#### **Overview**

Leeton Shire Council is constituted under the Local Government Act 1993 (NSW) and has its principal place of business at:

23-25 Chelmsford Place Leeton NSW 2705

Council's guiding principles are detailed in Chapter 3 of the LGA and includes:

- · principles applying to the exercise of functions generally by council,
- · principles to be applied when making decisions,
- principles of community participation,
- · principles of sound financial management, and
- principles for strategic planning relating to the development of an integrated planning and reporting framework.

A description of the nature of Council's operations and its principal activities are provided in Note 2(b).

Through the use of the internet, we have ensured that our reporting is timely, complete and available at minimum cost. All press releases, financial statements and other information are publicly available on our website: www.leeton.nsw.gov.au.

# **General Purpose Financial Statements**

#### for the year ended 30 June 2020

# **Understanding Council's Financial Statements**

#### Introduction

Each year, individual Local Governments across NSW are required to present a set of audited financial statements to their council and community.

#### What you will find in the Statements

The financial statements set out the financial performance, financial position and cash flows of Council for the financial year ended 30 June 2020.

The format of the financial statements is standard across all NSW Councils and complies with both the accounting and reporting requirements of Australian Accounting Standards and requirements as set down by the Office of Local Government.

#### About the Councillor/Management Statement

The financial statements must be certified by senior staff as 'presenting fairly' the Council's financial results for the year and are required to be adopted by Council – ensuring both responsibility for and ownership of the financial statements.

#### **About the Primary Financial Statements**

The financial statements incorporate five "primary" financial statements:

#### 1. The Income Statement

Summarises Council's financial performance for the year, listing all income and expenses. This statement also displays Council's original adopted budget to provide a comparison between what was projected and what actually occurred.

#### 2. The Statement of Comprehensive Income

Primarily records changes in the fair value of Council's Infrastructure, property, plant and equipment.

#### 3. The Statement of Financial Position

A 30 June snapshot of Council's financial position indicating its assets, liabilities and "net wealth".

#### 4. The Statement of Changes in Equity

The overall change for the year (in dollars) of Council's "net wealth".

#### 5. The Statement of Cash Flows

Indicates where Council's cash came from and where it was spent. This statement also displays Council's original adopted budget to provide a comparison between what was projected and what actually occurred.

#### About the Notes to the Financial Statements

The Notes to the Financial Statements provide greater detail and additional information on the five primary financial statements.

#### About the Auditor's Reports

Council's financial statements are required to be audited by the NSW Audit Office.

In NSW the auditor provides 2 audit reports:

- 1. an opinion on whether the financial statements present fairly the Council's financial performance and position, and
- 2. their observations on the conduct of the audit, including commentary on the Council's financial performance and financial position.

#### Who uses the Financial Statements?

The financial statements are publicly available documents and must be presented at a Council meeting between seven days and five weeks after the date of the audit report.

The public can make submissions to Council up to seven days subsequent to the public presentation of the financial statements.

Council is required to forward an audited set of financial statements to the Office of Local Government.

# General Purpose Financial Statements

for the year ended 30 June 2020

# Statement by Councillors and Management made pursuant to Section 413(2)(c) of the Local Government Act 1993 (NSW) (as amended)

The attached General Purpose Financial Statements have been prepared in accordance with:

- the Local Government Act 1993 (NSW) (as amended) and the regulations made thereunder,
- the Australian Accounting Standards and other pronouncements of the Australian Accounting Standards Board
- the Local Government Code of Accounting Practice and Financial Reporting.

#### To the best of our knowledge and belief, these statements:

- · present fairly the Council's operating result and financial position for the year
- accord with Council's accounting and other records.

We are not aware of any matter that would render these statements false or misleading in any way.

Signed in accordance with a resolution of Council made on 28 October 2020.

## Note 1. Basis of preparation

These financial statements were authorised for issue by Council on 28 October 2020. Council has the power to amend and reissue these financial statements in cases where critical information is received from public submissions or where the OLG directs Council to amend the financial statements.

The principal accounting policies adopted in the preparation of these consolidated financial statements are set out below.

These policies have been consistently applied to all the years presented, unless otherwise stated.

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Australian Accounting Interpretations, the *Local Government Act 1993 (NSW)* and Regulations, and the Local Government Code of Accounting Practice and Financial Reporting.

Council is a not for-profit entity.

The financial statements are presented in Australian dollars and are rounded to the nearest thousand dollars.

#### (a) Historical cost convention

These financial statements have been prepared under the historical cost convention, as modified by the revaluation of certain financial assets and liabilities and certain classes of infrastructure, property, plant and equipment.

#### (b) Significant accounting estimates and judgements

The preparation of financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Council's accounting policies.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Council and that are believed to be reasonable under the circumstances.

#### Critical accounting estimates and assumptions

Council makes estimates and assumptions concerning the future.

The resulting accounting estimates will, by definition, seldom equal the related actual results.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year include:

(i) estimated fair values of infrastructure, property, plant and equipment - refer Note 10

(ii) estimated value of intangible assets (water licences) - refer Note 11

(iii) employee benefit provisions - refer Note 15.

#### Significant judgements in applying the council's accounting policies

(i) Impairment of receivables

Council reviewed receivables for impariment and found there to be minimal impairments - refer Note 8.

#### Monies and other assets received by Council

#### (a) The Consolidated Fund

In accordance with the provisions of Section 409(1) of the *Local Government Act 1993 (NSW)*, all money and property received by Council is held in the Council's Consolidated Fund unless it is required to be held in the Council's Trust Fund.

The Consolidated Fund has been included in the financial statements of the Council.

Cash and other assets of the following entities have been included as part of the Consolidated Fund:

- General purpose operations
- Water service

for the year ended 30 June 2020

### Note 1. Basis of preparation (continued)

Sewerage service

#### (b) The Trust Fund

In accordance with the provisions of Section 411 of the *Local Government Act 1993 (NSW)* (as amended), a separate and distinct Trust Fund is maintained to account for all money and property received by the council in trust which must be applied only for the purposes of, or in accordance with, the trusts relating to those monies.

Trust monies and property subject to Council's control have been included in these reports.

#### Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the taxation authority. In this case it is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to the taxation authority is included with other receivables or payables in the Statement of Financial Position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities that are recoverable from, or payable to, the taxation authority are presented as operating cash flows.

#### **Volunteer services**

Council relies on the commitment made by volunteers to help run some of its venues and events. These volunteer services are not recognised in Councils Income Statement as they would not be purchased if not donated and they are deemed to be immaterial.

#### New accounting standards and interpretations issued not yet effective

#### New accounting standards and interpretations issued but not yet effective

Certain new accounting standards and interpretations (ie. pronouncements) have been published by the Australian Accounting Standards Board that are not mandatory for the 30 June 2020 reporting period.

Council has elected not to apply any of these pronouncements in these financial statements before their operative dates.

As at the date of authorisation of these financial statements Council does not consider that any of these new (and still to be applied) standards and interpretations are likely to have a material impact on the Council's future financial statements, financial position, financial performance or cash flows.

#### New accounting standards adopted during the year

During the year Council adopted all accounting standards and interpretations (as issued by the Australian Accounting Standards Board) which were mandatorily effective from 1 July 2019.

Those newly adopted standards which had a material impact on Council's reported financial position, financial performance and/or associated financial statement disclosures are further discussed at Note 16.

COVID-19 has caused a disruption to council's business practices with a number of staff working remotely from home or at other council facilities with limited staff operating from the main administration building. Whilst this has caused some inconvenience it has not resulted in significant additional cost but some expenses have been incurred for additional equipment in setting up employees to work remotely.

Council has not been required to provide rent relief but has incurred additional cleaning costs associated with some council facilities.

Rate collections and other receivables have not been impacted by COVID-19 as at report date.

# Notes to the Financial Statements

for the year ended 30 June 2020

### Note 1. Basis of preparation (continued)

Overall the financial impact has not been significant and is not anticipated to increase in future years. Council is of the view that physical non-current assets will not experience substantial declines in value due to Covid. Fair value for the majority of Counci's non-current assets is determined by replacement cost where there is no anticipated material change in value due to Covid. For assets where fair value is determined by market value Council has no evidence of material changes to these values.

#### Accounting policy for borrowing costs

Borrowing costs are expensed when incurred.

This CSP was divided into six themes based on the community's priority aspirations for the Shire. These themes and the 20 strategies which underpin them are:

#### A Healthy and Caring Community

- A community that focuses on being healthy A community that embraces lifelong learning A community that is friendly and inclusive A community that is safe to live in and move about
- A community that enjoys good housing

#### A Healthy and Caring Community

A community that participates in sports and active leisure A community that enjoys arts and culture A community that values its heritage

#### **A Healthy Natural Environment**

A community that respects the natural environment A community that enjoys our natural environment

#### A Thriving Economy with Good Jobs

- A community that thrives on irrigated agriculture
- A community that is strong in business and employment
- A community that has great attractions and events
- A community that enjoys a vibrant town centre

#### A Quality Built Environment

A community that has reliable water and sewerage services in towns A community that has good road, rail and air transport

A community that enjoys attractive towns and parks

#### Strong Leadership

A community that has politicians who act and listen A community that speaks up and gets involved A community that is always on the front foot

### Notes to the Financial Statements

for the year ended 30 June 2020

### Note 2(b). Council functions/activities - component descriptions

#### Details relating to the Council's functions/activities as reported in Note 2(a) are as follows:

#### Governance

Includes costs relating to Council's role as a component of democratic government, including elections, members' fees and expenses, subscriptions to local authority associations, meetings of Council and policy-making committees, public disclosure (e.g. GIPA), and legislative compliance.

#### Administration

Includes corporate support and other support services, Crown Land administration, engineering works, and any Council policy compliance.

#### Public order and safety

Includes Council's fire and emergency services levy, fire protection, emergency services, enforcement of regulations and animal control.

#### Health

Includes inspection, food control, administration.

#### Environment

Includes noxious plants and insect/vermin control; other environmental protection; solid waste management, including domestic waste; other waste management; street cleaning, drainage and stormwater management.

#### **Community services and education**

Includes administration social protection (welfare); migrant, youth services; aged and disabled persons services; child care; and other family and children services.

#### Housing and community amenities

Includes public cemeteries; public conveniences; street lighting; town planning; other community amenities, including housing development and accommodation for aged persons.

#### Water supplies

Includes the supply of water services.

#### Sewerage services

Includes the supply of sewerage services.

#### **Recreation and culture**

Includes public libraries; museums; community centres and halls, performing arts venues; sporting grounds and venues; swimming pools; parks; gardens; lakes; and other sporting, recreational and cultural services.

#### Mining, manufacturing and construction

Includes building control, quarries and pits.

#### **Transport and communication**

Urban local, urban regional, includes sealed and unsealed roads, bridges, footpaths, parking areas, and aerodromes.

#### **Economic affairs**

Includes camping areas, tourism and area promotion; industrial development promotion; events; real estate development and other business undertakings.

The AASB notation (above) identifies the revenue recognition pattern for material items of Council revenue:

15 (1) indicates income recognised under AASB 15 "at a point in time",

**15 (2)** indicates income recognised under AASB 15 "over time",

1058 (1) indicates income recognised under AASB 1058 "at a point in time", while

1058 (2) indicates income recognised under AASB 1058 "over time".

Council has used 2016 year valuations provided by the NSW Valuer General in calculating its rates.

#### Accounting policy for rates and charges

Rates and annual charges are recognised as revenue when the Council obtains control over the assets comprising these receipts which is the beginning of the rating period to which they relate.

Prepaid rates are recognised as a financial liability until the beginning of the rating period.

Pensioner rebates relate to reductions in rates and certain annual charges for eligible pensioners' place of residence in the local government council area that are not subsidised by the NSW Government. Pensioner rate subsidies are received from the NSW Government to provide a contribution towards the pensioner rebates and are in substance a rates payment.

for the year ended 30 June 2020

### Note 3. Revenue from continuing operations (continued)

The AASB notation (above) identifies the revenue recognition pattern for material items of Council revenue:

15 (1) indicates income recognised under AASB 15 "at a point in time",

15 (2) indicates income recognised under AASB 15 "over time",

1058 (1) indicates income recognised under AASB 1058 "at a point in time", while

1058 (2) indicates income recognised under AASB 1058 "over time".

#### Accounting policy for user charges and fees

Revenue arising from user charges and fees is recognised when or as the performance obligation is completed and the customer receives the benefit of the goods / services being provided.

#### for the year ended 30 June 2020

# Note 3. Revenue from continuing operations (continued)

The performance obligation relates to the specific services which are provided to the customers and generally the payment terms are within 30 days of the provision of the service or in some cases such as caravan parks, the customer is required to pay on arrival. There is no material obligation for Council in relation to refunds or returns.

Where an upfront fee is charged such as membership fees for the leisure centre the fee is recognised on a straight-line basis over the expected life of the membership.

Licences granted by Council are all either short-term or low value and all revenue from licences is recognised at the time that the licence is granted rather than the term of the licence.

#### 2019 accounting policy

User charges and fees are recognised as revenue when the service has been provided.

The **AASB** notation (above) identifies the revenue recognition pattern for material items of Council revenue:

15 (1) indicates income recognised under AASB 15 "at a point in time",

**15 (2)** indicates income recognised under AASB 15 "over time",

1058 (1) indicates income recognised under AASB 1058 "at a point in time", while

1058 (2) indicates income recognised under AASB 1058 "over time".

#### Accounting policy for other revenue

Where the revenue relates to a contract with a customer, the revenue is recognised when or as the performance obligation is completed and the customer receives the benefit of the goods / services being provided.

Where the revenue relates to a contract which is not enforceable or does not contain sufficiently specific performance obligations then revenue is recognised when an unconditional right to a receivable arises or the cash is received, whichever is earlier.

#### 2019 accounting policy:

Council recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Council and specific criteria have been met for each of the Council's activities as described below. Council bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

Parking fees and fines are recognised as revenue when the service has been provided, or when the penalty has been applied, whichever occurs first.

for the year ended 30 June 2020

1058 (1) indicates income recognised under AASB 1058 "at a point in time", while

1058 (2) indicates income recognised under AASB 1058 "over time".

#### Accounting policy for grants and contributions

#### Accounting policy from 1 July 2019

#### Grant income under AASB 15

Where grant income arises from an agreement which is enforceable and contains sufficiently specific performance obligations then the revenue are recognised when control of each performance obligations is satisfied.

The performance obligations are varied based on the agreement. Payment terms vary depending on the terms of the grant, cash is received upfront for some grants and on the achievement of certain payment milestones for others.

for the year ended 30 June 2020

### Note 3. Revenue from continuing operations (continued)

Each performance obligation is considered to ensure that the revenue recognition reflects the transfer of control and within grant agreements there may be some performance obligations where control transfers at a point in time and others which have continuous transfer of control over the life of the contract.

Where control is transferred over time, generally the input methods being either costs or time incurred are deemed to be the most appropriate methods to reflect the transfer of benefit.

#### Grant income

Assets arising from grants in the scope of AASB 1058 are recognised at the assets fair value when the asset is received. Council considers whether there are any related liability or equity items associated with the asset which are recognised in accordance with the relevant accounting standard.

Once the assets and liabilities have been recognised then income is recognised for any remaining asset value at the time that the asset is received.

#### Capital grants

Capital grants received to enable Council to acquire or construct an item of infrastructure, property, plant and equipment to identified specifications which will be under Council's control and which is enforceable are recognised as revenue as and when the obligation to construct or purchase is completed.

For construction projects, this is generally as the construction progresses in accordance with costs incurred since this is deemed to be the most appropriate measure of the completeness of the construction project as there is no profit margin.

For acquisitions of assets, the revenue is recognised when the asset is acquired and controlled by the Council.

#### Contributions

Council has obligations to provide facilities from contribution revenues levied on developers under the provisions of sections 7.4, 7.11 and 7.12 of the *Environmental Planning and Assessment Act* 1979.

While Council generally incorporates these amounts as part of a Development Consents Order, such developer contributions are only recognised as income upon receipt by Council, due to the possibility that individual development consents may not be acted upon by the applicant and, accordingly, would not be payable to Council.

Developer contributions may only be expended for the purposes for which the contributions were required, but the Council may apply contributions according to the priorities established in work schedules.

#### Accounting policy prior to 1 July 2019

Control over grants and contributions is normally obtained upon their receipt (or acquittal) and revenue is recognised at this time and is valued at the fair value of the granted or contributed asset at the date of transfer.

Where grants or contributions recognised as revenues during the financial year were obtained on condition that they be expended in a particular manner, or used over a particular period, and those conditions were un-discharged at reporting date, the unused grant or contribution is disclosed below.

A liability is recognised in respect of revenue that is reciprocal in nature to the extent that the requisite service has not been provided at reporting date.

# Notes to the Financial Statements

for the year ended 30 June 2020

### Note 4. Interest and investment income

|  | 2020    | 2019    |
|--|---------|---------|
|  | \$ '000 | \$ '000 |
| Interest on financial assets measured at amortised cost                            |         |         |
| <ul> <li>Overdue rates and annual charges (incl. special purpose rates)</li> </ul> | 56      | 49      |
| <ul> <li>Cash and investments</li> </ul>   | 829     | 1,404   |
| - Deferred debtors   | 3       | 7       |
| Total Interest and investment income   | 888     | 1,460   |
| Interest revenue is attributable to:   |         |         |
| Unrestricted investments/financial assets:   |         |         |
| Overdue rates and annual charges (general fund)                                    | 28      | 25      |
| General Council cash and investments   | 249     | 785     |
| Restricted investments/funds – external:   |         |         |
| Development contributions  |         |         |
| – Section 7.11   | 3       | 3       |
| – Section 64   | 1       | 1       |
| Water fund operations  | 333     | 365     |
| Sewerage fund operations   | 172     | 206     |
| Domestic waste management operations   | 102     | 75      |
| Total interest and investment revenue  | 888     | 1,460   |

#### Accounting policy for interest and investment revenue

Interest income is recognised using the effective interest rate at the date that interest is earned.

for the year ended 30 June 2020

### Note 5. Expenses from continuing operations

|  | 2020<br>\$ '000 | 2019<br>\$ '000 |
|--|-----------------|-----------------|
| (a) Employee benefits and on-costs   |                 |                 |
| Salaries and wages   | 9,766           | 8,878           |
| Travel expenses  | 53              | 62              |
| Employee leave entitlements (ELE)  | 1,018           | 977             |
| Superannuation   | 1,052           | 990             |
| Workers' compensation insurance  | 126             | 125             |
| Fringe benefit tax (FBT)   | 54              | 29              |
| Payroll tax  | 37              | 41              |
| Training costs (other than salaries and wages)                                 | 141             | 169             |
| Protective clothing  | 35              | 30              |
| Other  | 35              | 88              |
| Total employee costs   | 12,317          | 11,389          |
| Less: capitalised costs  | (793)           | (616)           |
| TOTAL EMPLOYEE COSTS EXPENSED  | 11,524          | 10,773          |
| Number of 'full-time equivalent' employees (FTE) at year end                   | 140             | 122             |
| Number of 'full-time equivalent' employees (FTE) at year end (incl. vacancies) | 147             | 136             |

The FTE at year end includes casual FTE of 5. Casual FTE excluded in 2019 were 17.

#### Accounting policy for employee benefits and on-costs

Employee benefit expenses are recorded when the service has been provided by the employee.

#### Retirement benefit obligations

All employees of the Council are entitled to benefits on retirement, disability or death. Council contributes to various defined benefit plans and defined contribution plans on behalf of its employees.

#### Superannuation plans

Contributions to defined contribution plans are recognised as an expense as they become payable. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

Council participates in a defined benefit plan under the Local Government Superannuation Scheme, however, sufficient information to account for the plan as a defined benefit is not available and therefore Council accounts for its obligations to defined benefit plans on the same basis as its obligations to defined contribution plans, i.e. as an expense when it becomes payable – refer to Note 19 for more information.

| <ul> <li>Legal expenses: other</li> </ul>                                      | 26              | 36              |
| Expenses from leases of low value assets (2020 only)                           | 2               | _               |
| Film and other hire expenses   | 35              | 72              |
| Water purchases  | 218             | 232             |
| Total materials and contracts  | 8,660           | 7,469           |
| TOTAL MATERIALS AND CONTRACTS  | 8,660           | 7,469           |

#### Accounting policy for materials and contracts

Expenses are recorded on an accruals basis as the council receives the goods or services.

#### Operating leases (2019 only)

Leases in which a significant portion of the risks and rewards of ownership are not transferred to Council as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to the income statement on a straight-line basis over the period of the lease.

#### 1. Auditor remuneration

During the year, the following fees were incurred for services provided by the auditor of Council, related practices and nonrelated audit firms

#### Auditors of the Council - NSW Auditor-General:

| <ul> <li>(i) Audit and other assurance services</li> <li>Audit and review of financial statements</li> <li>Remuneration for audit and other assurance services</li> </ul> | 47  | <u>55</u><br>55 |

|  |       |                 |                 |

#### Accounting policy for depreciation, amortisation and impairment expenses of non-financial assets

#### **Depreciation and amortisation**

Depreciation and amortisation are calculated using the straight line method to allocate their cost, net of their residual values, over their estimated useful lives. Useful lives are included in Note 10 for IPPE assets.

#### Impairment of non-financial assets

Council assets held at fair value that are not held primarily for their ability to generate net cash flow, and that are deemed to be specialised, are no longer required to be tested for impairment under AASB 136. This is because these assets are assessed on an annual basis to ensure that the carrying amount is not materially different from fair value and therefore an impairment loss would be captured during this assessment.

Intangible assets that have an indefinite useful life, or are not yet available for use, are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets that do not meet the criteria above are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

for the year ended 30 June 2020

# Note 5. Expenses from continuing operations (continued)

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows that are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date.

Impairment losses for revalued assets are firstly offset against the amount in the revaluation surplus for the class of asset, with only the excess to be recognised in the Income Statement.

#### Accounting policy for other expenses

Other expenses are recorded on an accruals basis as the Council receives the goods or services.

for the year ended 30 June 2020

### Note 6. Gain or loss from disposal of assets

|  | Notes | 2020<br>\$ '000 | 2019<br>\$ '000 |
|--|-------|-----------------|-----------------|
| Plant and equipment  | 10(a) |                 |                 |
| Proceeds from disposal – plant and equipment                         |       | 272             | 215             |
| Less: carrying amount of plant and equipment assets sold/written off |       | (396)           | (330)           |
| Net gain/(loss) on disposal  |       | (124)           | (115)           |
| Real estate assets held for sale                                     | 9     |                 |                 |
| Proceeds from disposal – real estate assets                          |       | 200             | 826             |
| Less: carrying amount of real estate assets sold/written off         |       | (198)           | (874)           |
| Net gain/(loss) on disposal  |       | 2               | (48)            |
| NET GAIN/(LOSS) ON DISPOSAL OF ASSETS                                |       | (122)           | (163)           |

#### Accounting policy for disposal of assets

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Income Statement.

The gain or loss on sale of an asset is determined when control of the asset has irrevocably passed to the buyer and the asset is de-recognised.

# Note 7(a). Cash and cash equivalents

|  | 2020    | 2019<br>\$ '000 |
|--|---------|-----------------|
|  | \$ '000 |                 |
| Cash and cash equivalents                          |         |                 |
| Cash on hand and at bank<br>Cash-equivalent assets | 2,837   | 597             |
| – Deposits at call                                 | 8,026   | 2,967           |
| Total cash and cash equivalents                    | 10,863  | 3,564           |

#### Accounting policy for cash and cash equivalents

For Statement of Cash Flow presentation purposes, cash and cash equivalents include: cash on hand; deposits held at call with financial institutions; other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value; and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the Statement of Financial Position.

#### Accounting policy for investments

Financial instruments are recognised initially on the date that the Council becomes party to the contractual provisions of the instrument.

On initial recognition, all financial instruments are measured at fair value plus transaction costs (except for instruments measured at fair value through profit or loss where transaction costs are expensed as incurred).

#### **Financial assets**

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

#### Classification

On initial recognition, Council classifies its financial assets into the following categories - those measured at:

- amortised cost
- fair value through profit and loss (FVTPL)
- fair value through other comprehensive income equity instrument (FVOCI-equity)

Financial assets are not reclassified subsequent to their initial recognition.

#### **Amortised cost**

Assets measured at amortised cost are financial assets where:

- the business model is to hold assets to collect contractual cash flows, and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Council's financial assets measured at amortised cost comprise trade and other receivables, cash and cash equivalents and investments in the Statement of Financial Position.

Subsequent to initial recognition, these assets are carried at amortised cost using the effective interest rate method less provision for impairment.

Council's financial assets measured at fair value through profit or loss comprise of investments held as Floating Rate Notes in the Statement of Financial Position.

Interest income, impairment and gains or loss on de-recognition are recognised in the income statement.

#### Financial assets through profit or loss

All financial assets not classified as measured at amortised cost or fair value through other comprehensive income as described above are measured at fair value through profit or loss.

Net gains or losses, including any interest or dividend income, are recognised in profit or loss.

## Note 8. Receivables (continued)

### Accounting policy for receivables

### **Recognition and measurement**

Receivables are included in current assets, except for those with maturities greater than 12 months after the reporting date which are classified as non-current assets.

Receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. Receivables are generally due for settlement within 30 days.

Cash flows relating to short-term receivables are not discounted if the effect of discounting is immaterial.

### Impairment

Impairment of financial assets measured at amortised cost is recognised on an expected credit loss (ECL) basis.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition, and when estimating ECL, the Council considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on Council's historical experience and informed credit assessment, and including forward-looking information.

When considering the ECL for rates debtors, Council takes into account that unpaid rates represent a charge against the rateable property that will be recovered when the property is next sold. For non-rates debtors, Council uses the presumption that an asset which is more than 30 days past due has seen a significant increase in credit risk.

The Council uses the presentation that a financial asset is in default when:

- the other party is unlikely to pay its credit obligations to the Council in full, without recourse by the Council to actions such as realising security (if any is held) or
- the financial assets (for non-rates debtors) are more than 90 days past due.

Credit losses are measured as the present value of the difference between the cash flows due to the entity in accordance with the contract, and the cash flows expected to be received. This is applied using a probability weighted approach.

On initial recognition of the asset, an estimate of the expected credit losses for the next 12 months is recognised. Where the asset has experienced significant increase in credit risk then the lifetime losses are estimated and recognised.

Council uses the simplified approach for trade receivables where the expected lifetime credit losses are recognised on day 1.

There has been no change in the estimation techniques or significant assumptions made during the current reporting period.

The Council writes off a trade receivable when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the debtor has been placed under liquidation or has entered into bankruptcy proceedings, or when the receivables are over 2 years past due, whichever occurs first.

None of the receivables that have been written off are subject to enforcement activity.

Where the Council renegotiates the terms of receivables due from certain customers, the new expected cash flows are discounted at the original effective interest rate and any resulting difference to the carrying value is recognised in profit or loss.

Rates and annual charges outstanding are secured against the property.

### COVID-19

Council's rates and user charges have not been significantly impacted by the COVID-19 pandemic and are comparable to prior years, therfore no adjustment has been made to the impairment provision.

Cashflows and interest income may be impacted in 2020/21 due to the State Government legislating that rate instalments can be deferred until 30 September 2020 and no interest can be charged until after 31 December 2020.

The impact this may have is not able to be measured at this stage however it is not expected to be significant.

### (b) Current assets not anticipated to be settled within the next 12 months

The following inventories and other assets, even though classified as current are not expected to be recovered in the next 12 months;

|                        | 2020<br>\$ '000 | 2019<br>\$ '000 |
|------------------------|-----------------|-----------------|
| Real estate for resale | 524             | 63              |
|                        | 524             | 63              |

### Accounting policy for inventories and other assets

### Raw materials and stores, work in progress and finished goods

Raw materials and stores, work in progress and finished goods are stated at the lower of cost and net realisable value. Costs are assigned to individual items of inventory on the basis of weighted average costs. Costs of purchased inventory are determined after deducting rebates and discounts. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

### Land held for resale/capitalisation of borrowing costs

Land held for resale is stated at the lower of cost and net realisable value. Cost is assigned by specific identification and includes the cost of acquisition, and development and borrowing costs during development. When development is completed, borrowing costs and other holding charges are expensed as incurred.

Borrowing costs included in the cost of land held for resale are those costs that would have been avoided if the expenditure on the acquisition and development of the land had not been made. Borrowing costs incurred while active development is interrupted for extended periods are recognised as expenses.

(1) Renewals are defined as the replacement of existing assets (as opposed to the acquisition of new assets).

for the year ended 30 June 2020

## Note 10(a). Infrastructure, property, plant and equipment (continued)

### Accounting policy for infrastructure, property, plant and equipment

Infrastructure, property, plant and equipment are held at fair value. Independent comprehensive valuations are performed at least every five years, however the carrying amount of assets is assessed by Council at each reporting date to confirm that it is not materially different from current fair value.

Water and sewerage network assets are indexed at each reporting period in accordance with the Rates Reference Manual issued by Department of Industry (DoI) – Water.

Increases in the carrying amounts arising on revaluation are credited to the revaluation reserve. To the extent that the increase reverses a decrease previously recognising profit or loss relating to that asset class, the increase is first recognised as profit or loss. Decreases that reverse previous increases of assets in the same class are first charged against revaluation reserves directly in equity to the extent of the remaining reserve attributable to the class; all other decreases are charged to the Income Statement.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to Council and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Income Statement during the financial period in which they are incurred.

When infrastructure, property, plant and equipment are acquired by Council at significantly below fair value, the assets are initially recognised at their fair value at acquisition date.

Land is not depreciated. Depreciation on other assets is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives as follows:

| Plant and equipment               | Years     | Other equipment                      | Years     |
|-----------------------------------|-----------|--------------------------------------|-----------|
| Office equipment                  | 5 to 10   | Playground equipment                 | 5 to 15   |
| Office furniture                  | 10 to 20  | Benches, seats etc.                  | 10 to 20  |
| Computer equipment                | 3 to 5    |                                      |           |
| Vehicles                          | 5 to 10   | Buildings                            |           |
| Heavy plant/road making equipment | 5 to 15   | Buildings: masonry                   | 50 to 100 |
| Other plant and equipment         | 5 to 15   | Buildings: other                     | 20 to 150 |
|                                   |           | <b>•</b> • • •                       |           |
| Water and sewer assets            |           | Stormwater assets                    |           |
| Dams and reservoirs               | 80 to 100 | Drains                               | 80 to 100 |
| Water Treatment Plants            | 30 to 70  | Culverts                             | 50 to 100 |
| Reticulation pipes: PVC           | 70 to 80  | Flood control structures             | 80 to 100 |
| Reticulation pipes: other         | 45 to 80  |                                      |           |
| Pumps and telemetry               | 15 to 20  |                                      |           |
| Transportation assets             |           | Other infrastructure assets          |           |
| Sealed roads: surface             | 20        | Bulk earthworks                      | infinite  |
| Sealed roads: structure           | 50        | Swimming pools                       | 60        |
| Unsealed roads                    | 20 to 150 | Other open space/recreational assets | 15 to 200 |
| Bridge: concrete                  | 100       | Other infrastructure                 | 15 to 100 |
| Other Road Assets                 | 40 to 100 |                                      |           |
| Road pavements                    | 60        |                                      |           |
| Kerb, gutter and footpaths        | 100       |                                      |           |

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each reporting date.

### Land under roads

Land under roads is land under roadways and road reserves including land under footpaths, nature strips and median strips.

Council has elected not to recognise land under roads acquired before 1 July 2008 in accordance with AASB 1051 Land Under Roads.

for the year ended 30 June 2020

# Note 10(a). Infrastructure, property, plant and equipment (continued)

### Crown reserves

Crown reserves under Council's care and control are recognised as assets of the Council. While ownership of the reserves remains with the Crown, Council retains operational control of the reserves and is responsible for their maintenance and use in accordance with the specific purposes to which the reserves are dedicated.

Where the Crown reserves are under a lease arrangement they are accounted for under AASB 16 Leases, refer to Note 15.

Improvements on Crown reserves are also recorded as assets, while maintenance costs incurred by Council and revenues relating to the reserves are recognised within Council's Income Statement.

### **Rural Fire Service assets**

Under Section 119 of the *Rural Fire Services Act 1997 (NSW)*, "all firefighting equipment purchased or constructed wholly or from money to the credit of the Fund is to be vested in the council of the area for or on behalf of which the firefighting equipment has been purchased or constructed".

In accordance with the requirements of SAC4 and AASB 116 Council has critically examined whether they control any rural fire-fighting equipment and have determined that the Rural Fire Service is the Controlling Authority. Consequently, Leeton Shire Council has not brought to account in the financial statements any rural fire service plant and equipment assets that have been vested in Council.

### **Capitalisation Thresholds**

Items of infrastructure, property, plant and equipment are not capitalised unless their cost of acquisition exceeds the following;

| Land:  | All purchases are capitalised, but land resumed for public works need not be capitalised if the resumption costs are less than \$5,000. |
|--|---|
| Buildings and Land<br>Improvements:                    | Capital expenses totalling less than \$2,000 need not be capitalised.   |
| Plant & Equipment and Office<br>Furniture & Equipment: | Capital expenses totalling less than \$1,000 need not be capitalised.   |
| Water & Sewer Assets:                                  | Capital expense totalling less than \$5,000 need not be capitalised.  |
| Stormwater Assets:                                     | Capital expense totalling less than \$5,000 need not be capitalised.  |
| Transport Assets:                                      | Capital expense totalling less than \$10,000 on any road or other asset need not be capitalised.  |
| Other Infrastructure Assets:                           | Capital expenses on swimming pools less than \$10,000 or on any other recreational asset less than \$1,000 need not be capitalised      |

for the year ended 30 June 2020

### Note 11. Intangible assets

### Intangible assets are as follows:

|  | 2020    | 2019    |
|--|---------|---------|
|  | \$ '000 | \$ '000 |
| Water Licences                           |         |         |
| Opening values at 1 July                 |         |         |
| Gross book value                         | 8,343   | 6,027   |
| Net book value – opening balance         | 8,343   | 6,027   |
| Movements for the year                   |         |         |
| – Revaluation                            | 28      | 2,316   |
| Closing values at 30 June                |         |         |
| Gross book value                         | 8,371   | 8,343   |
| Total Water Licences – net book value    | 8,371   | 8,343   |
|  |         |         |
| TOTAL INTANGIBLE ASSETS – NET BOOK VALUE | 8,371   | 8,343   |

### Accounting policy for intangible assets

Council holds a number of high and general security water licences which it recognises as an intangible asset.

- The water licences are individually tradable on the open water licence sales market.
- The licences were obtained principally through land acquisitions where the water licence was attached to the land.
- The water licences are individually tradable separate from the land and can be sold on a permanent or temporary basis.
- · Income received from the sale of water entitlements are disclosed as other revenue.
- The licences are recorded in Council's accounts at fair value based on market valuations obtained from the open water licence sales market at balance date.
- No amortisation costs are applicable, as high and general security licences have an indefinite life.
- Water licences purchased are initially recorded at cost and are revalued at least every 5 years based on market evidence.
- Water licences are tested for impairment annually based on market evidence. If the recoverable amount is less that
  the carrying amount the carrying amount is reduced to the recoverable amount and the reduction is recognised as an
  impairment loss.

### Notes

(i) Council has received funding to construct assets including Leeton Swimming Pool, Drought Relief Round #3 & CBD Enhancement Projects and other infrastructure. The funds received are under an enforceable contract which require Council to construct an identified asset which will be under Council's control on completion. The revenue is recognised as Council constructs the asset and the contract liability reflects the funding received which cannot yet be recognised as revenue. The revenue is expected to be recognised in the next 12 months.

(ii) The contract liability relates to grants received prior to the revenue recognition criteria in AASB 1058 being an enforceable contract.

(iii) Childcare fees are paid 2 weeks in advance with 2 weeks notice required for non-attendance/cancellation. No option for refunds is available if the child does not attend. Parents sign an enrolment form that details all the relevant terms and conditions. Revenue is recognised as Council provides the service.

### Significant changes in contract assets and liabilities

The contract liabilities have arisen on adoption of AASB 15 and AASB 1058. Previously income received in advance was recognised for reciprocal contracts. The increase in a contract liability is primarily due to grants in the scope of AASB 15 and capital grants received by Council to acquire or construct assets which will be under Council's control. Previously, revenue was recognised on receipt of the funds.

### Accounting policy for contract assets and liabilities

Where the amounts billed to customers are based on the achievement of various milestones established in the contract, the amounts recognised as revenue in a given period do not necessarily coincide with the amounts billed to or certified by the customer.

for the year ended 30 June 2020

## Note 12. Contract assets and liabilities (continued)

When a performance obligation is satisfied by transferring a promised good or service to the customer before the customer pays consideration or before the payment is due, Council presents the work in progress as a contract asset, unless the rights to that amount of consideration are unconditional, in which case Council recognises a receivable.

When an amount of consideration is received from a customer / fund provider prior to Council transferring a good or service to the customer, Council presents the funds which exceed revenue recognised as a contract liability.

## Note 13. Leases

The Council has applied AASB 16 using the modified retrospective (cumulative catch-up) method and therefore the comparative information has not been restated and continues to be reported under AASB 117 and related Interpretations.

### (i) Council as a lessee

### **Office equipment**

Leases for office equipment are generally for low value assets. The leases are for 5 years with no renewal option, the payments are fixed.

## Note 13. Leases (continued)

### Accounting policies under AASB 16 – applicable from 1 July 2019

At inception of a contract, Council assesses whether a lease exists – i.e. does the contract convey the right to control the use of an identified asset for a period of time in exchange for consideration?

Council has elected not to separate non-lease components from lease components for any class of asset and has accounted for payments as a single component.

At the lease commencement, Council recognises a right-of-use asset and associated lease liability for the lease term. The lease term includes extension periods where Council believes it is reasonably certain that the option will be exercised.

The right-of-use asset is measured using the cost model where cost on initial recognition comprises: the lease liability, initial direct costs, prepaid lease payments, estimated cost of removal and restoration, less any lease incentives. The right-of-use is depreciated over the lease term on a straight-line basis and assessed for impairment in accordance with the impairment of asset accounting policy.

The lease liability is initially recognised at the present value of the remaining lease payments at the commencement of the lease. The discount rate is the rate implicit in the lease, however where this cannot be readily determined then the Council's incremental borrowing rate for a similar term with similar security is used.

Subsequent to initial recognition, the lease liability is measured at amortised cost using the effective interest rate method. The lease liability is re-measured when there is a lease modification, or change in estimate of the lease term or index upon which the lease payments are based (e.g. CPI).

Where the lease liability is re-measured, the right-of-use asset is adjusted to reflect the re-measurement.

### Exceptions to lease accounting

Council has applied the exceptions to lease accounting for leases of low-value assets. Council recognises the payments associated with these leases as an expense on a straight-line basis over the lease term.

### Leases at significantly below market value / concessionary leases

Council has no concessionary leases or below market value leases.

#### Accounting policy under AASB 117 and associated Accounting Interpretations (2019 only) Refer to Note 5c and Note 18b.

## (c) Operating leases

Council leases out a number of properties to community groups, training providers, emergency services, businesses and individuals. These leases have been classified as operating leases for financial reporting purposes and the assets are included as IPP&E. They have not been classified under AASB 140 *Investment Property* as they are held for strategic purposes.

The amounts recognised in the Income Statement relating to operating leases where Council is a lessor are shown below:

|   | 2020    |
|---|---------|
|   | \$ '000 |
| (i) Operating lease income                                    |         |
| Office Space / commercial / land 1                            | 159     |
| Housing   | 137     |
| Other lease income  | 9       |
| Total income relating to operating leases                     | 305     |
| (ii) Operating lease expenses                                 |         |
| Properties for lease  |         |
| Operating expenses from property that generated rental income | 413     |
| Total expenses relating to operating leases                   | 413     |

## Notes to the Financial Statements

| \$ '000    |
| <br>\$ 000 |

### (iv) Maturity analysis of contractual lease income

Maturity analysis of future lease income receivable showing the undiscounted lease payments to be received after reporting date for operating leases:

| < 1 year   | 22    |
|--|-------|
| 1–2 years  | 267   |
| 2–3 years  | 251   |
| 3–4 years  | 216   |
| 4–5 years  | 209   |
| > 5 years  | 239   |
| Total undiscounted contractual lease income receivable | 1,204 |

(1) Some of Council's leased properties may have been subsidised. The value of the subsidies are \$70,000. Net result shown

| Plant &                      |  |
|------------------------------|--|
| Equipment                    |  |
| Equipment<br>2020<br>\$ '000 |  |
| 000' 2                       |  |
|                              |  |

### (v) Reconciliation of IPP&E assets leased out as operating leases

| Opening balance as at 1 July 2019      | 2,579 |
|--|-------|
| Additions renewals                     | 727   |
| Depreciation expense                   | (185) |
| WIP transfers                          | 98    |
| Revaluation increments to equity (ARR) | 1,475 |
| Closing balance as at 30 June 2020     | 4,694 |

### **Accounting policy**

When Council is a lessor, the lease is classified as either an operating or finance lease at inception date, based on whether substantially all of the risks and rewards incidental to ownership of the asset have been transferred to the lessee. If the risks and rewards have been transferred then the lease is classified as a finance lease, otherwise it is an operating lease.

When Council has a sub-lease over an asset and is the intermediate lessor then the head lease and sub-lease are accounted for separately. The classification of the sub-lease is based on the right-of-use asset which arises from the head lease rather than the useful life of the underlying asset.

If the lease contains lease and non-lease components then the non-lease components are accounted for in accordance with AASB 15 *Revenue from Contracts with Customers*.

The lease income is recognised on a straight-line basis over the lease term.

### Additional financing arrangements information

### **Breaches and defaults**

During the current and prior year, there were no defaults or breaches on any of the loans.

### Security over loans

Councils Loans are secured by future cash flows. Leased liabilities are secured by the underlying leased assets.

### Bank overdrafts

The bank overdraft of Council is secured by future cashflows of Council.

(1) The bank overdraft facility may be drawn at any time and may be terminated by the bank without notice.

for the year ended 30 June 2020

## Note 14. Payables and borrowings (continued)

### Accounting policy for payables and borrowings

Council measures all financial liabilities initially at fair value less transaction costs, subsequently financial liabilities are measured at amortised cost using the effective interest rate method.

The financial liabilities of the Council comprise trade payables, bank and other loans and finance lease liabilities.

### **Payables**

These amounts represent liabilities for goods and services provided to the council prior to the end of financial year that are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition.

### **Borrowings**

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Income Statement over the period of the borrowings using the effective-interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the drawdown occurs. To the extent that there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the Statement of Financial Position when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in other income or finance cost.

Borrowings are classified as current liabilities unless Council has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

Borrowing costs are expensed when incurred.

### Accounting policy for provisions

Provisions are recognised when Council has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and the amount has been reliably estimated.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the reporting date. The discount rate used to determine the present value reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

for the year ended 30 June 2020

## Note 15. Provisions (continued)

### **Employee benefits**

### Short-term obligations

Liabilities for wages and salaries (including non-monetary benefits, annual leave and accumulating sick leave expected to be wholly settled within 12 months after the end of the period in which the employees render the related service) are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liability for annual leave and accumulating sick leave is recognised in the provision for employee benefits. All other short-term employee benefit obligations are presented as payables.

### Other long-term employee benefit obligations

The liability for long-service leave and annual leave that is not expected to be wholly settled within 12 months after the end of the period in which the employees render the related service is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures, and periods of service. Expected future payments are discounted using market yields at the end of the reporting period on national government bonds with terms to maturity and currency that match, as closely as possible, the estimated future cash outflows.

### **On-costs**

The employee benefit provisions include the aggregate on-cost liabilities that will arise when payment of current employee benefits is made in future periods.

These amounts include superannuation, payroll tax and workers compensation expenses which will be payable upon the future payment of certain leave liabilities which employees are entitled to at the reporting period.

The obligations are presented as current liabilities in the Statement of Financial Position if the Council does not have an unconditional right to defer settlement for at least 12 months after the reporting date, regardless of when the actual settlement is expected to occur.

## Notes to the Financial Statements

for the year ended 30 June 2020

# Note 16. Accumulated surplus, revaluation reserves, changes in accounting policies, changes in accounting estimates and errors

### (a) Nature and purpose of reserves

### Infrastructure, property, plant and equipment revaluation reserve

The infrastructure, property, plant and equipment revaluation reserve is used to record increments / decrements of non-current asset values due to their revaluation.

### **Water Licences**

The reserve for high security water licences is used to record increments/decrements in the value of tradeable water licences.

### (b) Correction of errors relating to a previous reporting period

Council has no prior year adjustments.

# (c) Changes in accounting policies due to adoption of new accounting standards (not-retrospective)

During the year ended 30 June 2020, the Council has adopted AASB 15 *Revenue from Contracts with Customers*, AASB 1058 *Income of Not-for-profit Entities* and AASB 16 *Leases* using the modified retrospective (cumulative catch-up) method and therefore the comparative information for the year ended 30 June 2019 has not been restated and continues to comply with AASB 111 *Construction Contracts*, AASB 117 *Leases*, AASB 118 *Revenue*, AASB 1004 *Contributions* and associated Accounting Interpretations.

All adjustments on adoption of AASB 15 and AASB 1058 have been taken to retained earnings at 1 July 2019.

The impacts of adopting these standards and associated transition disclosures are provided below:

# (ii) AASB 15 and AASB 1058

The following approach has been applied on transition to AASB 15 and AASB 1058:

- Council has not adopted the completed contract expedient and therefore has not excluded revenue which was fully
  recognised in previous years in accordance with the former accounting standards and pronouncements
- Council has retrospectively restated contracts for modifications that occurred before 1 July 2019 unless such contract modification were minor.

### **Upfront fees – Leeton Early Learning Centre**

Prior to adopting AASB 15, the Council recognised child care fees on receipt. Under AASB 15, since the fees relate to a specific service the income is receipted once the service obligation has been met.

### Transfer of control to a customer - over time or at a point in time

AASB 15 has specific criteria regarding whether control is transferred over time or at a point in time. Council has reviewed its contracts and concluded that the criteria for recognition over time is not met in some circumstances. In such cases, revenue and related production costs will be recognised at the delivery of each separate performance obligation instead of over the contract using a single margin.

Council currently has no contracts that this note applies to.

### Principal v agent

Prior to adoption of AASB 15, the Council had assessed that they were a principal in transactions where another party was involved in providing the goods or services including pass-through grants.

Under AASB 15, the indicators of a principal have changed and there are now a number of performance obligations within grant agreements where the Council is acting as an agent since the only obligation is to transfer the funds to a third party. The result is that Council can only recognise the "commission" to which they are entitled rather than the gross revenue and expenses. There is no change to reported profit.

Council has no Principal v agent transactions.

## Notes to the Financial Statements

for the year ended 30 June 2020

# Note 16. Accumulated surplus, revaluation reserves, changes in accounting policies, changes in accounting estimates and errors (continued)

### Licences

Council has reviewed the licences it grants and considers that all licences are either short-term or low value and elects to recognise all revenue from licences over the life of the licence.

### Prepaid rates

Under AASB 1004, rates were recorded as revenue at the earliest of receipt of the funds from the ratepayer and the beginning of the rating period. Under AASB 1058, prepaid rates are recognised as a financial liability until the beginning of the rating period.

### **Grants – operating**

Under AASB 1004, most grant income was recognised as revenue on receipt. Under AASB 15, where an agreement is enforceable and contains sufficiently specific performance obligations, the revenue is either recognised over time as the work is performed, or recognised at the point in time that the control of the services passes to the customer.

Under AASB1058 if there is no enforceable contract but the contract has a specific promise then the income can be recognised as the promise is satisfied.

Under AASB1058 if there is an enforceable contract but no specific promise then the income can be recognised on receipt.

### **Grants – capital**

Under AASB 1004, most grant monies were recorded as revenue on receipt. Under AASB 1058, where Council has received assets (including cash) to acquire or construct a non-financial asset, the asset is to be controlled by Council and the contract is enforceable, then the asset is recognised as a contract liability on receipt and recorded as revenue as the performance obligation to acquire or construct the asset is completed.

### **Changes in presentation**

In addition to the above changes in accounting policies, the Council has also amended the presentation of certain items to align them with the requirements of AASB 15 and AASB 1058:

- Reclassification of 2019/20 income from contract liability to income received in advance.
- Additional line item for contract liabilities have been created.
- Movements to and from Accumulated Surplus being 2019/20 restated income to, and 2018/19 restated income from.

for the year ended 30 June 2020

# Note 16. Accumulated surplus, revaluation reserves, changes in accounting policies, changes in accounting estimates and errors (continued)

# Comparison of financial statement line items under AASB 15 compared to previous standards for the current year

The following tables show the impact of adopting AASB 15 and AASB 1058 on the Council's financial statements for the year ended 30 June 2020.

for the year ended 30 June 2020

# Note 16. Accumulated surplus, revaluation reserves, changes in accounting policies, changes in accounting estimates and errors (continued)

## (iii) AASB 16 Leases

### Council as a lessee

Under AASB 117, Council assessed whether leases were operating or finance leases, based on its assessment of whether the significant risks and rewards of ownership had been transferred to Council or remained with the lessor. Under AASB 16, there is no differentiation between finance and operating leases for the lessee and therefore all leases which meet the definition of a lease are recognised on the statement of financial position (except for short-term leases and leases of low-value assets).

Council has used the exception to lease accounting for short-term leases and leases of low-value assets, and the lease expense relating to these leases is recognised in the Income Statement on a straight- line basis.

### Council as a lessor

For the arrangements where Council is a lessor, there are no significant accounting policy changes on adoption of AASB 16 except for sub-leases, which would have been classified in relation to the right-of-use asset under the head lease rather than the underlying asset if there were any.

# (d) Changes in accounting policies due to adoption of new accounting standards (retrospective)

Council made no retrospective changes in accounting policies due to adoption of new accounting standards.

### (e) Voluntary changes in accounting policies

### Nature of changes in accounting policies

There have been no voluntary changes made to acccounting policies.

### (f) Changes in accounting estimates

### Nature and effect of changes in accounting estimates on current year

There has been no material difference in the accounting estimates on the current year.

### Nature and effect of changes in accounting estimates on future years

There is expected to be no material difference in the accounting estimates in future years.

| Total payable  | 15,156          | 4,583           |
| Sources for funding of capital commitments:  |                 |                 |
| Unexpended/Future grants/Contract  | 9,632           | 1,264           |
| Externally restricted reserves   | 4,201           | 1,962           |
| Internally restricted reserves   | 1,323           | 1,357           |
| Total sources of funding   | 15,156          | 4,583           |

### **Details of capital commitments**

Capital commitments includes Purchase Orders raised but items not yet supplied, unfinished works and revoted works.

| 2020    | 2019    |
|---------|---------|
| \$ '000 | \$ '000 |
|         |         |

### (b) Non-cancellable operating lease commitments (2019 only)

# a. Commitments under non-cancellable operating leases at the reporting date, but not recognised as liabilities are payable:

| Within the next year                              | _ | 3  |
|---|---|----|
| Later than one year and not later than 5 years    | _ | 9  |
| Total non-cancellable operating lease commitments |   | 12 |

### b. Non-cancellable operating leases include the following assets:

Refer to Note 13 for information relating to leases for 2020. Council currently leases 2 photocopiers over a 60 month term with a lease value of \$6,750 each and are classed as Low Value leases.

### Conditions relating to finance and operating leases:

- All finance agreements are secured only against the leased asset.

- No lease agreements impose any financial restrictions on Council regarding future debt etc.

for the year ended 30 June 2020

## Note 19. Contingencies

The following assets and liabilities do not qualify for recognition in the Statement of Financial Position, but their knowledge and disclosure is considered relevant to the users of Council's financial report.

### LIABILITIES NOT RECOGNISED

### 1. Guarantees

### (i) Defined benefit superannuation contribution plans

Council is party to an Industry Defined Benefit Plan under the Local Government Superannuation Scheme, named The Local Government Superannuation Scheme – Pool B (the Scheme) which is a defined benefit plan that has been deemed to be a 'multi-employer fund' for purposes of AASB119 Employee Benefits for the following reasons:

- Assets are not segregated within the sub-group according to the employees of each sponsoring employer.

- The contribution rates have been the same for all sponsoring employers. That is, contribution rates have not varied for each sponsoring employer according to the experience relating to the employees of that sponsoring employer.

- Benefits for employees of all sponsoring employers are determined according to the same formulae and without regard to the sponsoring employer.

- The same actuarial assumptions are currently used in respect of the employees of each sponsoring employer.

Given the factors above, each sponsoring employer is exposed to the actuarial risks associated with current and former employees of other sponsoring employers, and hence shares in the associated gains and losses (to the extent that they are not borne by members).

A description of the funding arrangements, including the method used to determine the entitiy's rate of contributions and any minimum funding requirements.

Pooled employers are required to pay future service employer contributions and past service employer contributions to the Fund.

The future service employer contributions were determined using the new entrant rate method under which a contribution rate sufficient to fund the total benefits over the working life-time of a typical new entrant is calculated. The current future service employer contribution rates are:

| Division B | 1.9 times member contributions for non-180<br>Point Members;<br>Nil for 180 Point Members* |
|------------|--|
| Division C | 2.5% salaries  |
| Division D | 1.64 times member contributions  |

\*For 180 Point Members, Employers are required to contribute 7% of salaries to these members' accumulation accounts, which are paid in addition to members' defined benefits.

The additional lump sum contribution for each Pooled Employer is a share of the total additional contributions of \$40 million for each year from 1 July 2019 to 30 June 2021, apportioned according to each employer's share of the accrued liabilities as at 30 June 2019. These additional lump sum contributions are used to fund the deficit of assets to accrued liabilities as at 30 June 2019.

The adequacy of contributions is assessed at each triennial actuarial investigation and monitored annually between triennials.

Description of the extent to which Council can be liable to the plan for other Council's obligations under the terms and conditions of the multi-employer plan

As stated above, each sponsoring employer (Council) is exposed to the actuarial risks associated with current and former employees of other sponsoring employers and hence shares in the associated gains and losses.

However, there is no relief under the Fund's trust deed for employers to walk away from their defined benefit obligations. Under limited circumstances, an employer may withdraw from the plan when there are no active members, on full payment of outstanding additional contributions. There is no provision for allocation of any surplus which may be present at the date of withdrawal of the Council.

## Notes to the Financial Statements

for the year ended 30 June 2020

## Note 19. Contingencies (continued)

A desciption of any agreed allocation of a deficit or surplus:

There are no specific provisions under the Fund's trust deed dealing with deficits or surplus on wind-up.

There is no provision for allocation of any surplus which may be present at the date of withdrawal of an employer.

Given the entity accounts for that plan as if it were a defined contribution the following information applies:

The amount of Council employer contributions to the defined benefit section of the Local Government Superannuation Scheme and recognised as an expense for the year ending 30 June 2020 was \$1,051,587.

The amount of additional contributions included in the total employer contribution advised above is \$90,100. Council's expected contribution to the plan for the next annual reporting period is \$154,862.

The estimated employer reserves financial position for the Pooled Employers at 30 June 2020 is:

| Employer reserves only * | \$millions | Asset Coverage |
|--------------------------|------------|----------------|
| Assets                   | 1695.2     |                |
| Past Service Liabilities | 1773.2     | 95.6%          |
| Vested Benefits          | 1757.5     | 96.5%          |

\* excluding member accounts and reserves in both assets and liabilities.

The share of this deficit that is broadly attributed to Council is estimated to be in the order of 0.23% as at 30 June 2020.

Council's share of that deficiency cannot be accurately calculated as the Scheme is a mutual arrangement where assets and liabilities are pooled together for all member councils. For this reason, no liability for the deficiency has been recognised in Council's accounts. Council has a possible obligation that may arise should the Scheme require immediate payment to correct the deficiency.

The key economic long term assumptions used to calculate the present value of accrued benefits are:

| Investment return | 5.75% per annum |
|-------------------|-----------------|
| Salary inflation  | 3.5% per annum  |
| Increase in CPI   | 2.5% per annum  |

The contribution requirements may vary from the current rates if the overall sub-group experience is not in line with the actuarial assumptions in determining the funding program; however, any adjustment to the funding program would be the same for all sponsoring employers in the Pooled Employers group. Please note that the estimated employer reserves financial position above is a prelimanry calculation, and once all relevant information has been received by the Funds Actuary, the final end of year review will be completed around November/December 2020.

### (ii) Statewide Limited

Council is a member of Statewide Mutual, a mutual pool scheme providing liability insurance to local government.

Membership includes the potential to share in either the net assets or liabilities of the fund depending on its past performance. Council's share of the net assets or liabilities reflects Council's contributions to the pool and the result of insurance claims within each of the fund years.

The future realisation and finalisation of claims incurred but not reported to 30 June this year may result in future liabilities or benefits as a result of past events that Council will be required to fund or share in respectively.

### (iii) StateCover Limited

Council is a member of StateCover Mutual Limited and holds a partly paid share in the entity.

StateCover is a company providing workers compensation insurance cover to the NSW local government industry and specifically Council.

### for the year ended 30 June 2020

## Note 19. Contingencies (continued)

Council has a contingent liability to contribute further equity in the event of the erosion of the company's capital base as a result of the company's past performance and/or claims experience or as a result of any increased prudential requirements from APRA.

These future equity contributions would be required to maintain the company's minimum level of net assets in accordance with its licence requirements.

### (iv) Other guarantees

Council has provided no other guarantees other than those listed above.

### 2. Other liabilities

### (i) Third party claims

The Council is involved from time to time in various claims incidental to the ordinary course of business including claims for damages relating to its services.

Council believes that it is appropriately covered for all claims through its insurance coverage and does not expect any material liabilities to eventuate.

### (ii) S94/94A Plans

Council levies section 94/94A contributions upon various developments across the Council area through the required contribution plans.

As part of these plans, Council has received funds for which it will be required to expend the monies in accordance with those plans.

As well, these plans indicate proposed future expenditure to be undertaken by Council, which will be funded by making levies and receipting funds in future years or where a shortfall exists by the use of Council's general funds.

These future expenses do not yet qualify as liabilities as of the reporting date, but represent Council's intention to spend funds in the manner and timing set out in those plans.

### (iii) Tips and quarries

Council operates tips and quarries and will have to rehabilitate the sites at some future date. As at 30 June 2020 Council is unable to reliably estimate the financial cost of such work.

### ASSETS NOT RECOGNISED

### (i) Land under roads

As permitted under AASB 1051, Council has elected not to bring to account land under roads that it owned or controlled up to and including 30 June 2008.

### (ii) Infringement notices/fines

Fines and penalty income, the result of Council issuing infringement notices is followed up and collected by the Infringement Processing Bureau.

Council's revenue recognition policy for such income is to account for it as revenue on receipt.

Accordingly, at year end, there is a potential asset due to Council representing issued but unpaid infringement notices.

Due to the limited information available on the status, value and duration of outstanding notices, Council is unable to determine the value of outstanding income.

for the year ended 30 June 2020

# Note 20. Financial risk management

### Risk management

Council's activities expose it to a variety of financial risks including (1) price risk, (2) credit risk, (3) liquidity risk and (4) interest rate risk.

The Council's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Council.

Council does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by Council's finance section under policies approved by the Council.

The fair value of Council's financial assets and financial liabilities approximates their carrying amount.

|  | Carrying value<br>2020 | Carrying value<br>2019 | Fair value<br>2020 | Fair value<br>2019 |
|--|------------------------|------------------------|--------------------|--------------------|
|  | \$ '000                | \$ '000                | \$ '000            | \$ '000            |
| Financial assets   |                        |                        |                    |                    |
| Measured at amortised cost                                 |                        |                        |                    |                    |
| Cash and cash equivalents                                  | 10,863                 | 3,564                  | 10,863             | 3,564              |
| Receivables  | 2,276                  | 4,260                  | 1,895              | 3,920              |
| Investments  |                        |                        |                    |                    |
| <ul> <li>- 'Financial assets at amortised cost'</li> </ul> | 39,350                 | 41,310                 | 39,350             | 41,310             |
| Total financial assets                                     | 52,489                 | 49,134                 | 52,108             | 48,794             |
| Financial liabilities                                      |                        |                        |                    |                    |
| Payables   | 2,649                  | 1,437                  | 3,027              | 1,437              |
| Loans/advances   | 3,758                  | 1,634                  | 3,759              | 1,634              |
| Lease liabilities  | -                      | _                      | 8                  | _                  |
| Total financial liabilities                                | 6,407                  | 3,071                  | 6,794              | 3,071              |

Fair value is determined as follows:

- Cash and cash equivalents, receivables, payables are estimated to be the carrying value that approximates market value.
- **Borrowings** are based upon estimated future cash flows discounted by the current market interest rates applicable to assets and liabilities with similar risk profiles, unless quoted market prices are available.
- Financial assets classified (i) 'at fair value through profit and loss' or (ii) 'available-for-sale' are based upon quoted market prices (in active markets for identical investments) at the reporting date or independent valuation.

Council's objective is to maximise its return on cash and investments whilst maintaining an adequate level of liquidity and preserving capital.

Council's finance area manages the cash and Investments portfolio with the assistance of independent advisors.

Council has an investment policy which complies with the *Local Government Act 1993* and Minister's investment order 625. This policy is regularly reviewed by Council and its staff and an investment report is tabled before Council on a monthly basis setting out the portfolio breakup and its performance as required by Local Government regulations.

The risks associated with the instruments held are:

• **Price risk** – the risk that the capital value of Investments may fluctuate due to changes in market prices, whether there changes are caused by factors specific to individual financial instruments or their issuers or are caused by factors affecting similar instruments traded in a market.

for the year ended 30 June 2020

## Note 20. Financial risk management (continued)

- Interest rate risk the risk that movements in interest rates could affect returns and income.
- Liquidity risk the risk that Council will not be able to pay its debts as and when they fall due.
- **Credit risk** the risk that the investment counterparty will not complete their obligations particular to a financial instrument, resulting in a financial loss to Council be it of a capital or income nature.

Council manages these risks (amongst other measures) by diversifying its portfolio and only purchasing investments with high credit ratings or capital guarantees.

Council also seeks advice from independent advisers before placing any funds in cash equivalents and investments.

## (a) Market risk – price risk and interest rate risk

The impact on result for the year and equity of a reasonably possible movement in the price of investments held and interest rates is shown below. The reasonably possible movements were determined based on historical movements and economic conditions in place at the reporting date.

|   | Increase of values/rates |                   | Decrease of values/rates |                   |
|---|--------------------------|-------------------|--------------------------|-------------------|
|   | Profit<br>\$ '000        | Equity<br>\$ '000 | Profit<br>\$ '000        | Equity<br>\$ '000 |
| <b>2020</b><br>Possible impact of a 1% movement in interest rates | 334                      | 334               | (334)                    | (334)             |
| <b>2019</b><br>Possible impact of a 1% movement in interest rates | 265                      | 265               | (265)                    | (265)             |

for the year ended 30 June 2020

## Note 20. Financial risk management (continued)

### (b) Credit risk

Council's major receivables comprise (i) rates and annual charges and (ii) user charges and fees.

Council manages the credit risk associated with these receivables by monitoring outstanding debt and employing stringent debt recovery procedures. Council also encourages ratepayers to pay their rates by the due date through incentives.

The credit risk for liquid funds and other short-term financial assets is considered negligible, since the counterparties are reputable banks with high quality external credit ratings.

There are no significant concentrations of credit risk, whether through exposure to individual customers, specific industry sectors and/or regions.

There are no material receivables that have been subjected to a re-negotiation of repayment terms.

### Credit risk profile

### **Receivables – rates and annual charges**

Credit risk on rates and annual charges is minimised by the ability of Council to secure a charge over the land relating to the debts – that is, the land can be sold to recover the debt. Council is also able to charge interest on overdue rates and annual charges at higher than market rates which further encourages the payment of debt.

|                                      | Not yet<br>overdue<br>\$ '000 | < 1 year<br>overdue<br>\$ '000 | 1 - 2 years<br>overdue<br>\$ '000 | 2 - 5 years<br>overdue<br>\$ '000 | > 5 years<br>overdue<br>\$ '000 | Total<br>\$ '000 |
|--------------------------------------|-------------------------------|--------------------------------|-----------------------------------|-----------------------------------|---------------------------------|------------------|
| <b>2020</b><br>Gross carrying amount | 199                           | 182                            | _                                 | _                                 | _                               | 381              |
| <b>2019</b><br>Gross carrying amount | 340                           | 188                            | _                                 | _                                 | _                               | 528              |

### **Receivables - non-rates and annual charges**

Council applies the simplified approach for non-rates and annual charges debtors to provide for expected credit losses prescribed by AASB 9, which permits the use of the lifetime expected loss provision. To measure the expected credit losses, non-rates and annual charges debtors have been grouped based on shared credit risk characteristics and the days past due.

The loss allowance provision as at 30 June 2020 is determined as follows. The expected credit losses incorporate forward-looking information.

| Notvot  |   |   |  |   |   |
|---------|---|---|--|---|---|
| overdue | 0 - 30 days<br>overdue                  | 31 - 60 days<br>overdue   | 61 - 90 days<br>overdue  | > 91 days<br>overdue  | Total   |
| \$ '000 | \$ '000                                 | \$ '000   | \$ '000  | \$ '000   | \$ '000   |
|         |   |   |  |   |   |

## Note 20. Financial risk management (continued)

## (c) Liquidity risk

Payables, lease liabilities and borrowings are both subject to liquidity risk – the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due.

Council manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer.

Payment terms can (in extenuating circumstances) also be extended and overdraft facilities utilised as required.

Borrowings are also subject to interest rate risk – the risk that movements in interest rates could adversely affect funding costs and debt servicing requirements. Council manages this risk through diversification of borrowing types, maturities and interest rate structures. The finance team regularly reviews interest rate movements to determine if it would be advantageous to refinance or renegotiate part or all of the loan portfolio.

The timing of cash flows presented in the table below to settle financial liabilities reflects the earliest contractual settlement dates. The timing of expected outflows is not expected to be materially different from contracted cashflows.

The amounts disclosed in the table are the undiscounted contracted cash flows for non-lease liabilities and therefore the balances in the table may not equal the balances in the Statement of Financial Position due to the effect of discounting.

### Loan agreement breaches

There have been no breaches to loan agreements during the reporting year.

for the year ended 30 June 2020

# Note 21. Material budget variations

Council's original financial budget for 19/20 was adopted by the Council on 24/06/2020 and is unaudited.

While the Income Statement included in this General Purpose Financial Statements must disclose the original budget adopted by Council, the Local Government Act 1993 requires Council to review its financial budget on a quarterly basis, so that it is able to manage the various variations between actuals versus budget that invariably occur throughout the year.

This note sets out the details of **material variations** between Council's original budget and its actual results for the year as per the Income Statement – even though such variations may have been adjusted for during each quarterly budget review.

Material variations represent those variances between the original budget figure and the actual result that amount to **10%** or more.

Variation Key: F = Favourable budget variation, U = Unfavourable budget variation.

# Notes to the Financial Statements

for the year ended 30 June 2020

## Note 22. Fair Value Measurement

The Council measures the following asset and liability classes at fair value on a recurring basis:

- Infrastructure, property, plant and equipment
- Intangibles

The fair value of assets and liabilities must be estimated in accordance with various accounting standards for either recognition and measurement requirements or for disclosure purposes.

AASB 13 Fair Value Measurement requires all assets and liabilities measured at fair value to be assigned to a 'level' in the fair value hierarchy as follows:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

#### (1) Assets and liabilities that have been measured and recognised at fair values

#### **Recurring fair value measurements**

for the year ended 30 June 2020

## Note 22. Fair Value Measurement (continued)

During the year, there were no transfers between level 1 and level 2 fair value hierarchies for recurring fair value measurements.

## (3) Valuation techniques used to derive level 2 and level 3 fair values

Where Council is unable to derive fair valuations using quoted market prices of identical assets (ie. level 1 inputs) Council instead utilises a spread of both observable inputs (level 2 inputs) and unobservable inputs (level 3 inputs).

The objective of using a valuation technique is to estimate the price at which an orderly transaction to sell or to transfer the liability would take place between market participants at the measurement date under current market conditions. Three widely used valuation techniques are the market approach, the cost approach and the income approach. Leeton Shire Council use valuation techniques consistent with one or more of those approaches to measure fair value on all its asset classes.

#### **Cost Approach**

A valuation technique that reflects the amount that could be required to replace the service capacity of an asset.

#### **Income Approach**

Valuation technique that converts future amounts (cash flows or income and expenses) to a single current (discount) amount. The fair value measurement is determined on the basis of the value indicated by current market expectations about those future amounts.

#### Market Approach

A valuation technique that uses prices and other relevant information, generated by the market transactions involving identical or comparable assets, liabilities or a group of assets and liabilities such as a business.

#### (4) Fair value measurements using significant unobservable inputs (level 3)

#### a. The following tables present the changes in level 3 fair value asset classes.

|   | Total IPP&E<br>\$ '000 |
|---|------------------------|
| 2019                                    |                        |
| Opening balance                         | 199,104                |
| Transfers from/(to) another asset class | (641)                  |
| Purchases (GBV)                         | 8,654                  |
| Disposals (WDV)                         | (330)                  |
| Depreciation and impairment             | (5,845)                |
| FV gains – other comprehensive income   | 1,359                  |
| Closing balance                         | 202,301                |
| 2020                                    |                        |
| Opening balance                         | 202,301                |
| Transfers from/(to) another asset class | (15)                   |
| Purchases (GBV)                         | 11,667                 |
| Disposals (WDV)                         | (396)                  |
| Depreciation and impairment             | (6,168)                |
| FV gains – other comprehensive income   | 53,858                 |
| Closing balance                         | 261,247                |

for the year ended 30 June 2020

### Note 22. Fair Value Measurement (continued)

b. Information relating to the transfers into and out of the level 3 fair valuation hierarchy (as disclosed in the table above) includes:

None

#### c. Significant unobservable valuation inputs used (for level 3 asset classes) and their relationship to fair value.

The following table summarises the quantitative information relating to the significant unobservable inputs used in deriving the various level 3 asset class fair values.

|  | Fair value<br>(30/6/20)<br>\$ '000 | Valuation technique/s                                  | Unobservable inputs  |
|--|------------------------------------|--|--|
| Plant, equipment, furniture, fittings and office equipment                     | 7,362                              | Cost used to approximate fair value                    | Gross replacement cost, useful life and residual value   |
| Community Land   | 8,029                              | Rate per square metre. \$0.03 -<br>\$120.15            | Land value, land area  |
| Land Improvements  | 1,132                              | Cost used to approximate fair value                    | Asset condition, remaining lives, residual value   |
| Specialised buildings  | 26,396                             | Cost approach based on sq metre rate                   | Asset condition, consumption rate,<br>remaining lives  |
| Other structures (Includes<br>Swimming Pools and other<br>Recreational assets) | 7,041                              | Cost used to approximate fair value                    | Gross replacement cost, useful life and<br>residual value or Asset Condition,<br>consumption rate and<br>remaining life. |
| Roads, bridges, footpaths,<br>bulkworks  | 127,427                            | Unit rates per sq metre or length                      | Asset condition, remaining lives, residual value   |
| Stormwater drainage  | 25,706                             | Unit rates per sq metre or length                      | Asset condition, remaining lives, residual value   |
| Water Supply and<br>Sewerage Network   | 53,179                             | Based on NSW Office of Water<br>Reference Rates Manual | Asset condition, pattern of<br>consumption, residual value,<br>components, dimensions and<br>specification, unit rates   |
| Other assets   | 90                                 | Cost used to approximate fair value                    | Gross replacement cost, useful life and residual value   |

#### d. The valuation process for level 3 fair value measurements

Council assesses the expertise required for the valuation of all assets classes in determining who will undertake the valuations. All asset classes with the exception of Operational and Community Land and Buildings are undertaken by Council's assets officer in conjunction with the various technical staff.

Operational Land and Building valuations are conducted by a qualified external valuer, Community Land is valued using the Valuer Generals valuation.

Management reviews the valuations reports for consistency and accuracy and to ensure all valuations movements are fully explained.

## (5) Highest and best use

All of Council's non-financial assets are considered as being utilised for their highest and best use.

## Notes to the Financial Statements

for the year ended 30 June 2020

## Note 23. Related party disclosures

#### (a) Key management personnel

Key management personnel (KMP) of the council are those persons having the authority and responsibility for planning, directing and controlling the activities of the Council, directly or indirectly.

The aggregate amount of KMP compensation included in the Income Statement is:

|                          | 2020    | 2019    |
|--------------------------|---------|---------|
|                          | \$ '000 | \$ '000 |
|                          | \$ 000  | \$ 000  |
| Compensation:            |         |         |
| Short-term benefits      | 656     | 736     |
| Post-employment benefits | 44      | 51      |
| Other long-term benefits | 13      | (6)     |
| Termination benefits     | 15      |         |
| Total                    | 728     | 781     |
|                          |         |         |

## (b) Other transactions with KMP and their related parties

Council has determined that transactions at arm's length between KMP and Council as part of Council delivering a public service objective (e.g. access to library or Council swimming pool by KMP) will not be disclosed.

| Nature of the transaction                 |   | Value of<br>transactions<br>during year<br>\$ '000 | Outstanding<br>balance<br>(incl. loans and<br>commitments)<br>\$ '000 | Terms and conditions                   | Provisions<br>for impairment<br>of receivables<br>outstanding<br>\$ '000 | Expense<br>recognised for<br>impairment<br>of receivables<br>\$ '000 |  |
|---|---|--|---|--|--|--|--|
| 2020                                      |   |  |   |  |  |  |  |
| Airconditioning Maintenance and Servicing | 1 | 4  | _   | 30 day terms on invoices, market value | _  | _  |  |

## Notes to the Financial Statements

for the year ended 30 June 2020

## Note 23. Related party disclosures (continued)

1 Council enters into an as needs basis with Weston and Weston after they lost the service agreement contract, a company which is controlled by a member of the KMP of Council. The contract was awarded through a competitive tender process based on market rates for these services.

2 Council has entered into an agreement with Star Advisory for the provision of consultancy in relation to the Directorship of Business and Investment on a 12 month contract.

## Note 24. Statement of developer contributions

Under the *Environmental Planning and Assessment Act 1979*, Council has significant obligations to provide Section 7.11 (contributions towards provision or improvement of amenities or services) infrastructure in new release areas.

It is possible that the funds contributed may be less than the cost of this infrastructure, requiring Council to borrow or use general revenue to fund the difference.

#### Summary of contributions and levies

|   | as at 30/06/19     |   |          |                   |                |                        | as at 30/0          | 6/20                        |
|---|--------------------|---|----------|-------------------|----------------|------------------------|---------------------|-----------------------------|

# **INDEPENDENT AUDITOR'S REPORT**

#### Report on the general purpose financial statements

#### Leeton Shire Council

To the Councillors of Leeton Shire Council

## Opinion

I have audited the accompanying financial statements of Leeton Shire Council (the Council), which comprise the Statement by Councillors and Management, the Income Statement and Statement of Comprehensive Income for the year ended 30 June 2020, the Statement of Financial Position as at 30 June 2020, the Statement of Changes in Equity and Statement of Cash Flows for the year then ended and notes comprising a summary of significant accounting policies and other explanatory information.

In my opinion:

- the Council's accounting records have been kept in accordance with the requirements of the *Local Government Act 1993*, Chapter 13, Part 3, Division 2 (the Division)
- the financial statements:
  - have been prepared, in all material respects, in accordance with the requirements of this Division
  - are consistent with the Council's accounting records
  - present fairly, in all material respects, the financial position of the Council as at 30 June 2020, and of its financial performance and its cash flows for the year then ended in accordance with Australian Accounting Standards
- all information relevant to the conduct of the audit has been obtained
- no material deficiencies in the accounting records or financial statements have come to light during the audit.

My opinion should be read in conjunction with the rest of this report.

# **Basis for Opinion**

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of my report.

I am independent of the Council in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants (including Independence Standards)' (APES 110).

I have fulfilled my other ethical responsibilities in accordance with APES 110.

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as auditor of councils
- precluding the Auditor-General from providing non-audit services.

I believe the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

### Other Information

The Council's annual report for the year ended 30 June 2020 includes other information in addition to the financial statements and my Independent Auditor's Report thereon. The Councillors are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprise the special purpose financial statements and Special Schedules (the Schedules).

My opinion on the financial statements does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information. However, as required by the *Local Government Act 1993*, I have separately expressed an opinion on the special purpose financial statements and Special Schedule - Permissible income for general rates.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

#### The Councillors' Responsibilities for the Financial Statements

The Councillors are responsible for the preparation and fair presentation of the financial statements in accordance with Australian Accounting Standards and the *Local Government Act 1993*, and for such internal control as the Councillors determine is necessary to enable the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Councillors are responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

# Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to:

- obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the financial statements.

A description of my responsibilities for the audit of the financial statements is located at the Auditing and Assurance Standards Board website at: <a href="http://www.auasb.gov.au/auditors\_responsibilities/ar4.pdf">www.auasb.gov.au/auditors\_responsibilities/ar4.pdf</a>. The description forms part of my auditor's report.

The scope of my audit does not include, nor provide assurance:

- that the Council carried out its activities effectively, efficiently and economically
- on the Original Budget information included in the Income Statement, Statement of Cash Flows, and Note 21 Material budget variations
- on the Special Schedules. A separate opinion has been provided on Special Schedule - Permissible income for general rates
- about the security and controls over the electronic publication of the audited financial statements on any website where they may be presented
- about any other information which may have been hyperlinked to/from the financial statements.

29 October 2020 SYDNEY

Cr Paul Maytom Mayor Leeton Shire Council 23-25 Chelmsford Place LEETON NSW 2705

Contact: Michael Kharzoo Phone no: (02) 9275 7188 Our ref: D2023340/1753

29 October 2020

Dear Mayor

# Report on the Conduct of the Audit for the year ended 30 June 2020

## **Leeton Shire Council**

I have audited the general purpose financial statements (GPFS) of the Leeton Shire Council (the Council) for the year ended 30 June 2020 as required by section 415 of the *Local Government Act 1993* (the Act).

I expressed an unmodified opinion on the Council's GPFS.

This Report on the Conduct of the Audit (the Report) for the Council for the year ended 30 June 2020 is issued in accordance with section 417 of the Act. This Report should be read in conjunction with my audit opinion on the GPFS issued under section 417(2) of the Act.

# **INCOME STATEMENT**

## **Operating result**

|  | 2020 | 2019 | Variance |
|--|------|------|----------|
|  | \$m  | \$m  | %        |
| Rates and annual charges revenue                             | 13.0 | 12.6 | 3.2      |
| Grants and contributions revenue                             | 10.4 | 8.6  | 20.9     |
| Operating result from continuing operations                  | 6.4  | 5.9  | 8.5      |
| Net operating result before capital grants and contributions | 2.5  | 2.7  | 7.4      |

The Council's operating result from continuing operations (\$6.4 million including depreciation and amortisation expense of \$6.2 million) was \$0.5 million higher than the 2018–19 result. This movement was mainly due to an increase in grants and contributions income of \$1.8 million, which was partially offset by an increase in material and contracts expenses of \$1.2 million.

The net operating result before capital grants and contributions of \$2.5 million was \$0.2 million lower than the 2018–19 result. This movement was mainly due to increases in materials and contracts expenses of \$1.2 million, employee benefits and on-costs of \$0.8 million and depreciation and amortisation expenses of \$0.3 million. This was partially offset by the increase in user charges and fees of \$0.8 million and rates and annual charges of \$0.4 million.

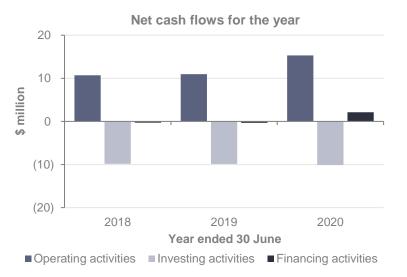

Rates and annual charges revenue (\$13.0 million) increased by \$0.4 million (3.2 per cent) in 2019–20 due to Council's pegged rate, which increased general rates revenue by 2.7 per cent in 2019–20 and an increase in the number of rateable properties.

Grants and contributions revenue (\$10.4 million) increased by \$1.8 million (20.9 per cent) in 2019–20 mainly due to:

- \$0.35 million of recreation and culture operating grant received during the year
- \$0.58 million of heritage and cultural capital grant received during the year
- \$0.59 million of contribution from other councils' joint works / services during the year.

# STATEMENT OF CASH FLOWS

- Council's cash and cash equivalents was \$10.9 million (\$3.6 million for the year ended 30 June 2019). There was a net increase in cash and cash equivalents of \$7.3 million for the year ended 30 June 2020.
- Net cash provided by operating activities has increased by \$4.3 million. This is mainly due to the \$4.9 million increase in grants and contributions which is offset by the increase in employee benefits and on-costs of \$0.5 million.
- Net cash used in investing activities increased by \$0.3 million. This is mainly due to the increase in the purchase of infrastructure, property, plant and equipment of \$3.5 million.
- Net cash flows provided by financing activities increased by \$2.4 million due to the \$2.4 million increase in proceeds from borrowings and advances.

# **FINANCIAL POSITION**

#### **Cash and investments**

| Cash and investments  | 2020 | 2019 | Commentary  |
|-----------------------|------|------|---|
|                       | \$m  | \$m  | -   |
| External restrictions | 33.0 | 30.5 | Externally restricted cash and investments are  |
| Internal restrictions | 16.0 | 14.1 | restricted in their use by externally imposed requirements. The increase of \$2.5 million is  |
| Unrestricted          | 1.2  | 0.3  | primarily due to an increase in specific  |
| Cash and investments  | 50.2 | 44.9 | purpose unexpended grants and unexpended loan funds restrictions.   |
|                       |      |      | <ul> <li>Internally restricted cash and investments<br/>have been restricted in their use by resolution<br/>or policy of Council to reflect identified<br/>programs of works and any forward plans<br/>identified by Council. The increase of<br/>\$1.9 million is primarily due to unfinished<br/>works, cemetery expansion, Leeton Museum<br/>&amp; Art Gallery and election reserve restrictions.</li> <li>Unrestricted cash and investments were<br/>\$1.2 million, which is available to provide<br/>liquidity for day-to-day operations of the<br/>Council. There was a \$0.9 million increase in<br/>the unrestricted cash and investments<br/>balance.</li> </ul> |

## Debt

Council has \$3.8 million of external borrowings (2019: \$1.6 million) which is secured over the revenue of Council. The increase of \$2.4M in external borrowings is for the Leeton Pool and Grandstand projects and remains unexpended as at 30 June 2020.

# PERFORMANCE

#### Performance measures

The following section provides an overview of the Council's performance against the performance measures and performance benchmarks set by the Office of Local Government (OLG) within the Department of Planning, Industry and Environment.

#### **Operating performance ratio**

- The 'operating performance ratio' measures how well council contained operating expenditure within operating revenue (excluding capital grants and contributions, fair value adjustments, and reversal of revaluation decrements). The benchmark set by OLG is greater than zero per cent.
- The operating performance ratio of 8.27% is above the industry benchmark of greater than 0%. This indicates the Council can contain operating expenditures within operating revenue.
- The decrease in operating performance ratio is mainly due to the increase in grants and contributions.

# Own source operating revenue ratio

- The 'own source operating revenue ratio' measures council's fiscal flexibility and the degree to which it relies on external funding sources such as operating grants and contributions. The benchmark set by OLG is greater than 60 per cent.
- The Council's own source operating revenue ratio of 70.93% is above the industry benchmark of 60%. This indicates that the Council is less reliant on external funding sources, such as grants and contributions.
- The Council's own source operating revenue ratio has remained steady year on year.

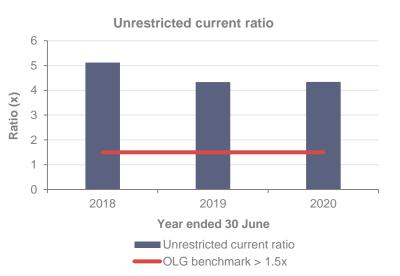

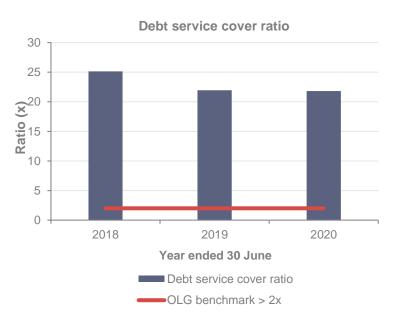

#### **Unrestricted current ratio**

- The 'unrestricted current ratio' is specific to local government and represents council's ability to meet its short-term obligations as they fall due. The benchmark set by OLG is greater than 1.5 times.
- The Council's liquidity ratio of 4.34 times is greater than the industry benchmark minimum of greater than 1.5 times. This indicates that the Council has sufficient liquidity to meet its current liabilities as and when they fall due.
- The Council's unrestricted current ratio has remained steady year on year.

#### Debt service cover ratio

- The 'debt service cover ratio' measures the operating cash to service debt including interest, principal and lease payments. The benchmark set by OLG is greater than two times.
- The Council's debt service cover ratio of 21.82 times is greater than the industry benchmark minimum of greater than 2 times. This indicates that the Council has sufficient operating revenue to service its debt.
- The debt service cover ratio has remained relatively stable year on year. The slight increase is due to the increase in operating result and depreciation expenses.

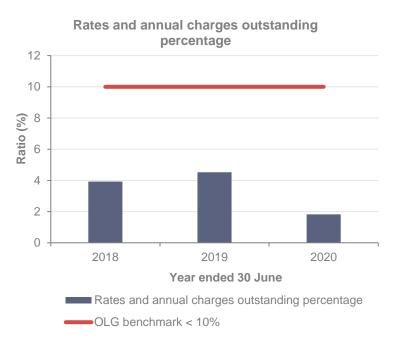

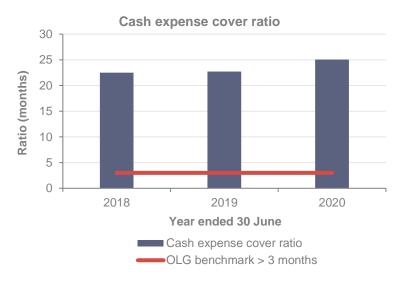

#### Rates and annual charges outstanding per centage

- The 'rates and annual charges outstanding per centage' assesses the impact of uncollected rates and annual charges on council's liquidity and the adequacy of debt recovery efforts. The benchmark set by OLG is less than 10 per cent for regional and rural councils.
- The Council's rates and annual charges outstanding ratio of 1.82% is within the industry benchmark of less than 10% for regional and rural councils.
- The rates and annual charges outstanding per centage has decreased from the previous year and remains below the benchmark for rural councils which is a reflection of sound debt recovery procedures at the Council.

#### Cash expense cover ratio

- This liquidity ratio indicates the number of months the council can continue paying for its immediate expenses without additional cash inflow. The benchmark set by OLG is greater than three months.
- The Council's cash expense cover ratio was 25.05 months, which is above the industry benchmark of greater than 3 months. This indicates that Council had the capacity to cover 25.05 months of operating cash expenditure without additional cash inflows at 30 June 2020.

#### Infrastructure, property, plant and equipment renewals

The Council has renewed \$7.6 million of assets in the 2019–20 financial year, compared to \$6.5 million of assets in the 2018–19 financial year. This mainly relates to roads (\$3.1 million), capital work in progress (\$2.7 million) and specialised buildings (\$1.0 million).

# **OTHER MATTERS**

#### Impact of new accounting standards

# AASB 15 'Revenue from Contracts with Customers' and AASB 1058 'Income for Not-for-Profit Entities'

The Council adopted the new accounting standards AASB 15 'Contracts with Customers' and AASB 1058 'Income of Not-for-Profit Entities' (collectively referred to as the Revenue Standards) for the first time in their 2019–20 financial statements.

AASB 15 introduces a new approach to recognising revenue based on the principle that revenue is recognised when control of a good or service transfers to a customer. AASB 15 impacts the timing and amount of revenue recorded in a councils' financial statements, particularly for grant revenue. AASB 15 also increases the amount of disclosures required.

AASB 1058 prescribes how not-for-profit entities account for transactions conducted on non-commercial terms and the receipt of volunteer services. AASB 1058 significantly impacts the timing and amount of income recorded in a councils' financial statements, particularly for grant income and rates which are paid before the commencement of the rating period.

The Council recognised a \$1.5 million adjustment to opening accumulated surplus at 1 July 2019 on adoption of the new Revenue Standards.

The Council disclosed the impact of adopting the new Revenue Standards in Note 16.

#### AASB 16 'Leases'

The Council adopted the new accounting standard AASB 16 'Leases' for the first time in their 2019–20 financial statements.

AASB 16 changes the way lessees treat operating leases for financial reporting. With a few exceptions, operating leases will now be recorded in the Statement of Financial Position as a right-of-use asset, with a corresponding lease liability.

AASB 16 results in lessees recording more assets and liabilities in the Statement of Financial Position and changes the timing and pattern of expenses recorded in the Income Statement.

The Council did not recognise any right-of-use assets and lease liabilities at 1 July 2019 on adoption of AASB 16.

The Council disclosed the impact of adopting AASB 16 in Note 13.

# Legislative compliance

My audit procedures did not identify any instances of non-compliance with legislative requirements or a material deficiency in the Council's accounting records or financial statements. The Council's:

- accounting records were maintained in a manner and form to allow the GPFS to be prepared and effectively audited
- staff provided all accounting records and information relevant to the audit.

| Note 1 – Significant Accounting Policies   | 7      |
| Auditor's Report on Special Purpose Financial Statements   | 10     |

#### Background

- i. These Special Purpose Financial Statements have been prepared for the use by both Council and the Office of Local Government in fulfilling their requirements under National Competition Policy.
- ii. The principle of competitive neutrality is based on the concept of a 'level playing field' between persons/entities competing in a market place, particularly between private and public sector competitors.

Essentially, the principle is that government businesses, whether Commonwealth, state or local, should operate without net competitive advantages over other businesses as a result of their public ownership.

iii. For Council, the principle of competitive neutrality and public reporting applies only to declared business activities.

These include (a) those activities classified by the Australian Bureau of Statistics as business activities being water supply, sewerage services, abattoirs, gas production and reticulation, and (b) those activities with a turnover of more than \$2 million that Council has formally declared as a business activity (defined as Category 1 activities).

iv. In preparing these financial statements for Council's self-classified Category 1 businesses and ABS-defined activities, councils must (a) adopt a corporatisation model and (b) apply full cost attribution including tax-equivalent regime payments and debt guarantee fees (where the business benefits from Council's borrowing position by comparison with commercial rates).

# **Special Purpose Financial Statements**

for the year ended 30 June 2020

# Statement by Councillors and Management made pursuant to the Local Government Code of Accounting Practice and Financial Reporting

#### The attached Special Purpose Financial Statements have been prepared in accordance with:

- the NSW Government Policy Statement 'Application of National Competition Policy to Local Government',
- the Division of Local Government Guidelines 'Pricing and Costing for Council Businesses A Guide to Competitive Neutrality',
- the Local Government Code of Accounting Practice and Financial Reporting,
- the NSW Office of Water Best-Practice Management of Water and Sewerage Guidelines.

#### To the best of our knowledge and belief, these statements:

- · present fairly the operating result and financial position for each of Council's declared business activities for the year,
- · accord with Council's accounting and other records, and
- · present overhead reallocation charges to the water and sewerage businesses as fair and reasonable.

#### We are not aware of any matter that would render these statements false or misleading in any way.

Signed in accordance with a resolution of Council made on 28 October 2020.

# Notes to the Special Purpose Financial Statements

#### for the year ended 30 June 2020

# Note 1. Significant Accounting Policies

A statement summarising the supplemental accounting policies adopted in the preparation of the Special Purpose Financial Statements (SPFS) for National Competition Policy (NCP) reporting purposes follows.

These financial statements are SPFS prepared for use by Council and the Office of Local Government. For the purposes of these statements, the Council is a non-reporting not-for-profit entity.

The figures presented in these Special Purpose Financial Statements have been prepared in accordance with the recognition and measurement criteria of relevant Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board (AASB) and Australian Accounting Interpretations.

The disclosures in these Special Purpose Financial Statements have been prepared in accordance with the Local Government Act 2093 (NSW), the *Local Government (General) Regulation 2005*, and the Local Government Code of Accounting Practice and Financial Reporting.

The statements are prepared on an accruals basis. They are based on historic costs and do not take into account changing money values or, except where specifically stated, current values of non-current assets. Certain taxes and other costs, appropriately described, have been imputed for the purposes of the National Competition Policy.

The Statement of Financial Position includes notional assets/liabilities receivable from/payable to Council's general fund. These balances reflect a notional intra-entity funding arrangement with the declared business activities.

#### **National Competition Policy**

Council has adopted the principle of 'competitive neutrality' in its business activities as part of the National Competition Policy which is being applied throughout Australia at all levels of government.

The framework for its application is set out in the June 1996 NSW government policy statement titled 'Application of National Competition Policy to Local Government'.

The *Pricing and Costing for Council Businesses, A Guide to Competitive Neutrality* issued by the Office of Local Government in July 1997 has also been adopted.

The pricing and costing guidelines outline the process for identifying and allocating costs to activities and provide a standard for disclosure requirements.

These disclosures are reflected in Council's pricing and/or financial reporting systems and include taxation equivalents, Council subsidies, return on investments (rate of return), and dividends paid.

#### **Declared business activities**

In accordance with *Pricing and Costing for Council Businesses – A Guide to Competitive Neutrality,* Council has declared that the following are to be considered as business activities:

#### **Category 1**

(where gross operating turnover is over \$2 million)

#### a. Water Supply

Comprising the whole of the operations and net assets of Council's water supply activities servicing the towns of Leeton, Yanco, Whitton and Murrami which are established as a separate Special Rate Fund.

#### b. Sewerage Service

Comprising the whole of the operations and net assets of Council's sewerage reticulation & treatment activities servicing the towns of Leeton, Whitton and Yanco, which are established as a separate Special Rate Fund.

#### Category 2

(where gross operating turnover is less than \$2 million) Council has no Category 2 Business Activities

# Notes to the Special Purpose Financial Statements

for the year ended 30 June 2020

## Note 1. Significant Accounting Policies (continued)

#### **Monetary amounts**

Amounts shown in the financial statements are in Australian dollars and rounded to the nearest one thousand dollars.

#### (i) Taxation equivalent charges

Council is liable to pay various taxes and financial duties. Where this is the case, they are disclosed as a cost of operations just like all other costs.

However, where Council does not pay some taxes which are generally paid by private sector businesses, such as income tax, these equivalent tax payments have been applied to all Council-nominated business activities and are reflected in Special Purpose Financial Statements.

For the purposes of disclosing comparative information relevant to the private sector equivalent, the following taxation equivalents have been applied to all Council-nominated business activities (this does not include Council's non-business activities):

#### Notional rate applied (%)

#### Corporate income tax rate - 27.5%

<u>Land tax</u> – the first 692,000 of combined land values attracts **0%**. For the combined land values in excess of 692,001 up to 4,231,000 the rate is **1.6%** + **100**. For the remaining combined land value that exceeds 4,231,000 a premium marginal rate of **2.0%** applies.

Payroll tax – 5.45% on the value of taxable salaries and wages in excess of \$850,000.

In accordance with the Department of Industry (DoI) – Water guidelines, a payment for the amount calculated as the annual tax equivalent charges (excluding income tax) must be paid from water supply and sewerage business activities.

The payment of taxation equivalent charges, referred to in the Dol – Water guidelines as a 'dividend for taxation equivalent', may be applied for any purpose allowed under the *Local Government Act, 1993*.

Achievement of substantial compliance to the Dol – Water guidelines is not a prerequisite for the payment of the tax equivalent charges, however the payment must not exceed \$3 per assessment.

#### Income tax

An income tax equivalent has been applied on the profits of the business activities.

Whilst income tax is not a specific cost for the purpose of pricing a good or service, it needs to be taken into account in terms of assessing the rate of return required on capital invested.

Accordingly, the return on capital invested is set at a pre-tax level - gain/(loss) from ordinary activities before capital amounts, as would be applied by a private sector competitor. That is, it should include a provision equivalent to the corporate income tax rate, currently 27.5%.

Income tax is only applied where a gain/ (loss) from ordinary activities before capital amounts has been achieved.

Since the taxation equivalent is notional – that is, it is payable to Council as the 'owner' of business operations - it represents an internal payment and has no effect on the operations of the Council. Accordingly, there is no need for disclosure of internal charges in the SPFS.

The rate applied of 27.5% is the equivalent company tax rate prevalent at reporting date. No adjustments have been made for variations that have occurred during the year.

#### Local government rates and charges

A calculation of the equivalent rates and charges payable on all category 1 businesses has been applied to all land assets owned or exclusively used by the business activity.

## Notes to the Special Purpose Financial Statements

for the year ended 30 June 2020

## Note 1. Significant Accounting Policies (continued)

#### Loan and debt guarantee fees

The debt guarantee fee is designed to ensure that council business activities face 'true' commercial borrowing costs in line with private sector competitors.

In order to calculate a debt guarantee fee, Council has determined what the differential borrowing rate would have been between the commercial rate and Council's borrowing rate for its business activities.

#### (ii) Subsidies

Government policy requires that subsidies provided to customers, and the funding of those subsidies, must be explicitly disclosed.

Subsidies occur when Council provides services on a less-than-cost-recovery basis. This option is exercised on a range of services in order for Council to meet its community service obligations.

Accordingly, 'subsidies disclosed' (in relation to National Competition Policy) represents the difference between revenue generated from 'rate of return' pricing and revenue generated from prices set by Council in any given financial year.

The overall effect of subsidies is contained within the Income Statement of each reported business activity.

#### (iii) Return on investments (rate of return)

The NCP policy statement requires that councils with Category 1 businesses 'would be expected to generate a return on capital funds employed that is comparable to rates of return for private businesses operating in a similar field'.

Such funds are subsequently available for meeting commitments or financing future investment strategies.

The actual rate of return achieved by each business activity is disclosed at the foot of each respective Income Statement.

The rate of return is calculated as follows:

#### **Operating result before capital income + interest expense**

#### Written down value of I,PP&E as at 30 June

As a minimum, business activities should generate a return equal to the Commonwealth 10 year bond rate which is 1.32% at 30 June 2019.

#### (iv) Dividends

Council is not required to pay dividends to either itself (as owner of a range of businesses) or to any external entities.

Local government water supply and sewerage businesses are permitted to pay an annual dividend from its water supply or sewerage business surplus.

Each dividend must be calculated and approved in accordance with the Department of Industry – Water guidelines and must not exceed:

• 50% of this surplus in any one year, or the number of water supply or sewerage assessments at 30 June 2020 multiplied by \$30 (less the payment for tax equivalent charges, not exceeding \$3 per assessment).

In accordance with the Department of Industry – Water guidelines a Dividend Payment form, Statement of Compliance, Unqualified Independent Financial Audit Report and Compliance Audit Report are required to be submitted to the Department of Industry – Water.

## INDEPENDENT AUDITOR'S REPORT

#### Report on the special purpose financial statements

#### Leeton Shire Council

To the Councillors of Leeton Shire Council

## Opinion

I have audited the accompanying special purpose financial statements (the financial statements) of Leeton Shire Council's (the Council) Declared Business Activities, which comprise the Statement by Councillors and Management, the Income Statement of each Declared Business Activity for the year ended 30 June 2020, the Statement of Financial Position of each Declared Business Activity as at 30 June 2020 and Note 1 Significant accounting policies for the Business Activities declared by Council.

The Declared Business Activities of the Council are:

- Water Supply
- Sewerage.

In my opinion, the financial statements present fairly, in all material respects, the financial position of the Council's declared Business Activities as at 30 June 2020, and their financial performance for the year then ended, in accordance with the Australian Accounting Standards described in Note 1 and the Local Government Code of Accounting Practice and Financial Reporting – update number 28 (LG Code).

My opinion should be read in conjunction with the rest of this report.

## **Basis for Opinion**

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of my report.

I am independent of the Council in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants (including Independence Standards)' (APES 110).

I have fulfilled my other ethical responsibilities in accordance with APES 110.

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as the auditor of councils
- precluding the Auditor-General from providing non-audit services.

I believe the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

## **Emphasis of Matter - Basis of Accounting**

Without modifying my opinion, I draw attention to Note 1 to the financial statements which describes the basis of accounting. The financial statements have been prepared for the purpose of fulfilling the Council's financial reporting responsibilities under the LG Code. As a result, the financial statements may not be suitable for another purpose.

#### **Other Information**

The Council's annual report for the year ended 30 June 2020 includes other information in addition to the financial statements and my Independent Auditor's Report thereon. The Councillors are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprise the general purpose financial statements and Special Schedules (the Schedules).

My opinion on the financial statements does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information. However, as required by the *Local Government Act 1993*, I have separately expressed an opinion on the general purpose financial statements and Special Schedule 'Permissible income for general rates'.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

#### The Councillors' Responsibilities for the Financial Statements

The Councillors are responsible for the preparation and fair presentation of the financial statements and for determining that the accounting policies, described in Note 1 to the financial statements, are appropriate to meet the requirements in the LG Code. The Councillors' responsibility also includes such internal control as the Councillors determine is necessary to enable the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Councillors are responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

## Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to:

- obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the financial statements.

A description of my responsibilities for the audit of the financial statements is located at the Auditing and Assurance Standards Board website at: <a href="http://www.auasb.gov.au/auditors">www.auasb.gov.au/auditors</a> responsibilities/ar4.pdf. The description forms part of my auditor's report.

The scope of my audit does not include, nor provide assurance:

- that the Council carried out its activities effectively, efficiently and economically
- about the security and controls over the electronic publication of the audited financial statements on any website where they may be presented
- about any other information which may have been hyperlinked to/from the financial statements.

M. blizes

Michael Kharzoo Delegate of the Auditor-General for New South Wales

| Plus (or minus) last year's carry forward total  | I                       | (37)                | -                   |
| Sub-total  | n = (l + m)             | (37)                | -                   |
| Total permissible income                         | o = k + n               | 7,633               | 7,430               |
| Less notional general income yield               | р                       | 7,627               | 7,467               |
| Catch-up or (excess) result                      | q = o – p               | 7                   | (37)                |
| Carry forward to next year <sup>6</sup>          | t = q + r + s           | 7                   | (37)                |

#### Notes

(1) The notional general income will not reconcile with rate income in the financial statements in the corresponding year. The statements are reported on an accrual accounting basis which include amounts that relate to prior years' rates income.

(2) Adjustments account for changes in the number of assessments and any increase or decrease in land value occurring during the year. The adjustments are called 'supplementary valuations' as defined in the Valuation of Land Act 1916.

(6) Carry forward amounts which are in excess (an amount that exceeds the permissible income) require ministerial approval by order published in the NSW Government Gazette in accordance with section 512 of the Local Government Act 1993. The OLG will extract these amounts from Council's Permissible income for general rates Statement in the financial data return (FDR) to administer this process.

## **INDEPENDENT AUDITOR'S REPORT**

#### Special Schedule - Permissible income for general rates

#### Leeton Shire Council

To the Councillors of Leeton Shire Council

## Opinion

I have audited the accompanying Special Schedule – Permissible income for general rates (the Schedule) of Leeton Shire Council (the Council) for the year ending 30 June 2021.

In my opinion, the Schedule is prepared, in all material respects in accordance with the requirements of the Local Government Code of Accounting Practice and Financial Reporting – update number 28 (LG Code), and is in accordance with the books and records of the Council.

My opinion should be read in conjunction with the rest of this report.

## **Basis for Opinion**

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Schedule' section of my report.

I am independent of the Council in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants (including Independence Standards)' (APES 110).

I have fulfilled my other ethical responsibilities in accordance with APES 110.

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as auditor of councils
- precluding the Auditor-General from providing non-audit services.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

## **Emphasis of Matter - Basis of Accounting**

Without modifying my opinion, I draw attention to the special purpose framework used to prepare the Schedule. The Schedule has been prepared for the purpose of fulfilling the Council's reporting obligations under the LG Code. As a result, the Schedule may not be suitable for another purpose.

#### Other Information

The Council's annual report for the year ended 30 June 2020 includes other information in addition to the Schedule and my Independent Auditor's Report thereon. The Councillors are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprise the general purpose financial statements, special purpose financial statements and Special Schedule 'Report on infrastructure assets' as at 30 June 2020.

My opinion on the Schedule does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information. However, as required by the *Local Government Act 1993*, I have separately expressed an opinion on the general purpose financial statements and the special purpose financial statements.

In connection with my audit of the Schedule, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Schedule or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

#### The Councillors' Responsibilities for the Schedule

The Councillors are responsible for the preparation of the Schedule in accordance with the LG Code. The Councillors' responsibility also includes such internal control as the Councillors determine is necessary to enable the preparation of the Schedule that is free from material misstatement, whether due to fraud or error.

In preparing the Schedule, the Councillors are responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

## Auditor's Responsibilities for the Audit of the Schedule

My objectives are to:

- obtain reasonable assurance whether the Schedule as a whole is free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the Schedule.

A description of my responsibilities for the audit of the Schedule is located at the Auditing and Assurance Standards Board website at: <a href="http://www.auasb.gov.au/auditors\_responsibilities/ar8.pdf">www.auasb.gov.au/auditors\_responsibilities/ar8.pdf</a>. The description forms part of my auditor's report.

The scope of my audit does not include, nor provide assurance:

- that the Council carried out its activities effectively, efficiently and economically
- about the security and controls over the electronic publication of the audited Schedule on any website where it may be presented
- about any other information which may have been hyperlinked to/from the Schedule.

M. blizes

Michael Kharzoo Delegate of the Auditor-General for New South Wales

29 October 2020 SYDNEY

<sup>(a)</sup> Required maintenance is the amount identified in Council's asset management plans.

#### Infrastructure asset condition assessment 'key'

- 1 Excellent/very good No work required (normal maintenance)
- 2 Good Only minor maintenance work required
- 3 Satisfactory Maintenance work required
- 4 Poor Renewal required
- 5 Very poor Urgent renewal/upgrading required
