financial position of the Council's declared Business Activities as at 30 June 2018, and its financial performance for the year then ended, in accordance with the Australian Accounting Standards described in Note 1 and the Local Government Code of Accounting Practice and Financial Reporting (LG Code).

My opinion should be read in conjunction with the rest of this report.

#### **Basis for Opinion**

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Financial Report' section of my report.

I am independent of the Council in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants' (APES 110).

I have fulfilled my other ethical responsibilities in accordance with APES 110.

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as the auditor of councils
- precluding the Auditor-General from providing non-audit services.

I believe the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

#### **Emphasis of Matter - Basis of Accounting**

Without modifying my opinion, I draw attention to Note 1 to the financial statements which describes the basis of accounting. The financial statements have been prepared for the purpose of fulfilling Council's financial reporting responsibilities under the LG Code. As a result, the financial statements may not be suitable for another purpose.

#### Other Information

Other information comprises the information included in the Council's annual report for the year ended 30 June 2018, other than the financial report and my Independent Auditor's Report thereon. The Councillors are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprise the general purpose financial statements and Special Schedules (the Schedules).

My opinion on the financial report does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information. However, as required by the *Local Government Act 1993*, I have separately expressed an opinion on the general purpose financial statements and Special Schedule 2 - Permissible income for general rates.

In connection with my audit of the financial report, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

#### The Councillors' Responsibilities for the Financial Report

The Councillors are responsible for the preparation and fair presentation of the financial report and for determining that the accounting policies, described in Note 1 to the financial report, are appropriate to meet the requirements in the LG Code. The Councillors' responsibility also includes such internal control as the Councillors determine is necessary to enable the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Councillors are responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting, unless it is not appropriate to do so.

#### Auditor's Responsibilities for the Audit of the Financial Report

My objectives are to:

- obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the financial report.

A description of my responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: <a href="www.auasb.gov.au/auditors\_responsibilities/ar4.pdf">www.auasb.gov.au/auditors\_responsibilities/ar4.pdf</a>. The description forms part of my auditor's report.

My opinion does not provide assurance:

- that the Council carried out its activities effectively, efficiently and economically
- on the best practice management disclosures in Notes 2 and 3 of the financial report
- about the security and controls over the electronic publication of the audited financial report on any website where it may be presented
- about any other information which may have been hyperlinked to/from the financial report.

| Notes to Special Schedules 3 and 5 |  | 16   |
| Special Schedule 7                 | Report on Infrastructure Assets                      | 17   |

#### **Background**

- (i) These Special Schedules have been designed to meet the requirements of special purpose users such as;
  - the NSW Grants Commission
  - the Australian Bureau of Statistics (ABS),
  - the NSW Office of Water (NOW), and
  - the Office of Local Government (OLG).
- (ii) The financial data is collected for various uses including;
  - the allocation of Financial Assistance Grants,
  - the incorporation of Local Government financial figures in national statistics,
  - the monitoring of loan approvals,
  - the allocation of borrowing rights, and
  - the monitoring of the financial activities of specific services.

<sup>&</sup>lt;sup>1</sup> Special Schedules are not audited (with the exception of Special Schedule 2).

## Special Schedule 1 – Net Cost of Services for the year ended 30 June 2018

#### **Notes**

- (1) The notional general income will not reconcile with rate income in the financial statements in the corresponding year. The statements are reported on an accrual accounting basis which include amounts that relate to prior years' rates income.
- (2) Adjustments account for changes in the number of assessments and any increase or decrease in land value occurring during the year. The adjustments are called 'supplementary valuations' as defined in the *Valuation of Land Act 1916*.
- (3) The 'special variation percentage' is inclusive of the rate peg percentage and where applicable Crown land adjustment.
- (4) Valuation objections are unexpected changes in land values as a result of land owners successfully objecting to the land value issued by the Valuer-General. Councils can claim the value of the income lost due to valuation objections in any single year.
- (5) Unused catch-up amounts will be deducted if they are not caught up within 2 years. Usually councils will have a nominal carry forward figure. These amounts can be adjusted for in setting the rates in a future year.
- (6) Carry forward amounts which are in excess (an amount that exceeds the permissible income) require ministerial approval by order published in the NSW Government Gazette in accordance with section 512 of the Local Government Act 1993. The OLG will extract these amounts from Council's Special Schedule 2 in the financial data return (FDR) to administer this process.

#### INDEPENDENT AUDITOR'S REPORT

# Special Schedule 2 - Permissible Income for general rates Leeton Shire Council

To the Councillors of Leeton Shire Council

#### **Opinion**

I have audited the accompanying Special Schedule 2 – Permissible Income for general rates (the Schedule) of Leeton Shire Council (the Council) for the year ending 30 June 2019.

In my opinion, the Schedule of the Council for the year ending 30 June 2019 is prepared, in all material respects in accordance with the requirements of the Local Government Code of Accounting Practice and Financial Reporting (LG Code) issued by the Office of Local Government (OLG), and is in accordance with the books and records of the Council.

My opinion should be read in conjunction with the rest of this report.

#### **Basis for Opinion**

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Schedule' section of my report.

I am independent of the Council in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants' (APES 110).

I have fulfilled my other ethical responsibilities in accordance with APES 110.

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as auditor of councils
- precluding the Auditor-General from providing non-audit services.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

#### **Emphasis of Matter - Basis of Accounting**

Without modifying my opinion, I draw attention to the notes and explanations in Special Schedule 2 that instruct councils in its preparation so it complies with OLG's requirements as described in the LG Code. As a result, Special Schedule 2 may not be suitable for another purpose.

#### Other Information

Other information comprises the information included in the Council's annual report for the year ended 30 June 2018, other than the Schedule and my Independent Auditor's Report thereon. The Councillors are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprise the general purpose financial statements, special purpose financial statements and the Special Schedules excluding Special Schedule 2 (the other Schedules).

My opinion on the Schedule does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information. However, as required by the *Local Government Act 1993*, I have separately expressed an opinion on the general purpose financial statements and the special purpose financial statements.

In connection with my audit of the Schedule, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Schedule or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

#### The Councillors' Responsibilities for the Schedule

The Councillors are responsible for the preparation of the Schedule in accordance with the LG Code. The Councillors' responsibility also includes such internal control as the Councillors determine is necessary to enable the preparation of the Schedule that is free from material misstatement, whether due to fraud or error.

In preparing the Schedule, the Councillors are responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting, unless it is not appropriate to do so.

#### Auditor's Responsibilities for the Audit of the Schedule

My objectives are to:

- obtain reasonable assurance whether the Schedule as a whole is free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the Schedule.

A description of my responsibilities for the audit of the Schedule is located at the Auditing and Assurance Standards Board website at: <a href="www.auasb.gov.au/auditors\_responsibilities/ar8.pdf">www.auasb.gov.au/auditors\_responsibilities/ar8.pdf</a>. The description forms part of my auditor's report.

My opinion does *not* provide assurance:

- that the Council carried out its activities effectively, efficiently and economically
- about the security and controls over the electronic publication of the audited Schedule on any website where it may be presented
- about any other information which may have been hyperlinked to/from the Schedule.

#### Notes to Special Schedules 3 and 5

for the year ended 30 June 2018

#### Administration (1)

(item 1a of Special Schedules 3 and 5) comprises the following:

- · Administration staff:
  - Salaries and allowance
  - Travelling expenses
  - Accrual of leave entitlements
  - Employment overheads.
- · Meter reading
- · Bad and doubtful debts
- Other administrative/corporate support services

#### Engineering and supervision (1)

(item 1b of Special Schedules 3 and 5) comprises the following:

- Engineering staff:
  - Salaries and allowance
  - Travelling expenses
  - Accrual of leave entitlements
  - Employment overheads.
- · Other technical and supervision staff:
  - Salaries and allowance
  - Travelling expenses
  - Accrual of leave entitlements
  - Employment overheads.

**Operational expenses** (item 2 of Special Schedules 3 and 5) comprise the day to day operational expenses excluding maintenance expenses.

**Maintenance expenses** (item 2 of Special Schedules 3 and 5) comprise the day to day repair and maintenance expenses. (Refer to Section 5 of the Local Government Asset Accounting Manual regarding capitalisation principles and the distinction between capital and maintenance expenditure).

Other expenses (item 4c of Special Schedules 3 and 5) includes all expenses not recorded elsewhere.

Revaluation decrements (item 4b of Special Schedules 3 and 5) is to be used when I,PP&E decreases in FV.

**Impairment losses** (item 4d and 4e of Special Schedules 3 and 5) are to be used when the carrying amount of an asset exceeds its recoverable amount (refer to page D-31).

Aboriginal Communities Water and Sewerage Program (item 4f of Special Schedules 3 and 5) is to be used when operation and maintenance work has been undertaken on behalf of the Aboriginal Communities Water and Sewerage Program. Similarly, income for item 11a of Special Schedule 3 and item 12a of Special Schedule 5 are for services provided to the Aboriginal Communities Water and Sewerage Program and is not part of Council's water supply and sewerage revenue.

**Residential charges** <sup>(2)</sup> (items 6a, 6b and item 6 of Special Schedules 3 and 5 respectively) include all income from residential charges. Item 6 of Schedule 3 should be separated into 6a access charges (including rates if applicable) and 6b usage charges.

**Non-residential charges** (items 7a, 7b of Special Schedules 3 and 5) include all income from non-residential charges separated into 7a access charges (including rates if applicable) and 7b usage charges.

**Trade waste charges** (item 8 of Special Schedule 5) include all income from trade waste charges separated into 8a annual fees, 8b usage charges and 8c excess mass charges and 8d re-inspection fees.

Other income (items 10 and 11 of Special Schedules 3 and 5 respectively) include all income not recorded elsewhere.

Other contributions (items 12c and 13c of Special Schedules 3 and 5 respectively) including capital contribution for water supply or sewerage services received by Council under Section 565 of the *Local Government Act*.

#### Notes:

- <sup>(1)</sup> Administration and engineering costs for the development of capital works projects should be reported as part of the capital cost of the project and not as part of the recurrent expenditure (ie. in item 16 for water supply and item 17 for sewerage, and **not** in items 1a and 1b).
- (2) To enable accurate reporting of **residential revenue from usage charges**, it is essential for councils to accurately separate their residential (item 6) charges and non-residential (item 7) charges.

## Special Schedule 7 – Report on Infrastructure Assets as at 30 June 2018

#### Notes:

a Required maintenance is the amount identified in Council's asset management plans.

#### Infrastructure asset condition assessment 'key'

Excellent/very good No work required (normal maintenance)

Only minor maintenance work required

3 Satisfactory Maintenance work required

4 Poor Renewal required

5 Very poor Urgent renewal/upgrading required

# Special Schedule 7 - Report on Infrastructure Assets (continued) for the year ended 30 June 2018

| Infrastructure asset performance indicato consolidated  | rs *             |           |         |           |         |
| 1. Buildings and infrastructure renewals ratio (1) Asset renewals (2) Depreciation, amortisation and impairment                                 | 3,114<br>4,884   | 63.76%    | 53.97%  | 73.96%    | >= 100% |
| 2. Infrastructure backlog ratio (1) Estimated cost to bring assets to a satisfactory standard Net carrying amount of infrastructure assets      | 3,954<br>182,519 | 2.17%     | 3.04%   | 4.17%     | < 2.00% |
| 3. Asset maintenance ratio Actual asset maintenance Required asset maintenance  | 5,313<br>5,313   | 100.00%   | 100.79% | 100.00%   | > 100%  |
| 4. Cost to bring assets to agreed service level Estimated cost to bring assets to an agreed service level set by Council Gross replacement cost | 3,954<br>303,580 | 1.30%     | 1.83%   | 2.56%     |         |

#### Notes

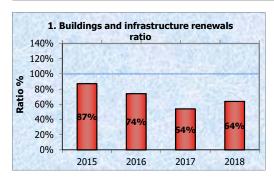

<sup>\*</sup> All asset performance indicators are calculated using the asset classes identified in the previous table.

<sup>(1)</sup> Excludes Work In Progress (WIP)

<sup>(2)</sup> Asset renewals represent the replacement and/or refurbishment of existing assets to an equivalent capacity/performance as opposed to the acquisition of new assets (or the refurbishment of old assets) that increases capacity/performance.

## Special Schedule 7 - Report on Infrastructure Assets (continued)

for the year ended 30 June 2018

#### Purpose of asset renewals ratio

To assess the rate at which these assets are being renewed relative to the rate at which they are depreciating.

#### Commentary on 2017/18 result

2017/18 Ratio 63.76%

Council's Infrastructure Renewal ratio has been significantly impacted by the roads impairment of \$1,375,442 as a result of flood damage. The balance of these impaired assets will be reinstated in 2018/19.

Minimum >=100.00%

Source for benchmark: Code of Accounting Practice and Financial Reporting #26

Ratio achieves benchmark Ratio is outside benchmark

#### 2. Infrastructure backlog ratio 12.0% 10.0% **%** 8.0% 6.0% 4.0% 2.0% 2.29 0.0% 2015 2016 2017 2018

#### Purpose of infrastructure backlog ratio

This ratio shows what proportion the backlog is against the total value of a Council's infrastructure.

#### Commentary on 2017/18 result

2017/18 Ratio 2.17%

With Councils continued focus on asset renewal the infrastructure backlog is slowing reducing.

Maximum <2.00% Source for benchmark: Code of Accounting Practice and Financial Reporting #26

Ratio achieves benchmark Ratio is outside benchmark

#### Purpose of asset maintenance ratio

Compares actual vs. required annual asset maintenance A ratio above 100% indicates Council is investing enough funds to stop the infrastructure backlog

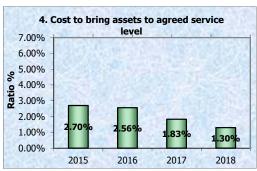

2017/18 Ratio 100.00%

All required maintenance was carried out during the year.

Ratio achieves benchmark Ratio is outside benchmark

#### Purpose of agreed service level ratio

This ratio provides a snapshot of the proportion of outstanding renewal works compared to the total value of assets under Council's care and stewardship.

#### Commentary on 2017/18 result

2017/18 Ratio 1.30%

Council is actively addressing the agreed level of service and the condition of the asset portfolio.
