

LEETON

SHIRE COUNCIL

Revenue Policy Including Fees and Charges

2023/2024

Revenue Policy

This document constitutes the Leeton Shire Council Revenue Policy and is prepared in accordance with Section 405 of the Local Government Act 1993.

Each year Council is required to determine fees and charges for services it provides. In the setting of the fees for its goods and services, the Council is endeavouring to adopt a "user-pays" principle, while being ever mindful of the capacity of the client to pay the fees being set out. Accordingly, the fees set by Council in some cases will not recover the full cost of providing the goods and services. The fees and charges are made up of fees provided under relevant Acts and fees determined by Council.

Section 608 (1) of the Local Government Act 1993 (Act), provides that " a Council may charge and recover an approved fee for any service it provides."

Section 608 (2) describes the services for which an approved fee may be charged. These include:

- Supplying a service, product or commodity.
- Giving information.
- Providing a service in connection with Council's regulatory functions.
- Allowing admission to any building or enclosure.

Effect of other Acts

Section 610 (1) If the amount of a fee for a service is determined under another Act:

- Council may not determine an amount that is inconsistent with the amount determined under the other Act, and
- Council may not charge a fee in addition to the amount determined under the other Act.

Section 610 (2) If the charging of a fee for a service is prohibited under another Act, a Council must not charge a fee for the service under this Act.

The Revenue Policy includes the following for the year 2023/2024:

- Fees and Charges
- Ordinary Rates - Rating Categories
- Rates and Charges Increases
- Sewerage Charges
- User Charges - Water
- Waste Management Charges
- Stormwater Management Charges
- Liquid Trade Waste Charges
- Private Works
- Statement of Borrowings
- National Competition Policy
- Subsidy Guidelines

While every effort has been made to cover all fees and charges applicable to 2023/2024, a need may arise to introduce a new fee or charge that is unforeseen at this time. Changes to the application of GST may occur if the current legislation changes during the year. Any changes to the application of the GST will be altered as soon as notification is received.

The Statutory fees and charges that have been included in this document are the last advertised charges that were available to Council at the time of producing this document and may change post adoption.

Fees and Charges

Establishment of a Fee or Charge

The key steps to identifying a fee or charge are:

- Identifying which activities, functions or programs to which a fee or charge will apply.
- Identifying the full cost of providing the service.
- Identifying and quantifying Community Service Obligations.
- Confirming and agreed pricing policy for the Council.
- Confirming the agreed fee or charge to be levied.
- Confirming if any subsidies on the fee or charge will apply.

The fees and charges included in this document will be charged to all of Council's clients that avail themselves of the Council's goods and services.

Codes have been used to distinguish between each policy (as shown below), and these appear beside the various fees contained in this document to be charged in the ensuing year.

A These items are priced at the figure stipulated by legislation.

At the time of adoption, fees classified as Type A, that is fees charged under relevant legislation were current. Subsequent changes to legislation may alter the price and the new price will be added to the Fees and Charges schedule commencing from the date authorised by the amended legislation

C These items are priced so as to return a total cost recovery for the activities provided.

D These items are priced to cover the cost of the item plus normal commercial mark-ups.

E These items are priced below the cost of providing this activity as Council considers that full cost recovery would deprive members of the community of the ability to participate/ enjoy these activities.

F As approved by NSW Water, Department of Primary Industries, and adopted as Council policy.

There is no "B"code used in the pricing policy.

The Statutory fees and charges that have been included in this document are the last advertised charges that were available to Council at the time of producing this document and may change on 1 July 2022. Where a discrepancy exists between legislated and listed Charges then the Legislated Charge will prevail.

Goods and Services Tax

Those goods and/or services that are subject to GST have been identified in the attached Schedule of Fees and Charges by the description of Taxable and have GST included in the price.

Commercial Sensitivity

Where a fee or charge can be subjected to commercial competition, the cost of such charges has been classified as "Price on Application" (POA) to ensure Council's competitive position. A quotation can be supplied that will list the various components of the fee or charge on request.

Interest Charges

Council is responsible for fixing, by formal resolution, the level of interest penalties to apply in respect of all overdue accounts.

In respect of rates and charges the maximum level of interest is determined each year and advised to Council by the Office of Local Government. Section 566 (3) states "*the rate of interest is set by Council but must not exceed the rate specified for the time being by the Minister by notice published in the Gazette.*" Council will apply the maximum amount of interest on the basis that it provides a penalty to those ratepayers who fail to meet their obligations in regard to rates outstanding. This is done bearing in mind that in relation to rate payments:

- There are several payment options available to ratepayers;
- It is a foreseeable expenditure;
- Ratepayers with hardship are able to apply to Council for consideration.

Council proposes to apply the maximum permissible rate of interest payable on outstanding rates and charges at a simple rate calculated daily.

The maximum rate announced by the Minister for Local Government for the 2023/2024 period is **9.0 per cent**. Council will adopt the rate confirmed by the Minister and this rate will be applied to overdue rates, water and sewer charges accounts.

The discretion to write off extra charges can be exercised if special circumstances can be demonstrated by the ratepayers involved. A request in writing will be required.

Interest will be calculated 4 days after the account is past due and calculated daily.

Proposed Rates and Rating Categories

The Independent Pricing and Regulatory Tribunal (IPART) has determined that Council's general income may be increased up to 3.7 per cent under section 506 of the Local Government Act 1993 for the rating year commencing 1 July 2023.

Rating Method

The Local Government Act 1993 provides Council with the following three alternative methods of levying rates:

- Solely ad valorem rating i.e. cents in the \$ on land value.
- Minimum rate plus ad valorem rate.
- A base amount of up to 50% of the total yield required to be raised from a category or sub-category of a rate and applied to all rateable parcels within that category or sub-category plus an ad valorem rate to raise the additional required.

Council currently uses the base rate plus ad valorem rate, a method that has been in operation for many years and has proved satisfactory.

Rates Statement

Rates are levied on the land value of the property as determined by the Valuer General and in accordance with the Local Government Act 1993.

Categorisation of Land

Council in accordance with Section 514 Local Government Act 1993 must declare each parcel of rateable land in its area to be within one of the following categories:

- Residential
- Business
- Farmland
- Mining

Categorised as Residential

(Section 516 Local Government Act 1993)

Land is to be categorised as **residential** if it is a parcel of land valued as one assessment and:

- its dominant use is for residential accommodation (otherwise than as a hotel, motel, guest house etc.); or
- in the case of vacant land, it is zoned or designated for residential purposes; or
- it is rural residential land

Categorised as Business

(Section 518 Local Government Act 1993)

Land is to be categorised as **business** if it cannot be categorised as farmland, residential or mining.

Categorised as Farmland

(Section 515 Local Government Act 1993)

Land is to be categorised as **farmland** if it is a parcel of rateable land valued as one assessment and its dominant use is for farming which:

- has significant and substantial commercial purpose or character, and
- is engaged in for the purpose of profit on a continuous or repetitive basis (whether or not a profit is actually made).

Land is not to be categorised as farmland if it is rural residential land.

The regulations may prescribe circumstances in which land is or is not to be categorised as farmland.

Categorised as Mining

(Section 517 Local Government Act 1993)

Land is to be categorised as **mining** if it is a parcel of rateable land valued as one assessment and its dominant use is for a coal mine or metalliferous mine.

The regulations may prescribe circumstances in which land is or is not to be categorised as mining.

Rate Structure for 2023/2024

The table below shows the adopted rates for 2023/2024 using the base rate with ad valorem calculation. The rate increase that has been adopted is 3.7% in line with the Rate Peg.

Category	Ad Valorem Cents per \$	Base Amount \$	2022/2023 Notional Yield \$
RESIDENTIAL	0.00462483	502	4,219,678
BUSINESS	0.00666703	349	689,755
FARMLAND	0.00429114	771	3,205,332

Sewerage Charges for 2023/2024

The proposed increase in the total yield for sewerage charges in 2023/2024 is a notional 7.5 percent.

Residential

An annual charge of \$ 720.00 per assessment is to apply to all residential assessments within the Leeton, Yanco and Whitton Sewerage Local Rate Area. This is expected to yield \$ 2,261,520.

Non-Residential

The usage charge is proposed to be \$ 1.25 cents per kilolitre with a minimum charge equivalent to the Residential charge of \$ 720.00 (\$240/trimester).

The non-residential sewer access charge is calculated by reference to the estimated quantity of waste water returned to the sewerage network. This is calculated, on a per billing period basis, by using the meter size as shown below multiplied by the Sewerage Discharge Factor.

Meter Size	2023/2024 (\$)	2022/2023 (\$)
20mm	153.00	142.00
25mm	240.00	223.00
32mm	392.00	365.00
40mm	613.00	571.00
50mm	957.00	891.00
80mm	2,450.00	2,283.00
100mm	3,827.00	3,566.00
150mm	8,611.00	8,023.00
200mm	15,308.00	14,263.00

The non-residential sewerage access and user charge is estimated to raise \$ 697,568.

Accounts for the combined sewerage access and usage charge will be issued in September, January and May of each calendar year coinciding with the water accounts being issued.

User Charges for 2023/2024

Water Charges

Council has adopted the Best Practice Guidelines (BPG) for water pricing in accordance with NSW Department of Primary Industry - Water requirements and as such incorporates access charges based on the meter size formula as specified in three BPG. The consumption charges are based on volume used as measured by the water meters installed at each property. These meters are read three times per annum. The meter sizes used to calculate the access charges are listed below.

Meter Size	2023/2024 (\$)	2022/2023 (\$)
20mm	319.00	295.00
25mm	319.00	295.00
32mm	811.00	750.00
40mm	1,265.00	1,170.00
50mm	2,034.00	1,881.00
65mm	3,439.00	3,180.00
80mm	5,210.00	4,817.00
100mm	7,787.00	7,200.00
150mm	13,673.00	12,643.00

In 2023/2024 the residential water access charge is expected to yield \$1248953 while the non-residential water access charge is expected to yield \$ 403880.

Consumption Charges

Residential and Farmland

Council is continuing to use a 3 tier user charge structure for residential and farmland properties excluding strata units. Strata units generally only have a master meter so the tier structure is not a suitable or equitable method of charging. On these properties Council has elected to use a flat rate for any consumption charges. Those strata units that do have individual meters will be charged using the 3 tier method.

Usage per kilolitre	2023/2024	2022/2023
For the first 300kl	1.25	1.25
From 301kl to 600kl	1.92	1.75
Thereafter	3.41	3.10
Strata Properties master meter	2.11	1.92

The BPG requires at least 75% of overall residential water revenue be raised from user charges. As this was not historically how Council charged its fees they are in the process of making changes that will be phased in over a period of time so as to not adversely affect users. It is important that the BPG is achieved as it will assist Council in satisfying the criteria for future grant funding of major water and sewer projects.

A consumer using the average annual residential consumption of around 400kl will pay an additional \$41 total water charge in 2023/2024 over what would have been paid in 2022/2023. This is an increase of about 4.9% in the total charge (including a consumption charge increase of 3.1%).

The increases in the charges are required to ensure that Council's water fund achieves the following objectives:

- A surplus operating position is achieved so that the fund is financially sustainable on a long term basis.
- Council is required to comply with the Best Practice Pricing Guidelines which stipulates that the charges must be raised on a 75% usage and 25% access charge.
- The continued viability of the water supply fund is essential so that a safe and reliable network is maintained.
- Any additional revenue will also be used to renew ageing infrastructure and fund ongoing asset renewal in accordance with Council's adopted Asset Management Plans. Water charges are restricted under the Local Government Act and can only be used for water supply purposes.

Industrial and Commercial

The consumption charges for 2022/2023 are proposed to be set at two levels as shown below.

Usage per kilolitre	2023/2024	2022/2023
For the first 300kl	1.25	1.18
Thereafter	1.92	1.70

Waste Management Charges

Under the Local Government Act Council must make and levy an annual charge for the provision of waste management services for each parcel of rateable land. Council has reviewed the waste management operations in order to determine the appropriate current and future costs to be included as part of the reasonable costs determination. The Act does not allow for the subsidisation of domestic waste management from general rates revenue, nor does it allow for the revenue raised from the charge to be spent in any area other than waste management.

Council charges an annual Landfill Management Fee to all assessments. Where an assessment has additional waste collection services an additional charge will apply for each additional service.

Additional waste collection services can be provided. The costs of this service are listed in the table below.

Council will apply a Commercial Waste Management charge to all commercial properties. These fees are charged on the basis of each property serviced multiplied by the number of services provided.

Waste Management Charges	2023/2024	Estimated Yield	Qty
Landfill Management Charge Each unoccupied but servicable parcel of rateable land and each parcel of land not serviced (GST inc*)	72.00	79,128	1,099
Kerbside Collection Charge Each parcel of rateable land for which the service is available, per service. 240 litre receptacle supplied by Council.	330.00	1,394,910	4,227
Non domestic service per service provided. 240 litre receptacle supplied by Council.	330.00	211,200	640
Each parcel of non-rateable land for which the service is available, per service. 240 litre receptacle supplied by Council.	330.00		

Recycling Service

Council provides a fortnightly recycling service to residential properties and gives the option where available to non-residential and non-rateable properties. This service allows residents to recycle more resulting in a reduction in waste having to be disposed to landfill. This service allows maximum recovery of resources, helps reduce greenhouse gas emissions and prolongs the life of the landfill.

Additional recycling collection services can be provided. The cost of this service are listed in the table below.

Recycling Service	2023/2024	Estimated Yield	Qty
Kerbside collection Charge			
Each parcel of rateable land for which the service is available and occupied, per service. 240 litre receptacle supplied	165.00		
Non-residential property for which the service is available and requested, per service. 240 litre receptacle supplied by	165.00		
Non-rateable property for which the service is available and requested, per service. 240 litre receptacle supplied by	165.00		
		719,400	4,360

Stormwater Management Service Charge

(Section 496A Local Government Act 1993)

The Act provides Council with the ability to make and levy a charge for the provision of stormwater management services for each parcel of rateable land for which the service is available. This charge will be expended on identified projects to alleviate drainage and stormwater problems in urban areas.

Income raised from this charge will also be spent to fund new projects, which when approved by Council will be incorporated into an overall Stormwater Management Plan for urban areas within Leeton Shire.

Projects included in the Stormwater Management Plan will be additional to the existing recurrent level of expenditure allocated for drainage maintenance and infrastructure works.

Property Type	2023/2024	Yield	2022/2023
Residential rated properties	25.00		25.00
Business rated properties	25.00		25.00
Strata Properties per unit	12.50		12.50
Quantity	3,800	95,000	

Onsite Sewerage Management System (OSSM)

(Section S68 Approvals Local Government Act 1993)

The Act provides Council with the ability to make and levy an administration service fee for the provision of OSSM Licence to Operate for all properties where an OSSM is installed. This fee has been set at \$ 15.00 per OSSM and is expected to raise approx. \$25,000.

Liquid Trade Waste Charges

Fees and charges for Liquid Trade Waste are broken up into two components as shown below:

- An annual fee for management of liquid waste.
- A usage charge based on the volume discharged into the sewer measured by water consumption multiplied by a Trade Waste Discharge Factor multiplied by a treatment cost.

Type	2023/2024	2022/2023
Annual Fee for management of liquid trade	219.00	204.00
Category 1 - Dischargers where	0.00	0.00
Category 1 - Dischargers without	2.45	2.28
Category 2 - Dischargers where	2.45	2.28
Category 2 - Dischargers without	21.70	20.19

Private Works

Council may by agreement with the owner or occupier of any private land carry out on the land any kind of work that may lawfully be carried out on that land. These works are called Private Works and Council has not set a standard charge to carry out these works, so each one will be priced individually.

When calculating the cost of carrying out these works Council will cover all direct costs and overheads and where appropriate add a profit element. The profit element of pricing will vary depending on the relevant organisations, taking into account considerations of service to the community and general market competitiveness.

Private works may include but not limited to:

- Kerb and gutter construction,
- Road and associated works contribution,
- Drainage contribution,
- Water supply related works, and
- Sewerage and drainage connections.

Private works charges will therefore be calculated on the basis of the cost to Council, normal market values plus a margin of 20 percent to cover administration and overhead costs. The total calculated cost will be subject to GST.

It is strongly recommended that a quotation/estimate be obtained from Council prior to requesting or ordering private works undertakings.

All private works must be authorised by the client and the client must agree to pay the estimated cost prior to the work commencing.

The Plant Hire Rates for each item of Council plant are available by contacting Council. All plant must be operated by Council staff and this cost will be supplied on request.

It should be noted that Council's capacity to perform private works is very limited.

Statement of Borrowings

Council anticipates borrowing the following amounts in 2023/2024:

Brought forward from prior year:-

- Vance Estate Expansion 5,587,711
- Roxy Theatre Redevelopment 5,000,000

2023/24 Total: 10,587,711

Council's existing borrowings as at 1 July 2023 are:

- Petersham Road Works 67,633
- Ovals 235,783
- Showground Grandstand 145,166
- Leeton Pool Refurbishment 1,985,986
- LELC Expansion 573,000

Total: 3,007,567

Budgeted Total: 13,595,278

The Local Government Act 1993 requires Council to include in its Operational Plan a statement of principal activities of a business or commercial nature to be undertaken by Council.

In assessing Council's activities it has been determined that Council's Water Supply and Sewerage Supply operations have over a \$2.0m turnover as so are classified as a Category 1 business which means that the business is to adopt a corporate and commercial approach to how it operates. This includes the removal or disclosure of subsidies and appropriate pricing policies.

As at 30 June, 2022 the Statement of Financial Position of both Category 1 businesses reveal the following net assets resulting from operations.

Business	Retained Earnings	Revaluation Reserves
	\$'000	\$'000
Water Supply	25,623	34,228
Sewerage Supply	21,029	25,867

Council has established a complaints handling mechanism to deal with any competitive neutrality complaints against the Council for the manner in which it has conducted its operations. Council has not received any complaints in relation to competitive neutrality principles as at the date of preparing this policy.

Subsidies Granted by Council

	Property Owners in the below Groups	
80%	Group 1 - Religious Organisations	\$16,513
90%	Group 2 - Charitable Organisations	\$8,855
90%	Group 3 - Not-for-Profit	\$1,650
	Total Subsidies Allowed for 2022-2023	\$106,706

Subsidy Guidelines

Community facilities are Council owned buildings/facilities and reserves which are used by community based not-for-profit groups to provide recreational, cultural, sporting and community service activities.

Community facilities are often, but not always, situated on Council Land, public open space or Crown Land for which Council has long term management and legislative responsibility.

Those fees and charges that include reduced fees for Community Groups and Not-For-Profits will not fall under this Subsidy Guideline.

Council may assist community users by providing a subsidy for rent or against Council's adopted fees and charges. Council offers a maximum subsidy of up to 50% for sporting groups and 90% for front line services.

Council seeks to ensure that the cost to Council of the provision of community facilities is absolutely open and transparent. Council has a fiduciary responsibility to all ratepayers and must clearly identify the actual cost of all rental subsidies.

A community group or user may also request a waiver on Council's adopted fees and charges. Fee waivers must be approved by Council.

Rental subsidies will be as specified in the legal agreement. The use of Community property other than as specified in Council's adopted fees and charges must be documented by a lease or licence using a contestable process to satisfy legislative requirements. Users will not be allowed to occupy Community property without legal tenure.

The level of the rental subsidy will be determined against the market rental value shown in the legal agreement.

Community groups and organisations using Council's properties will be required to report annually on performance indicators in relation to the facility and the group's activities. Council will provide guidance and advice on the collection of this information. Council insists on the highest level of transparency in the management of its properties.

In all cases the level of subsidy will be reviewed on an annual basis. The review does not imply a change in the level of subsidy but is required so that Council is fully informed on the total level of subsidies being applied to fulfil the requirements of State Government legislative requirements in relation to the provision of facilities on Operational land, Community land, Crown public recreation reserves and open space.

The following information may be sought from Community groups and Organisations claiming Council subsidies:

- Financial Statements, Annual Reports and Articles of Incorporation;
- Proof of charitable status;
- Residential status of participants and
- Other information to clarify the nature of the group or activity.

Subsidy Category Criteria

The category criteria are documented in the table below.
